

STATE OF MICHIGAN  
DEPARTMENT OF EDUCATION  
LANSING

THOMAS D. WATKINS, JR.  
SUPERINTENDENT OF  
PUBLIC INSTRUCTION

JENNIFER M. GRANHOLM  
GOVERNOR

June 28, 2004

**MEMORANDUM**

**TO:** State Board of Education

**FROM:** Thomas D. Watkins, Jr.

**SUBJECT:** Receive the Report on Michigan Test for Teacher Certification (MTTC) Performance for 2002-2003

In pursuit of its goal to improve teacher quality, the State Board of Education receives proposals for the adoption and revision of program standards for teacher preparation. When applicable, the proposed standards are developed to reflect and support Michigan's K-12 Curriculum Framework and Benchmarks, as well as standards adopted by national professional/specialty area organizations. Standards are used by Michigan Department of Education staff to structure peer review of content program proposals from teacher preparation institutions. Standards are also used as the basis for changes in the Michigan Test for Teacher Certification.

One measure of the impact of teacher preparation programs in content areas is the performance of candidates on the MTTC. Starting in October 2002, institutions were given the opportunity to review the roster of test candidates who have registered for each test in order to identify those candidates who have completed at least 90% of the content coursework. This process of "barcoding" test takers allows an institution to control the scores that are attributed to the institution, but only for a brief period before the candidate takes the test. This is necessary because anyone can, in principle, register to take a test and identify any institution as the alma mater. The "barcoding" filter introduces a review process that allows the resulting test scores to be used as part of a broad accountability process.

Attachment 1 identifies, for each approved Michigan teacher preparation institution, the aggregate content test passing rates for the four test dates in the first full year of testing with the barcoding option in place. Table 1 shows the pass rate for each institution; Table 2 shows the state pass rate by discipline.

It is recommended that the State Board of Education receive the report on Michigan Test for Teacher Certification performance for 2002-2003, as discussed in the Superintendent's memorandum dated June 28, 2004.
