

## COVID-19 Social Gathering Guidance

Socializing with family or friends may feel safe, but it is risky – especially with COVID everywhere in Michigan today. It's best to only get together outside. If you must gather indoors, you may only see two other households at a time.

## To reduce risk, follow these guidelines:

Pick only two other households to see over the next three weeks. Even better, form a consistent social pod.

Choose households that are also being careful. If anyone feels sick, postpone the gathering.

Limit duration indoors. The longer the visit, the greater the risk.

Follow these rules as much as possible:

Wear a mask – only take it off when you eat or drink, then put it back on.

| ¶µ¢ | ⇒Yıp |
| U   | U    |

Stay six feet apart.

Keep voices down and avoid shouting or cheering.

| Ď            | <u>ן</u>         | († |

Do not share utensils.

## After a gathering, monitor yourself for symptoms of COVID-19. If anyone in the group feels sick, get tested.
