Section 301 (2) - Information removed from the offender tracking information system due to the expiration of 3 years following release of an offender from the department's jurisdiction shall be retained by the department and maintained in a password-protected archive. Effective October 1, 2009, information in the archive shall be made available upon payment of a fee as determined by the department. Revenue collected under this section is appropriated for the costs of the offender tracking information system, and any revenue collected in excess of the costs of maintaining the offender tracking information system is appropriated for information technology costs. The department shall report on March 1, 2011 to the senate and house appropriations subcommittees on corrections, the senate and house fiscal agencies, and the state budget director on the fees charged and revenue collected under this section.

Further progress on this project was not made during this reporting period due to limited resources and other high priority projects. It is anticipated the form will be made available online for individuals to request the historical data via a manual process by June 30, 2012.

OTIS records continue to be available to the public for offenders who are active under the department's jurisdiction or were under the department's jurisdiction within the last three years.

Revenue

No fees have been charged and no revenue has been generated.
