Use this checklist as a guide to help keep track of the selections you wish to make for your State of Michigan benefits. You will need this information, along with your employee ID number, when you contact the MI HR Service Center to enroll. If you are covering any other individuals on your benefits, be prepared to provide their Social Security Number and birth date when you call. Do not wait until you have the official documentation.

Enrollment must be completed and required documentation must be provided within the first 31 days of hire by calling the MI HR Service Center at 877-766-6447. Coverage will be effective the first day of the pay period after an eligible employee contacts the MI HR Service Center¹ and completes enrollment. Employee Life Insurance is the only exception, as life insurance coverage begins the first day of an eligible employee’s employment.

For additional plan information, rates, and eligibility information, visit the Employee Benefits Division website at www.mi.gov/employeebenefits. The MI HR Service Center can also provide additional eligibility and rate information (contact information at end of checklist).

¹Legislative, Judicial, and Auditor General employees should contact their respective agency HR Office to enroll in their benefit selections.
