

Limited Alcohol Buyer License General Information

A Limited Alcohol Buyer license:

- License issued to a person located in Michigan which allows the purchase of alcohol, 190 proof grain alcohol for medicinal, mechanical, chemical or scientific purposes.
- Generally issued to hospitals and pharmacies that use alcohol in preparing medicines and to laboratories, chemical companies and other businesses that utilize alcohol for scientific experiments, sterilization and mechanical purposes.
- May purchase alcohol from the Commission or a business licensed as a Seller of Alcohol by the Commission.
- \$10.00 annual license fee. License fee may not be prorated for part year licensure and is payable at the time of initial application.

How To Apply For A License:

Please refer to "Checklist for Michigan Non-Retail License" information sheet for applicable forms and required documents.

All forms are available on our website at: www.michigan.gov/lcc ---> Commission Forms ---> Manufacturers & Wholesalers.

General Information:

Release of Alcohol:

All shipments of alcohol and bulk alcoholic liquor must receive prior approval from the Commission in the form of an approved "Release of Alcoholic Beverages for Commercial Use" (form LC-MW-836). A supply of Release forms will be provided upon issuance of the license.

- Administrative rule R 436.1809, R 436.1815

Sales/Purchase Records:

All licensees are required to keep all records pertaining to sales and purchases of alcoholic liquor for a minimum of 4 years.

- Administrative rules R 436.1007, R 436.1641, R 436.1727, R 436.1865
