

STATE OF MICHIGAN

DEPARTMENT OF HEALTH AND HUMAN SERVICES

LANSING

GRETCHEN WHITMER
GOVERNOR

ROBERT GORDON
DIRECTOR

Emergency Order Under MCL 333.2253 – Regarding Executive Orders 2020-110, 2020-114, and 2020-115

The novel coronavirus (COVID-19) is a respiratory disease that can result in serious illness or death. It is caused by a new strain of coronavirus not previously identified in humans and easily spread from person to person. There is currently no approved vaccine or antiviral treatment for this disease.

On March 10, 2020, the Michigan Department of Health and Human Services identified the first two presumptive-positive cases of COVID-19 in Michigan. On that same day, Governor Gretchen Whitmer issued Executive Order 2020-4 declaring a state of emergency across the state of Michigan under section 1 of article 5 of the Michigan Constitution of 1963, the Emergency Management Act, 1976 PA 390, as amended, MCL 30.401-.421, and the Emergency Powers of the Governor Act of 1945, 1945 PA 302, as amended, MCL 10.31-.33. And in response to the widespread and severe health, economic, and social harms posed by the COVID-19 pandemic, the Governor issued Executive Order 2020-33 on April 1, 2020. This order expanded on Executive Order 2020-4 and declared both a state of emergency and a state of disaster across the state of Michigan under section 1 of article 5 of the Michigan Constitution of 1963, the Emergency Management Act, and the Emergency Powers of the Governor Act of 1945. On April 30, 2020, finding that COVID-19 had created emergency and disaster conditions across the State of Michigan, the Governor issued Executive Order 2020-67 to continue the emergency declaration under the Emergency Powers of the Governor Act, as well as Executive Order 2020-68 to issue new emergency and disaster declarations under the Emergency Management Act. And on May 22, 2020, the Governor issued Executive Order 2020-99, again finding that the COVID-19 pandemic continues to constitute a disaster and emergency under the Emergency Powers of the Governor Act.

On April 2, 2020, I issued an order entitled Emergency Order Under MCL 333.2253 – Regarding Executive Orders 2020-11, 2020-20, and 2020-21 to control the epidemic and protect public health by reinforcing the Governor’s executive orders. At the time that order was issued, there were 9,334 cases of COVID-19 diagnosed in Michigan and 337 reported deaths.

On May 18, 2020, in light of changing needs for enforcement, I rescinded the April 2 order and issued an order entitled Emergency Order Under MCL 333.2253 – Regarding Executive Orders 2020-69, 2020-71, 2020-91, and 2020-92.

On May 27, 2020, in light of changing needs for enforcement, I rescinded the May 18 order and issued an order entitled Emergency Order Under MCL 333.2253 – Regarding Executive Orders 2020-69, 2020-71, 2020-96, and 2020-97.

As of June 4, 2020, there were 58,241 cases of COVID-19 diagnosed in Michigan and 5,595 reported deaths. Many of these cases are the result of well-established community spread. Social distancing measures, including isolation of persons affected by COVID-19, are essential to control the pandemic. Social distancing is the primary tool available to suppress the spread of COVID-19, save lives, and prevent excessive pressure on the state’s healthcare system.

The pandemic persists, and the means necessary to control it continue to evolve. On June 5, Governor Whitmer issued executive order 2020-115 re: Temporary restrictions on certain events, gatherings, and businesses. This order moves Regions 6 and 8 to Stage 5 of the Michigan Safe Start Plan. In those regions, gyms, hair salons, indoor theaters, tattoo parlors, casinos, and similar establishments are permitted to open, subject to strict workplace safeguards. In addition, consistent with social distancing, an increased number of individuals who are not members of the same household may gather socially indoors or at organized events. Also on June 5, Governor Whitmer issued executive order 2020-114 re: Safeguards to protect Michigan's workers from COVID-19. This order specifies workplace safeguards applicable throughout the State of Michigan, as well as specific safeguards for the businesses allowed to re-open in Regions 6 and 8 of the State. Executive order 2020-110 remains in place for Regions 1-5 and 7. I therefore find it appropriate to rescind the May 27 order, and to promulgate a new order to control the epidemic.

Considering the above, and upon the advice of scientific and medical experts employed by the Michigan Department of Health and Human Services, I have concluded pursuant to MCL 333.2253 that the COVID-19 pandemic continues to constitute an epidemic in Michigan. I further conclude that control of the epidemic is necessary to protect the public health and that it is necessary to establish procedures to be followed during the epidemic to ensure the continuation of essential public health services and enforcement of health laws. As provided in MCL 333.2253, these emergency procedures are not limited to the Public Health Code.

I therefore order that:

1. The rules, procedures, and restrictions outlined in Executive Order ("EO") 2020-110, EO 2020-114, and EO 2020-115 are necessary to control the epidemic and protect the public health.
2. The rules, procedures, and restrictions outlined in EO 2020-110, EO 2020-114, and EO 2020-115 are hereby incorporated into this order and remain in place until this order is lifted.
3. Every person in this state must comply with these rules, procedures, and restrictions. Any violation of this order by a person regulated by a licensing agency shall be referred to the relevant licensing agency. The licensing agency must determine whether to pursue additional enforcement action on a case-by-case basis. For purposes of this order, "person" has the meaning provided by section 1106 of the public health code, 1978 PA 368, MCL 333.1106.
4. Pursuant to MCL 333.2235(1), local health departments are authorized to carry out and enforce the terms of this order.
5. Law enforcement officers, as defined in the Michigan Commission on Law Enforcement Standards Act, 1965 Public Act 203, MCL 28.602(f), are deemed to be "department representatives" for purposes of enforcing this order, and are specifically authorized to investigate potential violations of this order. They may coordinate as necessary with the appropriate regulatory entity and enforce this order within their jurisdiction.
6. Law enforcement officers are specifically authorized to bar access to businesses and operations that fail to comply with the rules, procedures, and restrictions outlined in EO 2020-110, EO 2020-114, and EO 2020-115. The Attorney General and county prosecutors are likewise specifically authorized to enforce this order to control the epidemic and protect the public health in coordination with the appropriate law enforcement authority and, as necessary, the appropriate regulatory entity.

7. Consistent with MCL 333.2263, any appeals of civil monetary citations issued under this order in accordance with the schedule of fines set forth in related emergency rules may be heard by the Michigan Office of Administrative Hearings and Rules.
8. The May 27 order entitled “Emergency Order Under MCL 333.2253 – Regarding Executive Orders 2020-69, 2020-71, 2020-96, and 2020-97” is rescinded. Any references to the May 27 order entitled “Emergency Order Pursuant to MCL 333.2253 Regarding Executive Orders 2020-11, 2020-20, and 2020-21” now refer to this order.
9. If any provision of this order is found invalid by a court of competent jurisdiction, whether in whole or in part, such decision will not affect the validity of the remaining part of this order.

This order is effective immediately and remains in effect until lifted.

Date: June 5, 2020

Robert Gordon, Director
Michigan Department of Health and Human Services
