

Powered Industrial Truck Train-the-Trainer

1 Who Should Attend . . .

This seminar is a must for anyone concerned about health and safety on the job including:

- ▶ Managers concerned about liability and workers' compensation costs
- ▶ Employees who want to learn proper techniques for protecting their safety and health at work
- ▶ Business owners who want to learn about compliance with Michigan Occupational Safety and Health Administration (MIOSHA)

2 Why You Need This Seminar . . .

- ▶ To reduce disabling injuries and illnesses to employees - and to ensure that every worker goes home safe and healthy every day.
- ▶ To reduce the high costs of work-related injuries. Nationally, employers spent an estimated 50.8 billion on wage payments and medical care for workers hurt on the job. (*Liberty Mutual Safety Index 2005*) This is only a portion of the total costs of work-related injuries. Indirect costs such as overtime, training and lost productivity can also burden employers.
- ▶ To enhance your company's bottom line. A strong safety and health commitment not only protects workers, it also reduces workers compensation costs, improves employee morale, and increases production and quality.

3 What You'll Learn . . .

This MIOSHA program involves a full day of safety training designed to address specific occupational safety and health hazards associated with operating powered industrial trucks. MIOSHA General Industry Safety Standard Part 21, Powered Industrial Trucks is extensively examined as well as the relevant rules contained in other MIOSHA Standards. Topics include truck safe guards and devices, safe operating procedures, employee selection, training and inspections.

Agenda

We offer a flexible program agenda to emphasize the health and safety topics you want most.

- ▶ Overview of CET Services
- ▶ Part 21: Review of the Powered Industrial Truck Standard
- ▶ Top 10 Common Violations for Powered Industrial Truck
- ▶ Health Hazards Associated with Operating Powered Industrial Trucks
- ▶ Review of Daily Checks Required by the Standard

All meetings are accessible and barrier free. Please contact the cosponsor or CET Division, at least two weeks in advance, to request necessary accommodations.

Facilitator

Deborah Gorkisch is currently an Occupational Safety Consultant with the Consultation Education and Training Division of MIOSHA. Deborah has over 8 years of environmental, health and safety experience. Deborah currently provides consultation and training services for Kent, Ottawa, and Muskegon counties.

Before working for the State of Michigan, Deborah was an EHS Specialist in a private manufacturing facility performing Safety and Health functions in two Michigan Voluntary Protection Program (MVPP) STAR sites. This included, but was not limited to, injury management and record keeping, program development and implementation, regulatory and best practice training, chemical management program, industrial hygiene coordination, hazard recognition program and safety team development and facilitation. Deborah is a graduate of Grand Valley State University with a BS degree in Occupational Safety & Health.

Deborah Gorkisch
*Occupational Safety Consultant,
MIOSHA, CET Division*
