FY22 Executive Budget Funding for Legislation Affecting Local Government Operations

In compliance with MCL 21.235(5) and 21.241(11), additional information is included for funding recommended in the FY22 Executive Budget and FY21 Supplemental Recommendation that supports costs of legislation affecting local government operations: Clean Slate (criminal expungement); Raise the Age (moving 17-year-olds out of adult courts and into juvenile justice system); and Indigent Defense Grants (improving the state's legal system to ensure effective assistance of counsel to indigent defendants).

A detailed list of all estimated payments to local governments in the Governor's FY 2022 Executive Budget follows as Appendix A.

Clean Slate

In October 2020, Governor Whitmer signed a bipartisan package of seven bills (Public Acts 187-193 of 2020) collectively referred to as "Clean Slate" legislation that facilitate the automatic expungement of certain criminal records with the goal of helping to remove barriers to housing, employment, and other economic opportunities for eligible residents. The FY21 Supplemental Budget presented today recommends \$19 million to support the coordinated development of automated expungement systems in the Departments of Attorney General, Corrections, State Police, and the Judiciary. The legislation requires the state the Department of Technology, Management and Budget to develop and maintain a computer-based program for setting aside criminal convictions and requires the Michigan State Police (MSP) to create and maintain a nonpublic record of each conviction set aside. The MSP system must be electronically accessible by each court in state and used only to update locally maintained court records. An estimated \$2.8 million of the \$19 million in FY22 Executive Budget total will be used to support the costs of non-judiciary case management system updates. The Department of State Police will lead the coordinated development effort across state agencies. In addition to the one-time funding in the FY21 Supplemental, the FY22 Executive Budget recommends ongoing funding of \$2.2 million to fund the costs of staff and maintenance and operations in the budgets for Attorney General, Judiciary and Michigan State Police associated with the legislative changes.

Raise The Age

In 2019, Governor Whitmer signed legislation to raise the age of automatic adult court jurisdiction from 17 to 18 years of age, keeping youth out of adult court and providing access to age-appropriate rehabilitation services. Raise The Age legislation requires the state to fund 100% of the costs attributable to the changes, rather than following the typical 50/50 cost-sharing between the state and county governments. The FY22 Executive Budget includes \$14.9 million to fund the estimated local costs of Raise The Age legislation.

Michigan Indigent Defense Grants

Public Act 93 of 2013 (MCL 780.981 – 780.1003) created the Michigan Indigent Defense Commission and authorized it to improve criminal indigent services through a framework of minimum standards. Statute mandates that the additional costs due to implementation of the minimum standards be paid by the state. The Governor's fiscal year 2022 Executive Budget recommends an additional \$19.35 million for implementation of standards 1 through 4, bringing the total to \$137 million, and \$12 million for standard 5 – requiring independence from the judiciary - which was approved last fall.
