REPORT TO THE LEGISLATURE Pursuant to P.A. 200 of 2012 Section 402 Prisoner Reentry Expenditures and Allocations Report

Sec. 402. (1) It is the intent of the legislature that the funds appropriated in part 1 for prisoner reentry programs be expended for the purpose of reducing victimization by reducing repeat offending through the following prisoner re-entry programming:

(a) The provision of employment or employment services and job training.

(b) The provision of housing assistance.

(c) Referral to mental health services.

(d) Referral to substance abuse services.

(e) Referral to public health services.

(f) Referral to education.

(g) Referral to any other services necessary for successful reintegration.

(2) By March 1, the department shall provide a report on prisoner re-entry expenditures and allocations to the members of the senate and house appropriations subcommittees on corrections, the senate and house fiscal agencies, and the state budget director. At a minimum, the report shall include information on both of the following:

(a) Details on prior-year expenditures, including amounts spent on each project funded, itemized by service provided and service provider.

(b) Allocations and planned expenditures for each project funded and for each project to be funded, itemized by service to be provided and service provider. The department shall provide an amended report quarterly, if any revisions to allocations or planned expenditures occurred during that quarter.

(3) The department shall continue its efforts, with technical assistance provided by the justice center of the council of state governments, on establishing criteria and key indicators of the success and failure of offenders. Indicators shall reflect the status of and trends in key program elements, behavior improvements on the part of offenders, and whether targeted goals are being met.
