## Michigan Lighthouses

Did you know that Michigan is home to more than 115 lighthouses? In fact, Michigan has more lighthouses than any other state.

If you are planning a summer lighthouse tour, make sure to check out Pure Michigan's lighthouse [homepage](#).

Their website provides statewide lighthouse listings along with lighthouses that are open to the public.

You can also find names and locations for every Michigan lighthouse by clicking the map at the right.

### National Immunization Month

We all need immunizations (also known as vaccines or shots) to help protect us from serious diseases.

Shots can prevent serious diseases like measles, shingles, and rubella. It's important to know which shots you need and when to get them.

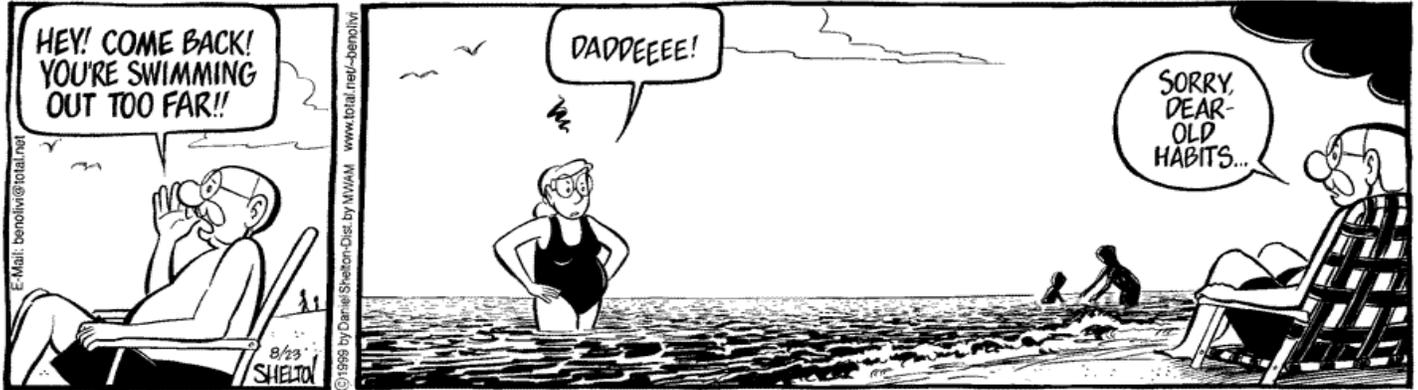

Talk to your doctor or nurse to make sure that everyone in the family gets the shots they need.

Click [here](#) for additional information and resources.
