Information Regarding the End-of-Year (EOY) 2017 SID Submission

Please note the following information regarding the EOY 2017 SID Collection:

- CEPI has recommended to the legislature that the reporting burden related to school safety data be reduced for school districts. These recommendations were undertaken in both House Bill 5661 and Senate Bill 754, but until the legislature takes action on these bills, school districts will need to continue reporting in the SID. Should these bills pass, CEPI will communicate to the field any reporting requirement changes.
- Please note that dual enrollment data will no longer be collected in the SID beginning School Year 2016-17. Data formerly reported in SID will now be reported in the Financial Information Database (FID) and the Teacher Student Data Link (TSDL) collection.

EOY 2017 SID Submission

Districts' authorized users may complete the SID submission either via the online application or by preparing and uploading a file to the SID following the specifications in the EOY 2017 SID Data Field Descriptions and the EOY 2017 SID Record Layout.

Submission Date

The SID submission date is June 30.

Shared Physical Space – Central Administrative Office

When a central administrative office shares physical space with another school/facility, the district may report the central administrative office as sharing physical space and report one set of data for the combined shared space.

Managing Your Michigan Education Information System (MEIS) Account

Updating an MEIS Account Email Address or Phone Number. It is important for the MEIS user's information to be current. Frequently, email messages are sent to all authorized users of an application. It is sometimes necessary for the state to contact an authorized user by telephone; therefore, that number must be kept current as well. If an update is necessary for either an email address or a phone number:

- Update an MEIS account at <http://michigan.gov/meis>.
- a. Click on the MEIS logo.
 - b. Log in as an MEIS User.
 - c. Click on "Edit Personal Information."
 - d. Click on "Save Changes" to update your account.
 - e. Click on "Return to the MEIS User Management Main Menu."
 - f. Log out of MEIS.

Name Change. A name change affects your security access to an application. A user is only allowed to log in as the individual named on the security agreement. If an individual user has a name change, the individual must do the following:

1. Create a new MEIS account at <https://cepi.state.mi.us/MEISPublic>.
2. Complete and submit the appropriate security agreement(s) for the CEPI application(s) for which he/she has authorization. The security agreement for SID is located on the CEPI website at www.michigan.gov/cepi. Click on "CEPI Applications" and then on "School Infrastructure Database." The security agreement may be found under the heading Submit SID Data to CEPI.

Need help with your MEIS account or password?

If you have any problems with your MEIS account or password while you are using the SID, please contact CEPI customer support at 517-355-0505 x3 or via email at CEPI@michigan.gov.

Security Agreement

After you have established your MEIS account, download the SID Security Agreement from the CEPI Applications_page on the CEPI website at www.michigan.gov/cepi. Click on "CEPI Applications" and then click on "School Infrastructure Database." The Security Agreement is located under the heading, Submit SID Data to CEPI. After submitting the completed and signed form, you will be notified by email when you have access to the SID. After you have security access to the SID, you are ready to begin.

A district may have more than one authorized user for the SID; however, each user must have an MEIS account number and submit a separate SID Security Agreement.

State of Michigan Office Contact

Each field listed in the SID Data Field Descriptions contains a state of Michigan office contact. This is the office to which content questions pertaining to a particular field should be directed. As always, for technical assistance with your data submission, please contact CEPI customer support at 517-335-0505 x3 or CEPI@michigan.gov. Please provide your name, district code, district name, CEPI application name, your telephone number (including area code and extension), your email address, and your specific questions.

Definition:

These codes are the state-assigned numbers in the EEM. The EEM numbers are five digits. You must add a leading zero in front of the EEM numbers for all schools/facilities that have four-digit numbers (e.g., 01234).

Additional Reporting Information:

- This field also provides the relational link to all the core data sets in the warehouse.
- Any district-operated school or Unique Education Provider may receive a five-digit number. For requesting an EEM number, the following guidelines have been created. These guidelines will help differentiate a school from a program. Send questions or comments regarding this field to CEPI@michigan.gov.

School: Generally, a public school is an administrative unit (not necessarily a physical building) that provides instruction to students. It is operated by a primarily publicly funded education entity (Michigan Department of Education (MDE), Intermediate School District (ISD), Local Education Agency (LEA), Public School Academy (PSA) and has ALL of the following characteristics:

- An administrator (principal) who reports directly to the entity's chief executive officer (e.g., superintendent).
- Teachers responsible for educating a specific set of students.
- Students
- Receives a state-issued Michigan School Report Card. (The Michigan Department of Education annually makes a determination of Adequate Yearly Progress [AYP] for all public elementary, middle schools and high schools in Michigan. AYP evaluates schools and school districts in the areas of academic achievement, participation in state assessment, graduation rate for high schools, and student attendance for elementary and middle schools.)

School for all other entities (State Agency, Nonpublic, Higher Education, Other) would be defined as: an administrative unit (not necessarily a physical building) that provides instruction to pupils and has the following characteristics:

- Administrator
- Teachers
- Students

Shared Educational Entity (SEE) and Specialized Shared Educational Entity (S2E2): A SEE or an S2E2 is formed when two or more districts cooperate to provide educational services to a group of students, and the member districts agree to participate in the "sending scores back" policy. A SEE (school) provides those educational services in a single location. An S2E2 (not a school) provides those educational services in multiple classrooms inside of existing schools. (Michigan Department of Education September, 2011)

Districts are required to report SID data for all SEEs. SID data are not required for S2E2s.

Unique Education Provider: A Unique Education Provider is not a school; however, it provides instructional services to children before kindergarten, supplemental instruction, or provides support education for grade levels pre-K through 12, or adult education services. Generally it has:

- Administrator, supervisor, coordinator or director who reports to a principal or another administrator
- Teachers who may have special endorsements beyond those normally required for Pre-K through 12
- Students who select to attend or are referred by another public agency/school
- Students who are not necessarily in full-time attendance
- The location does not administer state assessments: MEAP, MME, MI-Access and/or ELPA, but may administer other state assessments.
- The location does not offer a Michigan Merit diploma (if grades 9-12).

Supplements or is a primary legal entity receiving funds through MDE. (e.g., Nonpublic School, Private School, Other State Agency, Higher Education Institution, Other Recipient of Funds through MDE)

Non-Instructional Ancillary Facility (NIAF): This entity does not provide instruction but is affiliated with the LEA, ISD, PSA, State or Other and does get an entity code for reporting purposes. Examples: entities serving as a bus garage, transportation center, plant/maintenance facility, administrative support, food service, communications/media, sports/recreation, health services, family/community center, professional training center, agriscience/natural resources center, treatment center.

(Definitions: Michigan Department of Education May, 2008, except as noted for SEEs and S2E2s.)

Definition:

"Bullying" means any written, verbal, or physical act, or any electronic communication, including, but not limited to, cyberbullying, that is intended or that a reasonable person would know is likely to harm 1 or more pupils either directly or indirectly by doing any of the following:

- (i) Substantially interfering with educational opportunities, benefits, or programs of 1 or more pupils.
- (ii) Adversely affecting the ability of a pupil to participate in or benefit from the school district's or public school's educational programs or activities by placing the pupil in reasonable fear of physical harm or by causing substantial emotional distress.
- (iii) Having an actual and substantial detrimental effect on a pupil's physical or mental health.
- (iv) Causing substantial disruption in, or substantial interference with, the orderly operation of the school.

Additional Reporting Information:

Indicate the number of incidents of bullying between a student and another person(s) that were reported to law enforcement officials. These incidents must have occurred over the past school year at school or at a school-sponsored activity. "At school" means in a classroom, elsewhere on school premises, on a school bus or other school-related vehicle, or at a school-sponsored activity or event whether or not it is held on school premises.

"At school" includes conduct using a telecommunications access device or telecommunications service provider that occurs off school premises if the telecommunications access device or the telecommunications service provider is owned by or under the control of the school district or public school academy.

Definition:

Indicate the number of criminal sexual conduct incidents over the past school year that occurred on school property or at a school-sponsored activity. Use the following guidelines when reporting criminal sexual conduct:

To report criminal sexual conduct (CSC), consider the interaction between the victim and the assailant, the assailant's age, gender, contact and the use of force. School staff members to whom a CSC disclosure is reported may view the disclosure through a perception of who a "typical assailant" might be. Rather than assume that the assailant is male, older, and/or stronger than the victim, the reverse may be true. The threat of force may reduce the natural advantage that age, gender, and/or strength might provide to the victim. In addition, the capacity to understand and/or respond should also be considered in terms of cognitive impairment, mental incapacity, and physical helplessness at the time of the incident. As mandated reporters, the school staff members are required to report any incidences or suspected incidences of CSC. An incidence of CSC includes at least, but is not limited to, the following scenarios.

Examples of CSC which meet the definition of this offense:

- An assailant can be under the age of 13 and may perpetrate an act of CSC on an older victim, even an adult.
- An assailant can be a 15-year-old female and may perpetrate an act of CSC on a male, 16 or older.
- When two 16-year-olds are involved in sexual activity, and one of them is under the influence of alcohol and/or other drugs, the non-using student is perpetrating an act of CSC. When both students are using alcohol and other drugs, CSC may still have occurred.

- When two 16-year-olds are involved in sexual activity, and one of them is cognitively impaired, the student with competent cognitive ability is perpetrating an act of CSC.

Sexual penetration involving a person under the age of 16 is criminal sexual conduct. If further explanation is necessary, please refer to the statute noted in this section.

Sexual touching of a person's intimate parts involving a person under the age of 13 is criminal sexual conduct. Sexual touching of a person's intimate parts involving a person age 13, 14, or 15 is criminal sexual conduct if the actor is five or more years older. A person's intimate parts include the breast, the buttocks, groin, or genital areas and the clothing covering any of these areas.

Note: With regard to sexual touching between two or more students of at least the age of 13 and under the age of 16, please refer to the local district's Department of Human Services and the local district's policy on cooperating with local law enforcement officials and the local district's Department of Human Services (formerly Family Independence Agency).

Dependencies with Other Fields:

Definition:

Indicate the number of incidents over the past school year when a person was in possession of a dangerous weapon anywhere on school property or at a school-sponsored activity, including but not limited to buses, cars and lockers.

The term "dangerous weapon" means a firearm, dirk, dagger, stiletto, iron bar, knife with a blade over three (3) inches in length, pocket knife opened by a mechanical device, and brass knuckles [MCL 380.1313(4)]. The definition of "firearm" in section 380.11 refers to the definition of that term in the federal Gun-Free Schools Act of 1994, which in turn refers to another section of federal law which defines a firearm as:

- Any weapon (including a starter gun) which will, or is designed or may readily be converted to, expel a projectile by the action of an explosive;
- The frame or receiver of any such weapon;
- Any firearm muffler or firearm silencer; or
- Any destructive device.

This category should be used when the primary nature or most serious reportable incident is possession of a weapon, not merely incidental to the furtherance of a more serious offense. If the use of a weapon was incidental to some other offense (e.g., robbery, extortion, hostage or homicide) the incident should be reported in that category.

Definition:

Indicate the number of students who have been victims of violent criminal offenses on school property or at a school-sponsored activity over the past school year. A student shall be considered to be a victim of a violent criminal offense when the student, or his or her parent or legal guardian has made an official written complaint to law enforcement officials and to school officials of the student's school district residence that the student has been the victim of a violent criminal offense that occurred at school.

The written complaint to school officials and law enforcement officials is sufficient. The complaint need not be investigated by a law enforcement agency to be counted. (The student, or his or her parent or legal guardian should provide school officials with the date the alleged incident occurred and the law enforcement agency's complaint or incident number.)

As used in the Statewide Safe School Choice Policy, "violent criminal offense" means an act that constitutes criminal sexual conduct as defined by MCL 750.520b, 750.520c, 750.520d, 750.520e or 750.520g, or other serious assault, constituting a felony violation of MCL 750.81 to 750.90g, or that constitutes an assault and infliction of serious or aggravated injury under MCL750.81a.

"At school" means in a classroom, elsewhere on school premises, on a school bus or other school-related vehicle, or at a school-sponsored activity or event whether or not it is held on school premises.

In the event an act or transaction has multiple complainants (victims), the act should be counted only once. In the event that a student is the complainant of multiple acts that are not part of the same transaction, each act must be counted.
