# 2000 STATISTICAL REPORT

## INTRODUCTION

Beginning with this 2000 edition of the MDOC Statistical Report, bound paper copies will no longer be produced and distributed. Instead, these annual statistical reports will be published only on the official MDOC web site on the Internet. The MDOC home page web address is <http://www.michigan.gov/corrections>, and the Statistical Reports are located under the *Publications & Information* link.

For the 2000 report, the crime breakdowns in the core tables of the first three sections are all again based on the longer 10-character offense codes, as was first done in the 1999 report. The crime breakdowns are also again sorted by offense code rather than by crime frequency or maximum term. Since this sort order keeps sequential offense codes together, similar crimes that have identical maximum penalties are not consolidated. This level of detail provides much richer information than in the past.

However, the additional detail also makes the crime tables much longer; and the reader must be careful to watch for related offense codes when attempting to examine the data for a particular type of crime. For example, as many as nine separate offense codes appear for the crime of first degree criminal sexual conduct (750.520B ) in each crime table because each code represents a specific characteristic of the offense.

Summary narrative reflecting on the Department's observations about what the data show has again been kept to a minimum, as the Department produces a separate *Annual Report* for that purpose.

### *Section Overview*

This report is divided into six major sections (A-F).

- Section *A, Court Dispositions*, contains data on statewide felony court dispositions — broken down by offense, sentencing jurisdiction, and type of disposition.
- Section *B, Prison Commitments*, provides data on prison intake — the number and characteristics of new prisoners received into the Department's institutions and camps.
- Section *C, Prisoner Population*, presents descriptions of Michigan's correctional facilities and statistics regarding the characteristics of the prisoner population.
- Section *D, Parole Board*, summarizes data on offender movement to parole and Parole Board activity and decisions, and examines the parole outcomes of offenders who paroled in 1996.

● Section *E, Field Operations Administration*, contains data and information regarding the community supervision programs and functions of the Department's Field Operations Administration (FOA). Section *E* has four subsections:

- *Probation and Parole Supervision*
- *Special Alternative Incarceration Program (SAI)*
- *Community Residential Programs (CRP)*
- *Office of Community Corrections (OCC)*

● Section *F, Department Operations*, contains data and information about a variety of Department programs and administrative functions/operations. Section *F* contains the following subsections:

- *Prisoner Program, Misconduct and Litigation Statistics*
- *Bureau of Correctional Industries*
- *Health Care Services*
- *Department Expenditures and Personnel Summaries*

# MICHIGAN DEPARTMENT OF CORRECTIONS

*As of December 31, 2000*

---

# Court Dispositions

# A

This section contains data on statewide felony court dispositions — broken down by offense, sentencing jurisdiction and type of disposition.

Tables A and A1 through A1c are based on total offenders rather than total dispositions. In other words, multiple dispositions for the same offender, from the same sentencing county, in the same year were counted as follows:

- Dispositions for the same offender that occurred three or more months apart were counted separately.
- Dispositions for the same offender that occurred less than three months apart were counted only once, according to the following sequence:
  - The *most severe* disposition was counted (e.g., a disposition to prison was counted before a disposition to jail).
  - If of equal severity, then the disposition with the longest *minimum* term was counted.
  - If equal minimum terms, then the disposition with the longest *maximum* term was counted.

Table A shows the statewide prison commitment rates for the past thirteen years. Separate rates are presented for: (1) All offenses, *including* those involving mandatory sentences to prison; and (2) Offenses that do not involve mandatory sentences to prison.

Table A1 shows 2000 court dispositions (offenders) broken down by disposition type and by sentencing county circuit within each of the three Field Operations Administration (FOA) regions. Tables A1a through A1c show the information in Table A1 broken down by major crime categories (i.e., non-assaultive, drug and assaultive offenses).

Table A2 shows total 2000 court dispositions broken down by disposition type and offense. Tables A2a through A2c show the information in Table A2 broken down by major crime categories (i.e., non-assaultive, drug and assaultive offenses). The A2 series of tables are based on total dispositions, so multiple dispositions for the same offender are counted separately.

The crimes in the A2 series of tables are sorted by Michigan Compiled Law (MCL) numbers and Prosecuting Attorney's Coordinating Council (PACC) codes (the sort order used since 1999). Since this sort order keeps related codes

together, similar crimes that have identical maximum penalties are no longer consolidated. This level of detail provides much richer information, but the reader must be careful to watch for related codes when attempting to examine the frequency and disposition pattern for a particular type of crime. For example, eight separate offense codes appear for the crime of first degree criminal sexual conduct (750.520B ) because each code represents a specific characteristic of the offense.

# A Statewide Prison Commitment Rates

Calendar Years 1988 - 2000

Year	Including Mandatory Prison		Excluding Mandatory Prison	
	Total Felony Dispositions (Offenders)	Percent Total Felony Dispositions to Prison	Net Felony Dispositions (Offenders)	Percent Net Felony Dispositions to Prison
1988	31,664	33.5	27,009	24.6
1989	35,534	34.7	30,512	26.3
1990	36,783	32.1	32,379	25.1

**NOTES:** Be sure to check for related offense codes when examining a particular type of crime. They may or may not be in sequential order or even on the same page.

Includes multiple dispositions per offender.

\* Includes Fine, Restitution, and Costs.

\*\* Includes Delayed and Suspended Sentences and HYTA Probation.

SOURCE: Basic Information Reports (BIR).

This section provides data on prison intake — the number and characteristics of new prisoners received into the Department’s institutions and camps.

Tables B1a and B1b exclude one category of intake, called *additional sentence imposed*. Additional sentence imposed is excluded from these tables because rather than new offenders admitted into the system, these are prisoners who are already incarcerated and then receive an additional sentence, either because of a crime committed while incarcerated or because of later sentencing on a previous pending charge.

All of the other tables and charts in this section *include* the additional sentence imposed category.

Tables B1a through B1c compare prison intake for 2000 with intake and various other data for past years.

Table B2 shows all 2000 prison intake broken down by minimum sentence and offense. Tables B2a through B2c show the information in Table B2 broken down by major crime categories (i.e., non-assaultive, drug and assaultive). Table B3 shows *female* intake broken down by minimum sentence and offense.

The crimes in the B2 series of tables and the B3 table are sorted by Michigan Compiled Law (MCL) numbers and Prosecuting Attorney’s Coordinating Council (PACC) codes (the sort order used since 1999). Since this sort order keeps related codes together, similar crimes that have identical maximum penalties are no longer consolidated. This level of detail provides much richer information, but the reader must be careful to watch for related codes when attempting to examine the frequency and disposition pattern for a particular type of crime. For example, nine separate offense codes appear for the crime of first degree criminal sexual conduct (750.520B ) because each code represents a specific characteristic of the offense.

Tables B4a through B7 summarize commitments to prison broken down by various other characteristics — including age, race, gender, commitment type, and major crime type.

# B1a Annual Prison Intake (Excluding "Additional Sentence Imposed")

Calendar Years 1986 - 2000

Year	Admissions to Prison	Numerical Change	Percent Change
1986	6,543	---	---
1987	7,320	777	11.9
1988	8,940	1,620	22.1
1989	10,870	1,930	21.6
1990	10,674	(196)	(1.8)
1991	10,883	209	2.0
1992	10,943	60	0.6
1993	9,219	(1,724)	(15.8)
1994	8,845	(374)	(4.1)
1995	8,667	(178)	(2.0)
1996	9,169	502	5.8
1997	9,584	415	4.5
1998	9,424	(160)	(1.7)
1999	8,809	(615)	(6.5)
2000	8,922	113	1.3

Note: 1999 figures adjusted slightly due to lag in data reporting.

# B1b Reported Index Crimes and Prison Intake (Excluding "Additional Sentence Imposed")

Calendar Years 1995 - 2000

This chart has been modified from previous years to accommodate a change in reporting from the Michigan State Police. The MSP changed its process for reporting index crimes in the 1999 UCR report and generated estimates back through 1995 for continuity. State index crime totals are now calculated by combining actual figures with estimates of missing data, using an estimation process adapted from that used by the FBI. The MSP's estimation process is designed to help ensure an accurate portrayal of crime trends, and minimize fluctuations due to reporting discrepancies. The MSP adjusted the 1995-1999 figures in the 2000 UCR report.

Year	Reported Index Crimes* (Estimated)	Prison Intake
1995	513,868	8,667
1996	502,281	9,169
1997	477,697	9,584
1998	470,845	9,424
1999	429,638	8,809
2000	411,873	8,922

[Sources] Reported Index Crimes: Michigan State Police (MSP) 2000 Uniform Crime Report (UCR). Prison Intake: Corrections Management Information System (CMIS)

\*Index crimes include murder, rape, robbery, aggravated assault, burglary, larceny, motor vehicle theft, and arson.

Note: 1999 prison intake figure adjusted slightly due to lag in data reporting.

# B1c Total Prisoner Population, Prison Commitments, and Michigan Census: 1941 - 2000

NOTES: Be sure to check for related offense codes when examining a particular type of crime. They may or may not be in sequential order or even on the same page.

\*Sentences with Insufficient Information = 35.

Largest minimum term is reported.

When minimum terms exceed maximum penalties, that may be due to anomalies in criminal justice practices, habitualized offenses, database errors, etc.

Each minimum term category is rounded up from the preceding category (for example, the ten-year category includes all minimums longer than five years up to exactly ten years).

Minimum term averages are based on raw data (with life sentences excluded from the calculations).

NOTES: Be sure to check for related offense codes when examining a particular type of crime. They may or may not be in sequential order or even on the same page.

Largest minimum term is reported.

When minimum terms exceed maximum penalties, that may be due to anomalies in criminal justice practices, habitualized offenses, database errors, etc.

Each minimum term category is rounded up from the preceding category (for example, the ten-year category includes all minimums longer than five years up to exactly ten years).

Minimum term averages are based on raw data (with life sentences excluded from the calculations).

**NOTES:** Be sure to check for related offense codes when examining a particular type of crime. They may or may not be in sequential order or even on the same page.

Largest minimum term is reported.

When minimum terms exceed maximum penalties, that may be due to anomalies in criminal justice practices, habitualized offenses, database errors, etc.

Each minimum term category is rounded up from the preceding category (for example, the ten-year category includes all minimums longer than five years up to exactly ten years).

Minimum term averages are based on raw data (with life sentences excluded from the calculations).

NOTES: Be sure to check for related offense codes when examining a particular type of crime. They may or may not be in sequential order or even on the same page.

Largest minimum term is reported.  
 When minimum terms exceed maximum penalties, that may be due to anomalies in criminal justice practices, habitualized offenses, database errors, etc.  
 Each minimum term category is rounded up from the preceding category (for example, the ten-year category includes all minimums longer than five years up to exactly ten years).  
 Minimum term averages are based on raw data (with life sentences excluded from the calculations).

# Prisoner Population

# C

This section presents descriptions of Michigan's correctional facilities and statistics regarding the characteristics of the prisoner population.

The map shows the location of each Michigan prison and camp, as well as a geographic breakdown of the Correctional Facilities Administration (CFA) regions. The map is followed by a description of each facility.

Table C is a breakdown of the net operating capacity of the institutions and camps, by security level.

Table Ca displays the end-of-year institution and camp population from 1986 through 2000.

Table C1 shows the total prisoner population broken down by minimum sentence and offense. The total population includes prisoners housed in institutions, camps, the SAI-Prison program and Community Residential Programs (CRP). Tables C1a through C1c show the information in Table C1 broken down by major crime categories (i.e., non-assaultive, drug and assaultive). Table C2 shows the total *female* prisoner population broken down by minimum sentence and offense.

The crimes in the C1 series

of tables and C2 table are sorted by Michigan Compiled Law (MCL) numbers and Prosecuting Attorney's Coordinating Council (PACC) codes (the sort order used since 1999). Since this sort order keeps related codes together, similar crimes that have identical maximum penalties are no longer consolidated. This level of detail provides much richer information, but the reader must be careful to watch for related codes when attempting to examine the frequency and disposition pattern for a particular type of crime. For example, nine separate offense codes appear for the crime of first degree criminal sexual conduct (750.520B ) because each code represents a specific characteristic of the offense.

Tables C3a through C3c summarize the total prisoner population broken down by age, location and race.

Table C4 summarizes the

movement of prisoners into and out of the institution and camp population during 2000. To demonstrate the effect of prisoner movement on the size of the institution and camp population, Table C4 reports only the movements onto and off of the institution/camp count. In other words, the table ignores movement types that do not affect the total count (e.g., movements *between* institutions). It also does not show prisoner movements that do not involve prison/camp locations (e.g., prisoner movements to parole from CRP locations).

Table C5 shows the number of escapes from secure DOC custody from 1996 through 2000. The Department recently modernized its coding and reporting of escapes, as is explained in the narrative of Table C5. The modernization was implemented starting with 1999 data, but escape figures since 1996 were recalculated using the new reporting process to provide a trend line based on consistent methodology.

## **Alger Maximum Correctional Facility (LMF)**

Warden Barbara Bouchard  
Industrial Park Drive, P.O. Box 600  
Munising, MI 49862  
(906) 387-5000; FAX (906) 387-5019

Opened: August 1990  
Total Capacity: 536  
Net Operating Capacity: 532  
Age Limits: Men, 17 or older  
Security Level: V (maximum)  
Appropriation for 2000/2001: \$27,630,100  
Appropriated per capita for prisoner care and custody:  
\$89.69

### *Camp Cusino (CCU)*

ADW Shelley Peterson  
HCR Space One, Box 120  
Shingleton, MI 49884  
(906) 452-6248

Total Capacity: 320  
Net Operating Capacity: 320  
Age Limits: Men, 17 or older  
Security Level: I (minimum)  
Appropriation for 2000/2001: Included in the  
budget of Alger Maximum Correctional Facility  
(LMF)  
Appropriated per capita for prisoner care and  
custody: Included in the budget of LMF

---

---

## **Baraga Maximum Correctional Facility (AMF)**

Warden George Pennell  
301 Wadaga Road  
Baraga, MI 49908  
(906) 353-7070; FAX (906) 353-7957

Opened: June 1993  
Total Capacity: 856  
Net Operating Capacity: 841  
Age Limits: Men, 17 or older  
Security Level: I and V (minimum, maximum)  
Appropriation for 2000/2001: \$31,328,500  
Appropriated per capita for prisoner care and  
custody: \$79.18

### *Camp Kitwen (CKT)*

ADW James Quinlan  
M-26 South, P.O. Box 7  
Painesdale, MI 49955  
(906) 288-3791

Total Capacity: 240  
Net Operating Capacity: 240  
Age Limits: Men, 17 or older  
Security Level: I (minimum)  
Appropriation for 2000/2001: Included in the  
budget of Baraga Maximum Correctional  
Facility (AMF)  
Appropriated per capita for prisoner care and  
custody: Included in the budget of AMF

---

## **Earnest C. Brooks Correctional Facility (LRF)**

Warden Mary Berghuis  
2500 S. Sheridan Road  
Muskegon Heights, MI 49444  
(231) 773-9200; FAX (231) 777-2097

Opened: June 1989  
Total Capacity: 1,262  
Net Operating Capacity: 1,244  
Age Limits: Men, 17 or older  
Security Level: I, II and IV (minimum, medium,  
close)  
Appropriation for 2000/2001: \$39,046,800  
Appropriated per capita for prisoner care and  
custody: \$48.63

---

---

**Boyer Road Correctional Facility (OTF)**  
**[formerly Carson City Temporary Correctional Facility]**

Warden Kurt Jones  
10274 Boyer Road  
Carson City, MI 48811  
(989) 584-3941; FAX (989) 584-6535

Opened: November 1987  
Total Capacity: 963  
Net Operating Capacity: 960  
Age Limits: Men, 17 or older  
Security Level: II (medium)  
Appropriation for 2000/2001: Included in the budget of Carson City Correctional Facility (DRF)  
Appropriated per capita for prisoner care and custody: Included in the budget of DRF

**Carson City Correctional Facility (DRF)**

Warden Kurt Jones  
10522 Boyer Rd.  
Carson City, MI 48811  
(989) 584-3941; FAX (989) 584-6535

Opened: August 1989  
Total Capacity: 1,262  
Net Operating Capacity: 1,251  
Age Limits: Men, 17 or older  
Security Level: I, II, and IV (minimum, medium, close)  
Appropriation for 2000/2001: \$40,878,200  
Appropriated per capita for prisoner care and custody: \$50.91

**Chippewa Correctional Facility (URF)**

Warden Fabian LaVigne  
4269 W. M-80  
Kincheloe, MI 49784  
(906) 495-2275; FAX (906) 495-5787

Opened: August 1989  
Total Capacity: 1,252  
Net Operating Capacity: 1,204  
Age Limits: Men, 17 or older  
Security Level: I, III, and IV (minimum, medium, close)  
Appropriation for 2000/2001: \$42,211,600  
Appropriated per capita for prisoner care and custody: \$49.81

**Cooper Street Correctional Facility (JCS)**

Warden Thomas Phillips

NOTES: Be sure to check for related offense codes when examining a particular type of crime. They may or may not be in sequential order or even on the same page.

Largest minimum term is reported.

Total Prisoner Population includes prisoners in institutions, camps, the SAI - Prison program, and Community Residential Programs.

When minimum terms exceed maximum penalties that may be due to anomalies in criminal justice practices, habitualized offenses, database errors, etc.

Each minimum term category is rounded up from the preceding category (for example the ten-year category includes all minimums longer than five years up to exactly ten years).

Minimum term averages are based on raw data (with life sentences excluded from the calculations).

Source: Corrections Management Information System (CMIS).

\*Sentences with Insufficient Information = 229.

149 NOTES: Be sure to check for related offense codes when examining a particular type of crime. They may or may not be in sequential order or even on the same page.

Largest minimum term is reported.

Total Prisoner Population includes prisoners in institutions, camps, the SAI - Prison program, and Community Residential Programs.

When minimum terms exceed maximum penalties that may be due to anomalies in criminal justice practices, habitualized offenses, database errors, etc.

Each minimum term category is rounded up from the preceding category (for example the ten-year category includes all minimums longer than five years up to exactly ten years).

Minimum term averages are based on raw data (with life sentences excluded from the calculations).

Source: Corrections Management Information System (CMIS).

Largest minimum term is reported.

Total Prisoner Population includes prisoners in institutions, camps, the SAI - Prison program and Community Residential Programs.

When minimum terms exceed maximum penalties that may be due to anomalies in criminal justice practices, habitualized offenses, database errors, etc.

Each minimum term category is rounded up from the preceding category (for example the ten-year category includes all minimums longer than five years up to exactly ten years). Minimum term averages are based on raw data (with life sentences excluded from the calculations).

SOURCE: Corrections Management Information System (CMIS).

Largest minimum term is reported.

Total Prisoner Population includes prisoners in institutions, camps, the SAI - Prison program, and Community Residential Programs.

When minimum terms exceed maximum penalties that may be due to anomalies in criminal justice practices, habitualized offenses, database errors, etc.

Each minimum term category is rounded up from the preceding category (for example the ten-year category includes all minimums longer than five years up to exactly ten years).

Minimum term averages are based on raw data (with life sentences excluded from the calculations).

Source: Corrections Management Information System (CMIS).

**NOTES:** Be sure to check for related offense codes when examining a particular type of crime. They may or may not be in sequential order or even on the same page.

Total Prisoner Population includes prisoners in institutions, camps, the SAI - Prison program and Community Residential Programs.

Largest minimum term is reported.

When minimum terms exceed maximum penalties, that may be due to anomalies in criminal justice practices, habitualized offenses, database errors, etc.

Each minimum term category is rounded up from the preceding category (for example, the ten-year category includes all minimums longer than five years up to exactly ten years). Minimum term averages are based on raw data (with life sentences excluded from the calculations).

## C4 2000 Prisoner Movement Summary: Institutions and Camps Only

### INTAKE

New Court Commitment .....	4,355
Probation Violator (Technical or New Sentence) .....	3,335
Parole Violator New Sentence .....	1,166
Escaper New Sentence .....	66
<b>TOTAL .....</b>	<b>8,922</b>

### EXIT

Movement to Parole .....	7,173
Release to Court on Writ .....	4,022
Transfer to Community Residential Programs .....	2,975
Discharge from Sentence .....	1,420
Temporarily Housed at a County Jail .....	66
Death .....	123
Release to Mental Health Hospital or Criminal Justice Agency .....	16
Escape .....	10
<b>TOTAL .....</b>	<b>15,805</b>

### RETURN

Return from Court <i>without</i> Additional Sentence .....	3,016
Technical Parole Violator Return .....	3,111
Return from Escape from Community Residential Programs .....	801
Return from Court <i>with</i> Additional Sentence Imposed .....	821
Return from County Jail .....	95
Direct Return from Community Residential Programs .....	222
Return While on Parole Status .....	120
Return from Mental Health Hospital or Criminal Justice Agency .....	10
Return from Escape from Institution, Camp, or non-DOC location .....	8
<b>TOTAL .....</b>	<b>8,204</b>

**2000 Institution and Camp Population Change = +1,321**

(INTAKE - EXIT + RETURN = POPULATION CHANGE)

SOURCE: Corrections Management Information System (CMIS).

NOTE: Includes institution, camp, and SAI-Prison movements.

Only movements affecting the total population count are shown (e.g., excludes movements between institutions, and temporary movements to/from hospitals).

## C5 Escapes from Secure DOC Custody

*Calendar Years 1996 - 2000*

Escapes from secure DOC custody include any and all escapes from:

- CFA institutions and camps.
- CFA custody (i.e., while under CFA control, such as while in transit or hospitalized).
- Special Alternative Incarceration (SAI boot camp for prisoners and probationers).
- Technical Rule Violator (TRV) Centers for CRP & parole violators.

**Escapes from Secure DOC Custody**  
*Calendar Years 1996 - 2000*

	1996	1997	1998	1999	2000
CFA	21	13	14	0	7
SAI	1	5	1	1	3
TRV	4	4	1	2	2
<b>TOTALS</b>	<b>26</b>	<b>22</b>	<b>16</b>	<b>3</b>	<b>12</b>

SOURCE: Corrections Management Information System (CMIS)

NOTE: In 2000, there was also one escape of a Michigan prisoner from a non-DOC location, while released to court on writ.

This section summarizes 2000 data on offender movement to parole and Parole Board activity and decisions. It also examines the parole outcomes of offenders who paroled in 1996.

Table D shows the total number of prisoner movements to parole each year from 1986 through 2000.

Table D1 compares 2000 Parole Board activity and decisions to that of the previous fifteen years. Table D1a provides more detail regarding the 2000 activity of the Parole Board.

Table D2 shows the parole outcomes of prisoners who paroled in 1996. This routine follow-up is conducted only on offenders who parole from their sentences for the first time in the applicable year (i.e., reparaes are excluded from the analysis). The recidivism measure is whether parolees are returned to prison, either as technical rule violators or as parole violators with new sentences (PVNS) during the parole term.

The offense groups shown on the left in Table D2 are the crimes from which the prisoners were paroled. Of the 7,349 prisoners paroled for the first time in 1996, 4,366 (59%) completed the parole term successfully, 2,064 (28%) were returned to prison for technical rule violations, and 919 (12%) were sentenced to prison for new offenses committed while on parole.

Table D2a examines the 919 parole violators with new sentences. It compares the new crimes committed while on parole to the original crimes from which the offenders paroled.

To read Table D2a, locate the original crimes in the first column on the left. Alpha characters in parentheses follow the descriptive labels. Corresponding alpha characters appear across the top of the table, identifying the new crime types. The first number to the right of each original crime shows the number of offenders who were paroled in 1996 from that original crime and then returned to prison for a new crime. The cells where the corresponding rows and columns intersect show how many of the new sentences were for the same offense types as the original crimes.

For example, 24 of the 919 parole violators with new sentences in Table D2a were paroled from the original crime of auto theft. Of those 24, 9 were returned to prison during the parole term for a new auto theft sentence.

## D Annual Movements to Parole

*Calendar Years 1986 -2000*

Year	Movement to Parole	Numerical Change	Percent Change
1986	4,012	---	---
1987	4,491	479	11.9
1988	5,676	1,185	26.4

SOURCE: Corrections Management Information System (CMIS).

This section contains data and information regarding the community supervision programs and functions of the Department's Field Operations Administration (FOA).

The Field Operations Administration is responsible for supervision of all adult felons on probation and parole, as well as prisoners living in the community. Prisoners are either housed in FOA operated residential centers or supervised on electronic monitoring. Selected parolees and probationers are also supervised on electronic monitoring.

In addition, the FOA is responsible for administration and operation of the Department's technical rule violator centers for parolees and FOA prisoners, residential programs for selected parolees and probationers, as well as the Department's Special Alternative Incarceration (SAI) boot camp program for prisoners and probationers.

The FOA also supervises offenders sentenced to supervision under the Holmes Youthful Trainee Act, and the Parole Board is a component of the Field Operations Administration.

Also, in 1995, Michigan's Office of Community Corrections (OCC) was transferred into the Department as an agency within the FOA. The OCC works with local units of government to implement the Community Corrections Act (P.A. 511).

Field operations are administered through Regional and Area offices (see map). Region I is Wayne County; Region II is roughly the southeastern portion of the lower peninsula, except for Wayne County; and Region III is the rest of the lower peninsula and all of the upper peninsula.

The FOA central office prepares budgets, sets policy and procedure, initiates and manages special projects and assignments, and handles issues that cannot be taken care of locally, such as Interstate Compact matters and communications regarding absconders picked up in other states.

This report section is divided into four subsections.

- *Probation and Parole Supervision*
- *Special Alternative Incarceration Program*
- *Community Residential Programs*
- *Office of Community Corrections*

# Map Michigan Department of Corrections Field Operations Administration Regions and Areas As of December 31, 2000

## Probation and Parole Supervision

Table E1 shows the number of parolees returned to prison for technical violations and new sentences, broken down by gender and year. Table E1 also shows the number of parole revocation hearings held each year.

Table E2 presents breakdowns of Field Operations *personnel* by type of offender supervised and by employee job classification. Table E2 also displays a breakdown of Field Operations *funds* by type of offender supervised.

Table E3 shows the distribution of investigations conducted by type, and a breakdown of the average number of offenders supervised by type. Workloads in 2000 increased slightly from the previous year. The average agent workload was 96:1 in 2000.

Table E4 displays the number of pre-sentence investigations conducted each year since 1991.

Tables E5 and E6 show the average number of parolees and probationers under supervision each year.

### INVESTIGATIONS: 128,928

1. PRE-SENTENCE INVESTIGATIONS: in-depth analysis of the individual and circumstances of the offense.
2. SPECIAL INVESTIGATIONS: assignments completed at the request of the Governor, other states, the parole board, or the court.
3. PRE-PAROLE INVESTIGATIONS: prior to inmate release, living arrangements and job placement are investigated.
4. VIOLATION INVESTIGATIONS: reports prepared subsequent to a parole or probation violation.
5. OTHER: investigations done for community residential programs.

### SUPERVISION — AVERAGE NUMBER OF OFFENDERS SUPERVISED: 64,131

Supervision is the process in which parole or probation agents work with offenders who are under the jurisdiction of the Department of Corrections (parole) or the jurisdiction of the Courts (probation, Holmes Youthful Trainee, and delayed sentences). The case numbers in the chart represent the average number of cases under supervision during the year.

## *Special Alternative Incarceration Program*

This section describes offenders committed to the Special Alternative Incarceration (SAI) boot camp program for prisoners and probationers. SAI is a three-phase program.

*Phase I*, patterned after military basic training, involves physical fitness and programming (education, substance abuse awareness, basic life skills and counseling).

*Phase II* is an optional residential placement in the community while on parole or probation.

*Phase III* is parole or probation supervision in the community, beginning with at least 120 days of intensive supervision.

The program's objectives are to end criminal behavior by developing offender self-esteem and self-discipline, a sense of individual responsibility and a positive work ethic.

Tables E7a, E7b and E8 provide data regarding SAI prisoner and probationer intake.

Tables E9a through E9d summarize SAI Phase I program performance and post-program outcomes.

Additional information about the SAI program (such as the offender eligibility criteria) is available in a separate annual report.

## *Community Residential Programs*

This section contains data regarding Community Residential Programs (CRP).

Table E10 shows the end-of-year CRP prisoner population from 1991 through 2000. The decreases in the CRP population from 1993 to 2000 were due primarily to:

- The significant decline in prison intake serving short sentences for nonassaultive crimes. (These offenders constitute a large proportion of the CRP eligibility pool.)
- The CRP zero tolerance escape policy which was implemented on September 1, 1993.

Truth-in-Sentencing legislation, effective 12-15-98, is expected to further diminish the CRP population over the next several years.

Table E11 provides information regarding movement to and termination from Community Residential Programs during 2000. Significant changes from 1999 terminations were noted in escapes (+5%), new felony charges (+39%), and parole (+3%). These increases were in spite of a 4% decrease in the average monthly population.

Table E12 shows the end-of-year electronic monitoring population from 1995 through 2000, broken down by type of offender.

Table E13 presents information and results of the CRP zero tolerance escape policy. Since the peak in 1994, the number of zero tolerance CRP escapes has declined by more than one-third.

# E10 Year-End Prisoner Population: Community Residential Programs (Community Corrections Centers & Electronic Monitoring) Calendar Years 1991 - 2000

# E13 Zero Tolerance Escape Policy Community Residential Programs

- Zero tolerance escape policy was implemented on September 1, 1993 to strengthen monitoring and accountability of prisoners in community programs.
- Under the policy, prisoners must adhere to preset daily schedules which determine their whereabouts at specific times. Any

violations of the schedules without mitigating circumstances are considered escapes, and immediate steps are taken to apprehend and return the prisoners to an institution.

- Zero tolerance CRP escapes increased sharply at first while prisoners got used to the policy, but

the number of CRP escapes has since declined - dropping by more than one-third since the peak in 1994. Because the new rules require greater responsibility on the part of prisoners, the CRP escape rate remains higher than before the policy.

## *Office of Community Corrections*

The Office of Community Corrections (OCC) works with local units of government and criminal justice professionals to implement Michigan's Community Corrections Act. The purpose of the Act is to increase the range and utilization of community sanctions and services for non-violent offenders in order to reduce admissions to prison. The OCC implements program policies, guidelines and standards, and provides technical assistance to local units of government to develop and implement locally-developed comprehensive corrections plans. These plans outline criminal justice problems and how policies and practices and P.A. 511 funds will address them.

Local governments voluntarily participate in the implementation of the Act through forming community corrections advisory boards (CCABs) which have responsibilities for developing comprehensive corrections plans. The plans establish the framework for applications for funds. There were 49 CCABs representing 80 counties across the State during fiscal 2000. These include single county, multi county and county/city boards. During fiscal year 2000, community corrections funds were awarded to support programming in 72 counties pursuant to plans/proposals prepared by 44 CCABs.

During fiscal 2000, \$12,526,479 was awarded for comprehensive corrections plans and services, and \$14,934,451 for probation residential services. Local expenditures for plans and services during FY 2000 totaled \$11,992,058 and \$14,797,487 for probation residential services.

The number of new enrollees in community corrections programs during FY 2000 was 34,345.

The OCC continued to work with local agencies to upgrade criminal justice information systems and to facilitate data sharing and the development of integrated information systems in FY 2000. This included efforts to integrate information from jails, courts, probation, service providers and local community corrections agencies. The goals are to reduce redundancy in data entry, improve the quality of the data available at local and state levels, improve communication among agencies and improve the efficiency of criminal justice decision making.

Table E15 shows the number of offenders determined eligible and enrolled in programs by crime class and legal status. Table E16 shows the award of funds by program category. Table E17 illustrates the authorized and actual utilization of probation residential services.

SOURCE: Field Operations Administration

This section contains data and information about a variety of Departmental programs and administrative functions, operations and services.

There are four subsections.

- *Prisoner Program, Misconduct and Litigation Statistics*
- *Bureau of Correctional Industries*
- *Health Care Services*
- *Department Expenditures and Personnel Summaries*

## *Prisoner Program, Misconduct and Litigation Statistics*

Tables F1a, F1b, F1c, and F2 provide statistics regarding prisoner participation in the various institutional programs, library and volunteer activities, religious services, and academic and vocational programs that were available during 2000.

Table F3 shows the number and disposition of misconduct charges, by location, that were issued against prisoners in 2000.

Table F4 is a summary of the number of lawsuits filed against the Department, by category and year (1997-2000).

\*This category includes all appeals of Parole Board decisions to Circuit Court under MCL 791.234(7). It includes most cases which were in the "Parole Release Process" category in earlier years.

\*\*Most of this category is now reported in the "Parole Administrative Appeal" category.

## *Bureau of Correctional Industries*

Table F5 is a seven year history of total sales and net margin for the Bureau of Correctional Industries.

Table F6 provides more detailed information regarding total sales and net margin for factory operations, broken down by individual factory and year (FY 98/99 and FY 99/00).

Table F7 shows the hourly pay schedule for prisoners employed in correctional industries.

# F5 Seven-Year History of Total Sales and Net Margin

<b>TOTAL</b>	<b>\$ 34,353</b>	<b>\$ 47,493</b>	<b>\$ 2,397</b>	<b>\$ 6,520</b>

SOURCE: Bureau of Correctional Industries (Administration and Programs).

NOTES: Jackson Dairy (new factory) was opened during FY 99/00.

Dollar amounts are rounded to the nearest thousand.

Negative Net Margin represents a loss.

Differences between figures in Tables F5 and F6 are due to miscellaneous revenue.

## F7 Hourly Pay Schedule

### INDUSTRIES HOURLY PAY SCHEDULE

CLASS	Automatic Increases		
	Start	30-Day	60-Day
	A	B	C
1. Trainee	.25	.27	.30
2. Semi-Skilled	.35	.40	.45
3. Skilled	.50	.55	.60
4. Highly Skilled	.65	.70	.75
7. Specialist	.80	.85	.90

Merit increases have been eliminated. Anyone currently at a pay rate which exceeds the maximum rate for that classification will be frozen.

## Health Care Services

This section presents tables and charts regarding the cost of health care services for prisoners. The two main goals of health care services are:

- Provide cost-effective care.
- Provide quality care.

Tables and Charts F8 through F10 summarize the Department's FY 2000 health care costs for prisoners and include comparisons for previous years. Some new features have been added. The new format:

- Compares health care costs since the implementation of *managed care* to costs prior to implementation.
- Distinguishes between *medical, dental, and psychological services* health care costs that are under the direct control of the Department of Corrections versus *mental health* care costs that are under the direct control of the Department of Community Health (DCH) for prisoners with serious mental illness.
- Shows a detailed breakdown of the costs under direct control of the Department of Corrections, (i.e. excluding the DCH costs).

# F8 Health Care Expenditures Profile

Fiscal Years 1991/2000

Fiscal Year	Average Population*	Annual Percent Change	Average Cost Per Prisoner			
			Medical, Dental, MDOC Psychological Services (MDPS)	MDPS Annual Percent Change	DCH ** Mental Health	TOTAL
<b>Prior to Implementing Managed Care</b>
