MICHIGAN CIVIL SERVICE COMMISSION
JOB SPECIFICATION

UNEMPLOYMENT INSURANCE ANALYST

JOB DESCRIPTION
Employees in this job complete and oversee a variety of professional research and analysis assignments to evaluate, assess, plan, develop, and implement unemployment insurance programs, functions, and services.

There are five classifications in this job.

Position Code Title - Unempl Ins Analyst Trainee-E
Unemployment Insurance Analyst (Departmental Trainee) 9
This is the entry level and serves as a parallel classification to the Unemployment Insurance Analyst 9 for classified state employees who do not possess a degree. The work performed is identical to an entry-level Unemployment Insurance Analyst 9; i.e., the employee carries out a range of professional unemployment insurance analyst assignments while learning the methods of the work.

Position Code Title - Unemp Insurance Analyst-E
Unemployment Insurance Analyst 9
This is the entry level. The employee carries out a range of professional unemployment insurance analyst assignments while learning the methods of the work.

Unemployment Insurance Analyst 10
This is the intermediate level. The employee carries out an expanding range of professional unemployment insurance analyst assignments in a developing capacity.

Unemployment Insurance Analyst P11
This is the experienced level. The employee performs a full range of professional unemployment insurance analyst assignments in a full-functioning capacity. Considerable independent judgment is required to carry out assignments that have significant impact on services or programs. Guidelines may be available, but require adaptation or interpretation to determine appropriate courses of action.

Position Code Title - Unemploy Insurance Analyst-A
Unemployment Insurance Analyst 12
This is the advanced level. The employee may function as a lead worker or senior worker. At this level, employees are responsible for overseeing the work assignments of other professionals or have regular assignments which have been recognized by Civil Service as having significantly greater complexity than those assigned at the experienced level.

NOTE: Employees generally progress through this series to the experienced level based on satisfactory performance and possession of the required experience.

JOB DUTIES
NOTE: The job duties listed are typical examples of the work performed by positions in this job classification. Not all duties assigned to every position are included, nor is it expected that all positions will be assigned every duty.
Analyzes and evaluates unemployment insurance functions such as employer taxes and benefit payment operations to measure compliance with state and federal requirements and agency operating standards and procedures; identifies problems and deficiencies and recommends appropriate corrective action.

Designs and conducts evaluations, surveys, or special studies to determine unemployment insurance program needs and to assist in the planning, implementing, and control of unemployment claims programs.

Provides technical assistance to branch offices, agency staff, governmental agencies, and the public on technical aspects of unemployment insurance benefit programs and in the interpretation of the laws, policies, and rules governing the programs.

Investigates and researches solutions to problems posed by claimants and employers pertaining to unemployment benefit claims and taxation.

Prepares training materials and conducts in-service staff training to implement new programs, procedures, automated systems, or operating changes in established programs.

Develops and revises operating procedures and forms to reflect changes in state and federal requirements and agency practices and standards.

Assesses the social, economic, political, operational, and organizational implications of existing and proposed policy and program decisions.

Develops program plans for an assigned area of responsibility, including the study and analysis of program data, formulation of policy and program budget preparation, and the determination of necessary automated data systems modifications.

Serves as a liaison and coordinates unemployment insurance programs with state and federal agencies, private or public organizations, and communities in an assigned area.

Develops and recommends alternative state and agency strategies to address and resolve a variety of issues and problems related to unemployment insurance programs.

Prepares administrative program releases, updates operating manuals, and designs and revises forms and informational pamphlets.

Maintains records, and prepares reports and correspondence related to the work.

May assist in the training of new employees.

Performs related work as assigned.

Additional Job Duties

Unemployment Insurance Analyst 12 (Lead Worker)
Oversees the work of professional staff by making and reviewing work assignments, establishing priorities, coordinating activities, and resolving related work problems.

Unemployment Insurance Analyst 12 (Senior Worker)
Performs on a regular basis professional unemployment insurance analyst assignments which are recognized by Civil Service as more complex than those assigned at the experienced level.
