

## OFF-ROAD VEHICLE LAW ENFORCEMENT GRANT PROGRAM OVERVIEW AND INSTRUCTIONS

### AUTHORIZING LEGISLATION

Part 811, Off-Road Vehicles (ORV), of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended, authorizes the Department of Natural Resources (DNR) to provide grants to county sheriff departments for enforcement of this Part.

### ELIGIBLE APPLICANTS, REVIEW CRITERIA

County sheriff departments in Michigan are eligible to apply for an ORV law enforcement grant. The number of ORV trail miles within the county will be considered as part of the grant allocation process. Additional review criteria include: the number of law enforcement personnel available for ORV law enforcement work; the estimated number of ORVs in the county and are brought into the county for use on trails; the estimated number of days that ORVs may be used within the county. Refer to Section 81119 (4), Part 811, 1994 PA 451, as amended. This funding is not meant to support enforcement of local ordinances enacted pursuant to Section 81131, Part 811, 1994 PA 451, as amended.

Review the information provided in this program overview and instructions for guidance on eligibility and due dates. Fill out the application form completely and provide the county's Federal Identification Number. Attach an up-to-date equipment inventory, even if not requesting funds to purchase new equipment. Obtain the signature of an authorized person for the county and mail the application to the address shown on the form. Be sure to retain a copy of the application for your records.

### Calculating Costs for Personnel

Use the calculations on the grant application form to estimate total costs. Be sure to include any premium pay and benefits for personnel working in the program. Refer to the listing of Eligible and Ineligible items in this publication.

### Calculating Costs for Patrol/tow Vehicle

Any one or a combination of the three methods shown below may be used for calculating an estimate of patrol/tow vehicle costs. Use only one method per vehicle.

1. Actual Cost: The grant program will reimburse actual costs of fuel, oil, maintenance, and repair of vehicles used for ORV law enforcement program purposes. Provide an estimate of total costs using the calculations shown below as a guide.

(# vehicles \_\_\_\_ X # estimated miles/vehicle \_\_\_\_\_) / (average miles/gallon \_\_\_\_ ) = # gallons of fuel \_\_\_\_\_  
(# gallons of fuel \_\_\_\_\_) X (estimated average price per gallon \_\_\_\_\_) = total estimated fuel cost \$ \_\_\_\_\_

TOTAL EST. FUEL COST + TOTAL EST. OIL COST + TOTAL EST. MAINTENANCE/REPAIRS = \$ \_\_\_\_\_

2. Lease: The grant program will reimburse up to \$300 per month plus actual cost of fuel and oil for the number of months the vehicle was used primarily for ORV law enforcement program purposes. Use the calculations shown for Actual Cost to estimate the total fuel and oil costs. Maintenance and repair costs for leased vehicles are not reimbursable through the grant program.

(# vehicles \_\_\_\_ X cost of lease/month/vehicle \_\_\_\_ X # months \_\_\_\_ = total cost of vehicle leases \$ \_\_\_\_\_

TOTAL COST OF VEHICLE LEASES + TOTAL EST. FUEL COST + TOTAL EST. OIL COST = \$ \_\_\_\_\_

3. Mileage Rate: Use the current state standard mileage rate provided by the DNR to calculate the total estimated amount reimbursed with this method, as shown below. The mileage rate is intended to cover the cost of fuel, oil, and maintenance of the vehicle and, therefore, these costs are not reimbursable as additional expenses.

(# vehicles \_\_\_\_ X # est. miles/vehicle \_\_\_\_\_) X (State mileage rate \_\_\_\_\_) = total est. reimbursable \$ \_\_\_\_\_

TOTAL ESTIMATED REIMBURSABLE AMOUNT USING MILEAGE RATE = \$ \_\_\_\_\_

### Applying for Equipment Funding

List items requested for funding. Indicate cost based on quotes or close estimate. Include an up-to-date equipment inventory with the grant application; this is required in order to be considered for funding.

### Additional Documentation

Provide an up-to-date equipment inventory with the grant application, even if not requesting funds for purchase of new equipment. These are used by DNR as references for equipment used in the program.

### **GRANT REIMBURSEMENT**

Grant reimbursements will be for items authorized in the grantee's grant agreement, and as documented by the grantee. The total grant payment will be up to 100 percent of actual expenditures, up to the amount shown on the grant agreement or subsequent amendments. The grantee is responsible for the balance of the cost of its law enforcement program not covered by the grant.

Grant payment is done on an annual basis, upon receipt of a grantee's State Aid Voucher, Annual Activity Report, and all other required documentation. A separate payment may be made for approved equipment purchases, upon request by the grantee.

Find the ORV Law Enforcement Grant Program State Aid Voucher form and detail sheets (PR1988-2) on the DNR website [www.michigan.gov/dnr](http://www.michigan.gov/dnr) by following the menu prompts to ORV Law Enforcement Grant Program. 2. Fill in the law enforcement agency name, the treasurer's name and address, county name, and the grant period beginning and ending dates. The effective dates of the grant can be found on your grant agreement.

1. Fill in the county name at the top of the page.
2. Provide the date paid, pay period dates, voucher number, employee name, hours worked, pay rate, and amount paid information as shown on the form. Use as many sheets as necessary to include all of the payroll expenditures attributed to this program. If multiple sheets are used, provide a subtotal for each page, and a grand total for the last page.
3. After the list of payroll expenditures (on the last page used), show the percentage rate and amount paid for fringe benefits. This should include a percentage rate and dollar amount for each of the following: FICA, medical/dental insurance, retirement, workman's compensation and unemployment insurance. It only needs to be shown once for each type of benefit package (not for each pay period).

Detail Sheet – Contractual Services, Supplies, and Materials (CSS&M):

1. Fill in the county name at the top of the page.
2. Provide a listing of items purchased or services obtained during the grant period. Include all of the information requested on the form. Personal gear such as boots, goggles, helmets, in-helmet microphones, would be listed here. Do not include equipment purchases; use the equipment detail sheet.
3. For vouchers in the amount of \$100 or more, provide a copy of the invoice/receipt and a copy of the cancelled check (front and back) or bank statement showing that the invoice was paid.
4. For patrol/tow vehicle:

- ❖ List expenditures only for the time period the vehicle was actually used primarily for ORV law enforcement purposes.
- ❖ Calculate expenditures based on any one or combination of the following three methods. Use only one method per vehicle.

Actual Cost: Report the total actual cost of fuel, oil, and maintenance/repair. Retain records and receipts in the county file for fuel and oil. For maintenance or repair costs of \$100 or more, provide a copy of the invoice and the cancelled check (front and back) or bank statement showing that the invoice was paid.

Lease: The grant program will reimburse up to \$300 per month plus actual cost of fuel and oil for the number of months the vehicle was used in the ORV program. Provide a copy of the lease agreement with your State Aid Voucher packet. Indicate the total cost of leasing vehicles for the grant period, and the total actual cost of fuel and oil for the same period. Retain records and receipts in the county file for fuel and oil.

Mileage Rate: Use the current mileage rate provided by the DNR to calculate the total amount to be reimbursed. The mileage rate is intended to cover the cost of fuel, oil, and maintenance of the vehicle and therefore these costs are not reimbursable as additional expenses.

5. For ORVs and Trailers:
  - ❖ Cost of parts and labor are reimbursable through the grant program. List cost and type of mechanical work done on each ORV and/or trailer during the grant period. For maintenance or repair costs of \$100 or more, provide a copy of the invoice and the cancelled check (front and back) or bank statement showing that the invoice was paid.
  - ❖ Indicate total actual expenditures for fuel and oil based on documentation retained in county files. Supporting documentation for fuel and oil expenditures is not required to be submitted with the State Aid Voucher, but may be requested by the DNR.

Detail Sheet – Equipment:

1. Be sure the county grant agreement specifies equipment approved for purchase and indicates a grant amount for that purchase.
2. Fill in the county name at the top of the page.
3. Provide a listing of equipment purchased during the grant period. Include all of the information requested on the form. Subtract the value of any trade-in items to arrive at the actual amount paid for each item or group of items.

Activity Report Form (PR1988-4):
