Please review the submission [instructions](#) provided by CEPI or contact the Help Desk at cepi@michigan.gov. **The next window to submit changes to CEPI is Monday, December 2, 2019.**

The **Big 10 Network** is a workgroup created by the MI School Data Leadership Team to facilitate the redesign efforts of MI School Data based on ongoing state initiatives, and the recommendations of our “Big 10” a/k/a regions and their advisory members.

The Big 10 Network met July 16-17, 2019, and included key stakeholders who explored connections between existing and planned Michigan initiatives (e.g. MICIP, data hub, etc.) and the MI School Data Redesign. Representatives from several ISD/RESA/RESA’s, MDE, CEPI, MAISA, as well as many workgroups that support Michigan’s Top 10 in 10 initiatives were present. Members reviewed connections to the Civil Rights Data Collection, MiPHY, the ASCD WSCC and MICIP, existing MI School Data logins and permissions, and previous collection of data through the Data Tools for School Improvement. The group also reviewed the data types and locations (process, perception, demographic and achievement) for educator access.
