

MICHIGAN CIVIL SERVICE COMMISSION
JOB SPECIFICATION

NUTRITION/FOOD MANAGEMENT CONSULTANT

JOB DESCRIPTION

Employees in this job complete or oversee a variety of professional assignments to assist local school administrators, health care professionals, and community groups in developing or maintaining nutrition and food service programs, and in the development of policy pertaining to clinical nutrition.

There are four classifications in this job.

Position Code Title - Nutrition Food Mgt Cnslt-E

Nutrition/Food Management Consultant 10

This is the intermediate level. The employee performs an expanding range of professional nutrition/food management consultant assignments in a developing capacity.

Nutrition/Food Management Consultant P11

This is the experienced level. The employee performs a full range of professional nutrition/food management consultant assignments in a full-functioning capacity. Considerable independent judgement is used to make decisions in carrying out assignments that have significant impact on services or programs. Guidelines may be available, but require adaptation or interpretation to determine appropriate courses of action.

Position Code Title - Nutrition Food Mgt Cnslt-A

Nutrition/Food Management Consultant 12

This is the advanced level. The employee may function as a lead worker or senior worker. At this level, employees are responsible for overseeing the work assignments of other professionals or have regular assignments which have been recognized by Civil Service as having significantly greater complexity than those assigned at the experienced level.

Position Code Title - Nutrition Food Mgt Cnslt-2A

Nutrition/Food Management Consultant 13

This is the second advanced level. The employee serves in a capacity identified by the agency and accepted by Civil Service as highly complex in nature.

NOTE: Employees generally progress through this series to the experienced level based on satisfactory performance and possession of the required experience.

JOB DUTIES

NOTE: The job duties listed are typical examples of the work performed by positions in this job classification. Not all duties assigned to every position are included, nor is it expected that all positions will be assigned every duty.

Consults with local and state agency personnel, school administrators, managers and food services personnel in the management and operation of food service programs, selection and utilization of kitchen equipment, food purchasing, menu planning, kitchen safety, sanitation, and in the development of policies related to clinical nutrition.

Advises local agency personnel, school boards, health care facilities, programs, and boards in establishing and maintaining nutrition care, nutrition education, clinical nutrition, dietary, and food service programs.

Develops policies, procedures, and guidelines for the nutrition and dietary components of a health care program.

Plans and conducts surveys and evaluates the nutrition and dietary components of assigned programs for conformance with state and federal licensure certification rules and regulations.

Reviews plans for new construction and/or renovation of dietary and food service departments.

Conducts nutritional investigations, epidemiological studies; carries out demonstration and research projects related to health issues.

Instructs patients, families, and health care staff in individualized clinical nutrition, general nutrition principles, and food selection and preparation.

Develops food preparation, and kitchen and menu planning standards; investigates complaints, reports violations, and makes recommendations for improvements as required.

Adapts research developments and current concepts in general nutrition, clinical nutrition, food service systems/equipment, disease prevention, and other areas to meet practical considerations and resolve problems related to nutrition and food service programs.

Prepares, publishes, and evaluates lay and technical reports and publications.

Consults with and provides technical assistance to survey teams in the evaluation of food and nutrition programs.

Provides expert testimony in administration hearings relative to dietetic/environmental nutrition program violations.

Develops and presents nutrition and consumer education workshops.

Maintains records and prepares reports and correspondence related to the work.

Performs related work as assigned.

Additional Job Duties

Nutrition/Food Management Consultant 12 (Lead Worker)

Oversees the work of professional staff by making and reviewing work assignments, establishing priorities, coordinating activities, and resolving related work problems.

Nutrition/Food Management Consultant 12 (Senior Worker)

Performs on a regular basis professional nutrition/food management consultant assignments which are recognized by Civil Service as more complex than those assigned at the experienced level.

Nutrition/Food Management Consultant 13

Performs on a regular basis professional nutrition/food management consultant assignments that are identified by the agency and accepted by Civil Service as highly complex in nature.
