

MiCJIN

FEES

These applications benefit the entire criminal justice community and make information sharing a reality. Although there are costs associated with providing individual user licenses, storing data, providing help desk support, training, and program maintenance, the Michigan State Police is committed to providing these services at a reasonable cost.

BASIC PACKAGE

There will be no charge for the Basic Package. The Basic Package includes:

- ◆ APRS data entry
- ◆ SNAP (mugshots) –no charge to contributing agencies
- ◆ MICR data entry and extraction
- ◆ MiDIRS SOS photo retrieval
- ◆ Net RMS Crash module
- ◆ Net RMS Intelligence module
- ◆ I Services – agencies must contribute data to have access

PREMIUM PACKAGE

The Premium Package will cost \$90* per full time sworn officer per year. The Premium Package will include the features of the Basic Package plus:

- ◆ Net RMS Incident module
- ◆ Net RMS Citations module
- ◆ SNAP (mugshots) - agencies not contributing images to SNAP are included in the Premium Package

The count of officers for billing purposes will be taken from the MICR report submitted December 31 of each year and will remain constant for the year.

Non law enforcement agencies will be billed for each authorized user (as defined by having access to one or more applications in the MiCJIN).

The Premium Package fees will be effective beginning in January 2005.

These costs do not include: telecommunications costs, local system security costs, SecurID token costs for Internet access to these applications or training/certification on the applications.

SecureID tokens are \$11.00 monthly and will be billed quarterly. The charge for lost or damaged tokens is \$85.00. SecureID access cannot be used to access APRS.

* If needed, CJIC reserves the right to increase fees no more than 10% per year through calendar year 2007 to accommodate rising telecommunication and server costs. Agencies will be notified 90 days in advance of fee increases.

MiCJIN

LEIN Fees (Effective October 1, 2004—September 30, 2005)

CONFIGURATION TYPE	ANNUAL FEE PER CONNECTION
Agency Fee Each agency will pay a minimum \$500 fee.	\$500
Device Fee A device fee is charged for any terminal, server, mainframe or message switch directly connected to LEIN.	\$2,000
Per Capita Fee Each agency will pay per sworn full-time officer as reported in the annual MICR report. For non-MICR agencies, the MCOLES report will be used.	\$12
Additional surcharge for Federal Agency, non-criminal justice agency or private entity	\$2,500

LEIN fees will be capped at a maximum of \$50,000 per year exclusive of telecommunications costs or other costs associated with accessing LEIN.

These costs do not include telecommunications costs, SecurID token costs for Internet access to these applications or training/certification on the systems. These fees are current effective from October 1, 2004 until September 30, 2005.

WHAT IS THE NEXT STEP?

1. Complete and submit the MiCJIN Service Application and MiCJIN User Agreement, along with a copy of your network diagram.
2. The MiCJIN Agency Access Coordinator reviews your request and begins the connectivity process. The connectivity process could take up to 4 months, depending on the type of connection.
3. Your agency profile is established in the MiCJIN portal.
4. Your local agency portal administrator is trained and user access is established.
5. Training in requested systems is arranged and once training is complete, you will have access to the portal and your requested systems.

For more information, contact the MiCJIN Agency Access Coordinator at (517) 636-5405 or visit our website at: <http://www.michigan.gov/cjic>
