Playing Flintstones
Game Script

Playing The Flintstones game at your event can be a blast. Be sure to follow the instructions, which are included with each game. Get your crowd in The Flintstones mood by playing The Flintstones theme song or "Yabba dabba doo" from your smart device over the sound system.

Once you have the crowd's attention, announce the following:

> *"Buy The Flintstones for a chance to win $100 or more. Tickets are $1 each. Get your tickets quickly because only 320 tickets are available per game. Many of the tickets are instant winners. If you open a ticket that has The Flintstones' car with a unique Car Number, <u>hold on to that Car ticket</u> for a chance to win at least $100. Once all the tickets have been sold, we will determine the winning Car Number."*

Once all the tickets in the box have been sold, take the seal card with the matching color and serial number of the game just sold. Begin the announcement:

> *"We will now be revealing the winning Car Prize Number for game number 85-<###-###>."*

(Open the Car Prize Number window and read the Car Prize Number.)

> *"The Car Prize number is <##>. If you have this ticket number, you win $100 <u>plus</u> a <u>chance</u> to win the progressive jackpot of <$##>"* (the amount written in the progressive jackpot box).

The winner is awarded $100 then directed to choose a window from the seal card.

> *"Choose a window between 1 and 4 for the progressive jackpot prize."*

If the window chosen says YOU WIN, read the window to the crowd and pay the player the rollover jackpot prize.

If the window chosen says I'M SORRY, read the window then announce:

> *"This progressive jackpot prize is rolled over to the next game. The new jackpot prize will be for <$xxx>"* (whatever the progressive jackpot prize was PLUS $50).
