DESCRIPTION OF WORK

This work under this contract includes the interfacing of the lighting and fan controls in the Allegan and Ottawa parking ramps with the existing Tridium (building management) control and monitoring system. This will consist of replacement of ten (10) existing lighting distribution panels (480/277) with new intelligent distribution panels that will communicate with and be controlled by five (5) new JACE (Java Application Control Engine) units that will interface into the existing Tridium system already in place. In addition to lighting control and monitoring all parking ramp ventilation fans and selected pumps will be controlled and monitored through these five (5) new JACE units as well as the monitoring of selected electrical metering in the Allegan Ramp. There will be additional work to remove the old lighting and fan controls. This project is located inside the State of Michigan, Allegan and Ottawa parking ramps, Lansing, Michigan, with the work being performed in accordance with specifications and drawings prepared by GRP Engineering, Inc. and dated April 1, 2008.

Bid Security and Performance Bonds: Required Not Required

All Bidders submitting bids in excess of \$100,000.00 must be certified by the Department of Civil Rights for compliance with State of Michigan Equal Employment Opportunity requirements prior to submission of bids. Note: Due to recent processing improvements by the Department of Management & Budget (DMB) and the Department of Civil Rights (DCR) concerning Certificates of Awardability, consideration may be given to bids received while final certification is still pending. In order to qualify for such consideration a bidder who does not possess a Certificate of Awardability valid through the bid opening date must do each of the following:

- Notify MDCR in writing, by sending a facsimile (fax) to 313-456-3826 at least 3 business days prior to the bid opening date, that the bidder has submitted a bid contingent upon a pending Certificate of Awardability. Notice shall indicate the contract bid upon, the scheduled bid opening date, the name and phone number(s) of a contact person able to speak for the bidder on the subject of awardability, and the date on which the bidder's application for Certificate of Awardability was initially filed.
- Ensure that all information required on the application for Certificate of Awardability was provided to MDCR.
