

MI School Data News and Updates

Updated as of May 1, 2019

Recently Released:

- Annual counts and FTE of teachers, administrators, paraprofessionals and other staffing groups are included in the [Staffing Count](#) report, including breakouts by age range, longevity, race/ethnicity, gender and highest education level. The report has been updated with 2018-19 data and released to the public.
- The [2018-19 Pupil Headcount \(MSDS\) Fall Data](#) file has been released to the public, containing fall count data broken out by gender, grade and race/ethnicity. Spring 2019 count data will be added to this file by the summer of 2019.

Coming Soon:

- Data for publicly-funded early childhood education taken by students before enrollment into kindergarten such as *Early On*®, Early Childhood Special Education, Great Start Readiness Program and GSRP/Head Start Blend are found in the [Kindergarten Count](#) and [Kindergarten Pathways](#) reports. Kindergarten Count gives counts and percentages of kindergarten students who were enrolled in any of these programs prior to kindergarten, and Kindergarten Pathways shows the order in which students were enrolled in the various programs, including developmental kindergarten. These reports will soon be updated in preview with 2018-19 data.
- Postsecondary data showing enrollment, credit accumulation, remedial coursework, and degree attainment along with select demographic breakdowns for each high school graduating class is packaged in the

[Student Pathways Aggregate for High Schools](#) report. This report will soon be updated with 2017-18 data, and released to the public.

- The target and performance of indicators 1 to 14 of the Annual Performance Report for the state and districts will soon be released in preview in the Special Education Public Reporting 2017-18 report year update. This year, ISD aggregate data will be added to the reports. Secure users will be able to view the reports using the “New Annual Public Reporting – SPP” section while in preview.
 - The Indicator Report Summary report displays a table of indicator information for quick comparison of state or district targets and performance data. Click on the names of any indicator to see details on submission and data sources.
 - Users can customize which indicators they would like to view using the Selected Indicator Reports. This also provides collection information with data tables and accompanying charts showing state targets and performance.
 - Indicator data files with Part B and Part C information will be updated on the Special Education Summary page, along with answers to common questions regarding Part B State Performance Plan/APR data, and IDEA terms and definitions.
