The Applicant must inform the Application Coordinator (address and telephone number are provided at the end of these instructions) of any significant changes that occur or are discovered during the application review period. Amended forms must be promptly submitted if any changes occur, which materially affect the accuracy of the forms filed in support of the application.

8. Provide a completed affiliate disclosure statement for each Officer and Trustee.

9. Business Plan:

The business plan should be an integral part of the management and oversight of a MEWA. The plan should be comprehensive, developed through in-depth planning by the MEWA's organizers and management. It should establish the MEWA's goals and objectives. The business plan should cover three years and provide detailed explanations of actions that are proposed to accomplish the primary functions of the MEWA. The description should provide enough detail to demonstrate that the MEWA has a reasonable chance for success, will operate in a safe and sound manner, and will operate in compliance with Chapter 70 of the Insurance Code.

The Business Plan should include:

- Table of Contents
 - Executive Summary
 - Description of Business
 - A. Purpose of the MEWA.
 - B. Identification of members.
 - C. List and describe the general terms of the planned products and services to be offered (health, dental, etc.).
 - D. Explain if a Third Party Administrator (TPA) will be utilized and how the TPA was selected, if applicable.
 - E. Explain how the MEWA can control costs more efficiently than a health insurer.
 - F. Explain what safeguards the MEWA will use to monitor and control any outside contractors or service providers that it will utilize.
 - G. Explain how claims will be processed.
 - H. Explain sources of MEWA funding, how members will be assessed, and any limitations on assessments. Describe sources of additional funding should it become necessary.
 - I. Discuss investment policies.
 - J. State who will be performing the audit functions for the MEWA.
 - K. Describe the MEWA's current and/or proposed accounting and internal control systems.
 - L. Disclose any pledged assets or loans.
 - M. Describe the economic forecast for the first three years of the plan. The plan should cover the most likely scenario and discuss possible economic downturns. Indicate any national, regional, or local economic factors that may affect the operations of the MEWA. Include an analysis of any anticipated changes in the market, the factors influencing those changes, and the effect they will have on the MEWA.
 - N. Describe the organizational structure and provide an organizational chart indicating the number of officers and employees. Describe the duties and responsibilities of the trustees and any senior officers. Describe any committees that are or will be established, if applicable.
10. TPA arrangement: Describe how the TPA was selected (if applicable), and what safeguards the MEWA has developed to monitor the TPA functions. A copy of the contract with the TPA must be submitted with the application. A copy of the TPA's fidelity bond must also be provided, along with justification of the level of coverage.
11. Submit detailed plan describing how the MEWA will handle claims in the event of dissolution. The director will evaluate these procedures based on each MEWA's individual circumstances.

12. Financial Statements and Projections: Projections and assumptions should be calculated on Exhibit 1 provided in the application. Applicant should clearly outline the assumptions used to develop the projections. The projections should be for three years, a current financial statement must also be provided. The Applicant should also disclose the source of the MEWA's funding.
13. Submit proof of the fidelity bond. Justification must also be submitted on how the MEWA arrived at the level of coverage for the fidelity bond.
14. Submit an actuarial opinion. The actuarial opinion should discuss the pricing and the modeling used to develop the rates and the methodology used.
15. The MEWA must provide a deposit for the protection of subscribers at a level deemed appropriate by the director. This must be set up with the Department of Treasury and in a form acceptable to the director. The amount of the deposit will be evaluated based on each MEWA's individual circumstances and risk factors. One of the major risk factors will be the premium volume. After review and analysis of the application, DIFS will notify Applicant of the deposit amount required. The MEWA will need to set up the deposit with the Department of Treasury.
16. Cash reserves: Within 60 days after the end of each fiscal quarter, the MEWA must submit a report certifying it maintains the minimum cash reserves as required under Section 500.7040 (1)(c), of the Michigan Insurance Code. This code section requires the MEWA to maintain minimum cash reserves of not less than 25% of the aggregate contributions in the current fiscal year or not less than 35% of the claims paid in the preceding fiscal year, whichever is greater. Reserves shall be calculated with proper actuarial calculations of all of the following: known claims, paid and outstanding; a history of incurred but not reported claims; claims handling expenses; unearned premiums; an estimate for bad debts; a trend factor; and a schedule of premium contributions, rates and renewal projections. The cash reserves established shall be maintained in a separate, identifiable account and shall not be commingled with other funds of the MEWA.
17. Letter of Credit in lieu of cash reserves: Cash reserves as defined in the statute mean federally guaranteed obligations that have a fixed recoverable principal amount, or an irrevocable and unconditional letter of credit. The MEWA needs to submit to the director, within 60 days after the end of each fiscal quarter, a report certifying it maintains the minimum cash reserves. A letter of credit can be counted towards cash reserves. Letters of credit must be irrevocable, unconditional and acceptable to the director and drawn on a federally insured financial institution.
18. Proof of excess loss insurance: A MEWA must submit for the director's approval a copy of its excess loss insurance. Retention of more than \$25,000 will need justification on why this amount would not be detrimental to the solvency and stability of the MEWA, considering the MEWA's past and expected experience, size, reserves, contribution rates, and proposed excess rates. The director may require the MEWA to obtain an aggregate excess loss policy, if it is determined that coverage is necessary. If more than one excess loss policy is obtained, the policy expiration dates shall be the same. The excess loss insurance will indemnify the MEWA for all losses in excess of a specified amount per covered person, per year, for all medical, surgical, hospital care, accident, disability, or death benefits the MEWA offers. It may be in the form of incurred basis stop-loss insurance. Required excess loss insurance policies shall be noncancelable for a minimum of one year for any cause except nonpayment of premium, for which the MEWA shall be given a minimum grace period of 31 days. The insurance shall be issued by an insurer authorized

to do business in this state, in an amount approved by the director. The binder or policy shall provide not less than 30 days' notice of cancellation to the director.
