

MI Safer Sports COVID-19 Testing Program: Participant Code of Conduct

The Michigan Department of Health and Human Services (MDHHS) is pleased to provide COVID-19 rapid antigen tests for all athletics. All unvaccinated participants must be tested consistent with the [MDHHS Interim Guidance for Athletics](#).

As a participant in the MI Safer Sports program, I understand and agree to the following:

- My participation in the practices and competitions over the course of this program is voluntary.
- I agree to receive a COVID-19 test (rapid test) at the cadence prescribed in the [MDHHS Interim Guidance for Athletics](#).
 - If I test positive, I must abstain from organized sports activities immediately. I understand that it is recommended that I receive a negative molecular (PCR) test within 48 hours of the rapid test results, and I may only return to play if molecular (PCR) test is negative, and I continue to have no symptoms.
- I will always wear a face mask, except in situations described in the [MDHHS Interim Guidance for Athletics](#).
- If I exhibit any symptoms of COVID-19, I will self-isolate and not attend practice or competition, regardless of any negative test result.
- If I test positive for COVID-19, show symptoms, or am exposed in close contact to someone who tests positive, I will cooperate with local and state public health officials in the case investigation and contact tracing process.
- Inside and outside of practice and competition, I will follow all state and local health orders that apply in my area, including wearing a face mask when around others and limitations on gatherings outside my immediate household, including non-team gatherings and social gatherings with my team outside of practice or competition.

I understand that failure to follow the above agreements could result in my removal from competition and practices and may result in disqualification of my entire team.

MDHHS may request documentation at any time necessary to enforce this Code of Conduct.
