PAGE 1 OF 6		

POLICY STATEMENT:

Good time credits shall be used as a management tool to reward eligible prisoners for good behavior and as an incentive to continue such behavior.

RELATED POLICIES:

- 03.01.101 Disciplinary Credits
- 03.01.102 Habitual Offenders
- 03.01.105 Disciplinary Time

DEFINITIONS:

- A. Parole Board Jurisdiction Date (PBJ) - The earliest date an offender is eligible for release.
- B. Corrections Qualified Mental Health Professional (CQMHP) - A physician, psychiatrist, nurse practitioner, physician's assistant, psychologist, social worker, licensed professional counselor or registered nurse who meets the requirements set forth in Mental Health Code, MCL 330.1001 *et seq.* and is trained and experienced in the areas of mental illness or mental disabilities.

POLICY:

GENERAL INFORMATION

- C. This policy only applies to prisoners eligible to earn and be granted good time credits. Any prisoner convicted of an offense committed on or after April 1, 1987 is not eligible to earn or be granted good time credits.
- D. For purposes of this policy, Class I misconduct includes a major misconduct received prior to November 1, 2010.

TIME CALCULATION

- E. When a prisoner eligible to earn and be granted good time credits is initially received by the Department, the prisoner's PBJ, minimum and maximum dates are calculated by appropriate staff as identified by the Time Computation Unit (TCU) Manager, Operations Division, Correctional Facilities Administration (CFA). These dates include all Regular and Special Good Time credits which the prisoner may earn during his/her entire sentence, including days for which jail credit was granted. These dates are displayed on the prisoner's Basic Information Sheet (CSX-117) and entered on the Department's computerized database.
- F. At least annually, each prisoner eligible to earn and be granted good time credits shall be issued a Time Review & Disposition form (CSX-482) reflecting the prisoner's current PBJ, minimum and maximum dates. A Time Review & Disposition form (CSX-482) shall be issued, and the Department's computerized database updated, as soon as possible after a decision is made to restore previously forfeited regular credits or grant Special Good Time credits. A Time Review & Disposition form (CSX-482) is not required to be issued each time credits are automatically not earned due to a Class I misconduct. However, the credits lost shall be reflected in the dates on the next Time Review & Disposition form (CSX-482) issued. If a prisoner is serving on more than one sentence, any changes to the dates pursuant to this policy shall be computed and shown only for the controlling minimum and maximum sentences, although the changes apply to all active applicable sentences.

- G. Upon receipt of a signed Time Review & Disposition form (CSX-482), the facility Record Office shall enter the Warden's decision into the Department's computerized database and create and distribute the form with the updated PBJ, minimum and maximum dates. The TCU Manager shall maintain a Time Computation Manual providing specific instruction to TCU staff on calculating sentences of prisoners eligible to earn good time.

ELIGIBILITY TO EARN GOOD TIME CREDITS

- H. Prisoners sentenced for an offense committed before April 1, 1987 are eligible to earn good time credits on the minimum and maximum terms of the sentence, except as follows:
1. The sentence is a life sentence or is for a violation of the felony firearm law (MCL 750.227b).
 2. The sentence is for a Proposal B offense as identified on Attachment A and:
 - a. The offense was committed on or after December 10, 1978, and prior to January 1, 1983. In such cases, the prisoner is eligible to earn and be granted good time credits only on the maximum term of the sentence. However, the prisoner may be eligible to earn disciplinary and/or drug law credits on the minimum term of the sentence as set forth in PD 03.01.101 "Disciplinary Credits."
 - b. The offense was committed on or after January 1, 1983. In such cases, the prisoner is not eligible to earn good time credits. However, the prisoner may be eligible to earn disciplinary credits as set forth in PD 03.01.101.
 3. The sentence is a non-life sentence for a violation of MCL 333.7401(2)(a)(i)(ii) of the Controlled Substances Act and the offense was committed on or after September 1, 1978. In such cases, the prisoner is not eligible to earn good time credits. However, the prisoner may be eligible to earn drug law and disciplinary credits as set forth in PD 03.01.101.
 4. The sentence is a non-life sentence for a violation of MCL 333.7403(2)(a)(i),(ii) or (iii) of the Controlled Substances Act and the offense was committed on or after September 1, 1978 and prior to April 1, 1987. In such cases, the prisoner is eligible to earn good time credits beginning April 1, 1987 only. However, the prisoner is eligible to earn drug law credits prior to April 1, 1987 as set forth in PD 03.01.101.

GOOD TIME COMMITTEE

- I. The Warden shall ensure each prisoner eligible to earn good time credits has a designated Good Time Committee. The Committee shall be chaired by the prisoner's Resident Unit Manager (RUM) and may include the prisoner's Assistant Resident Unit Supervisor (ARUS)/Prison Counselor, or, if receiving in-patient mental health services, a CQMHP. The Committee shall include a Corrections Officer assigned to the prisoner's housing unit and, if the prisoner has an institutional work or school assignment, the prisoner's assignment supervisor.
- J. The Good Time Committee shall be responsible for recommending to the Warden whether forfeited good time credits should be restored and whether Special Good Time credits should be granted on a prisoner's minimum or maximum sentence, consistent with this policy. Committee members may meet as a group or communicate in writing with each other to arrive at a recommendation. If a majority does not concur in a recommendation, the Chairperson shall make the recommendation for the Committee after consulting with each Committee member. The recommendation shall be submitted to the Warden on a Time Review & Disposition form (CSX-482).
- K. If a prisoner transfers to a different institution after the Good Time Committee has begun its review, the Committee shall complete the review and submit the recommendation to the Warden of the receiving institution. If a review is due at the time of transfer, but the Committee has not begun review, the receiving facility shall be notified of the need to conduct the review at that facility.

ACCRUAL OF REGULAR GOOD TIME CREDITS

- L. Except as set forth in Paragraph N, Regular Good Time credits are automatically earned at the following rate:
1. During the first and second year of the sentence, 5 days per month.
 2. During the third and fourth year of the sentence, 6 days per month.
 3. During the fifth and sixth year of the sentence, 7 days per month.
 4. During the seventh through ninth year of the sentence, 9 days per month.
 5. During the tenth through fourteenth year of the sentence, 10 days per month.
 6. During the fifteenth through nineteenth year of the sentence, 12 days per month.
 7. During the twentieth year through the end of the sentence, 15 days per month.
- M. Beginning April 1, 1987, a prisoner cannot earn credits during any month in which the prisoner engages in behavior for which s/he is subsequently found guilty of a Class I misconduct. Credits not earned pursuant to this paragraph can never be earned or restored.

GRANTING SPECIAL GOOD TIME CREDITS

- N. Unlike Regular Good Time credits, Special Good Time credits are not automatically earned but may be granted to a prisoner on his/her PBJ, minimum and/or maximum sentence at a rate of no more than one-half of the Regular Good Time credits earned by the prisoner on the minimum or maximum sentence, as applicable. A prisoner may be granted Special Good Time credits only for a month in which Regular Good Time credits have been earned. The decision whether to grant Special Good Time credits on a prisoner's minimum sentence(s) shall be made once prior to the prisoner's minimum date. The decision whether to grant Special Good Time credits on a prisoner's maximum sentence(s) shall be made once prior to the prisoner's maximum date.
- O. Prisoners do not have a right to receive Special Good Time credits. However, Special Good Time credits may be granted to a prisoner who has demonstrated good conduct and not merely refrained from exhibiting negative behavior. A prisoner is eligible for consideration only if s/he meets one of the following criteria:
1. The prisoner received consistently good to excellent assignment reports during the review period and made satisfactory progress toward completing reception facility recommendations.
 2. The prisoner performed a specific exemplary or meritorious act.
- If eligible for consideration, the prisoner's conduct during the entire review period, including misconduct history and conduct while housed at other facilities, shall be considered when determining whether to grant Special Good Time credits and, if granted, the amount granted.
- P. Special Good Time credits shall be rounded up to the nearest full day increment and shall be granted only in full day increments. Special Good Time credits not granted for the review period, including those not available to be granted due to the automatic forfeiture of Regular Good Time credits for a Class I misconduct, cannot be subsequently granted or restored.
- Q. A Time Review & Disposition Report (CB-112) will be generated monthly identifying each prisoner for whom a Special Good Time credit review is due that month and the amount of credits available to be granted. The report will include a Time Review & Disposition form (CSX-482) for each identified prisoner. Prisoners shall be identified on the list approximately eleven months prior to their minimum or maximum date. The report shall be sent to the Record Office for each institution at which a review is required. It also shall be sent to the TCU Manager or designee if a review is required for a prisoner serving a Michigan sentence in another jurisdiction. The information shall be forwarded immediately to

the appropriate Good Time Committee or, for a prisoner serving a Michigan sentence in another jurisdiction, to the CFA Deputy Director.

- R. The Good Time Committee for each identified prisoner shall recommend to the Warden whether to grant the prisoner Special Good Time credits and, if applicable, the amount to be granted, consistent with this policy. The Committee shall submit its recommendation to the Warden on a Time Review & Disposition form (CSX-482) no later than two weeks after the Time Review & Disposition Report (CB-112) was received by the Record Office.
- S. After receipt of the Good Time Committee's recommendation, the Warden shall determine whether to grant Special Good Time credits, consistent with this policy. This decision shall be made no later than four weeks after the Time Review & Disposition Report (CB-112) was received by the Record Office. The Warden shall consult with the CFA Deputy Director prior to making a final determination whether to grant Special Good Time credits on a prisoner's maximum sentence. For prisoners serving a Michigan sentence in another jurisdiction, the CFA Deputy Director shall make the determination based on information provided by the other jurisdiction.

FORFEITURE OF REGULAR GOOD TIME CREDITS

- T. If a prisoner is found guilty of a Class I misconduct, all or a portion of the credits earned by the prisoner as of the date the misconduct occurred may be forfeited. This decision shall be made by the CFA Deputy Director if the misconduct occurred while the prisoner was serving a Michigan sentence in another jurisdiction. In all other cases, the decision shall be made by the Warden of the institution at which the misconduct hearing was conducted. The decision shall be made as soon as possible after the misconduct guilty finding and documented on a Forfeiture Information Sheet (CSJ-495), and shall be processed by the facility Record Office staff. The facility Record Office staff shall calculate the new PBJ, minimum and maximum dates, and issue an updated Time Review & Disposition form (CSX-482) for distribution.
- U. Regular Good Time credits may be forfeited only when it is believed by the Warden that other actions taken as a result of the misconduct (e.g., amount of credits automatically not earned/unavailable to be granted) are insufficient. This determination shall be based upon the seriousness of the misconduct and the prisoner's history of Class I misconducts, including the number of same or similar misconducts. Regular Good Time credits shall not be forfeited in excess of the limits set forth in Administrative Rule 791.5513.
- V. If parole is revoked by the Parole Board, the Parole Board Chairperson may order forfeiture of all or a portion of Regular Good Time credits earned by the parolee as of the date the parole violation occurred. This determination shall be based upon the seriousness of the violation and the parolee's conduct while incarcerated and while on parole. However, if the parolee was paroled prior to the minimum sentence minus applicable credits due to participation in the Special Alternative Incarceration Program (SAI), the Parole Board Chairperson shall order forfeiture of at least all credits accumulated during SAI participation. The Parole Board Chairperson shall order forfeitures as soon as possible after the finding of parole violation.
- W. All forfeitures shall be ordered only in full day increments. Forfeited Regular Good Time credits may be restored only as set forth in this policy.

Forfeiture by Court Order

- X. In a civil action brought by a prisoner, the court may order forfeiture of any or all of a prisoner's accumulated good time pursuant to MCL 600.5513 upon a finding of any of the following:
 1. The claim was filed for a malicious purpose.
 2. The claim was filed solely to harass the party against whom it was filed.
 3. The prisoner testified falsely or otherwise knowingly presents false evidence or information to the court.

RESTORATION OF FORFEITED GOOD TIME CREDITS

- Y. Prisoners do not have a right to have forfeited good time credits restored. However, a Warden may restore forfeited credits to a prisoner who has demonstrated good conduct and not merely refrained from exhibiting negative behavior, upon recommendation of the Good Time Committee and prior written approval of the CFA Deputy Director. A prisoner is eligible for consideration only if s/he meets one of the following criteria:
1. The prisoner received consistently good to excellent assignment reports during the review period and made satisfactory progress toward completing reception facility recommendations.
 2. The prisoner performed a specific exemplary or meritorious act.
- The decision whether to restore forfeited credits due to a specific meritorious or exemplary act may be made at any time. All other restoration decisions shall be made during the annual review process.
- Z. Forfeited credits shall not be restored to a prisoner who, during the preceding year, engaged in behavior for which s/he was subsequently found guilty of a Class I misconduct. Credits automatically not earned due to a Class I misconduct, and credits forfeited due to any of the following Class I misconducts, also shall not be restored:
1. Escape, if the escape was from a secure facility.
 2. Homicide.
 3. Assault resulting in serious physical injury.
 4. Assault and battery, if the misconduct was for behavior the prisoner engaged in prior to January 1, 1999.
 5. Possession of a weapon.
 6. Sexual assault.
 7. Incite to riot or strike; rioting or striking.
 8. Attempt, accomplice, or conspiracy to commit any of the above.
- AA. The prisoner's overall conduct, including misconduct history and conduct exhibited while housed at other facilities, shall be considered when determining whether to restore forfeited credits and the amount to be restored. All restorations shall be ordered only in full day increments.
- BB. The Time Review & Disposition Report (CB-112) generated monthly pursuant to Paragraph Q will identify each prisoner for whom an annual review is due that month and the amount of credits available to be restored to each prisoner. The report shall include a Time Review & Disposition form (CSX-482) for each identified prisoner.
- CC. The appropriate Good Time Committee shall recommend to the Warden whether to restore forfeited credits to a prisoner and, if so, the amount to be restored, consistent with this policy. The Committee shall submit its recommendation to the Warden on a Time Review & Disposition form (CSX-482). When conducting an annual review, the recommendation shall be submitted no later than two weeks after the Time Review & Disposition Report (CB-112) was received by the Record Office.
- DD. After receipt of the recommendation of the Good Time Committee, the Warden shall recommend whether to restore forfeited credits, and if applicable, the amount to be restored. Forfeited credits shall be restored only with written approval of the CFA Deputy Director and consistent with this policy. The CFA Deputy Director shall make this decision for prisoners serving a Michigan sentence in another jurisdiction. The completed Time Review & Disposition form (CSX-482) shall be forwarded to the facility Record Office for processing, or if the prisoner is serving a Michigan sentence in another jurisdiction, to the TCU for processing. The facility Record Office or TCU shall calculate the new PBJ,

minimum and maximum dates, and issue a new Time Review & Disposition form (CSX-482) for distribution.

PAROLE BOARD NOTICE

- EE. If a prisoner has been granted parole on his/her PBJ and subsequently has good time credits forfeited, not earned or not granted on the minimum sentence, the Warden shall ensure that the Parole Board is notified immediately to permit timely adjustment of the parole date or suspension of the parole. The Parole Board shall determine the appropriate action to take and notify the prisoner of that determination no later than the original parole date.
- FF. The Warden also shall ensure that the Parole Board is notified immediately if a prisoner who the Parole Board continued to the projected maximum date subsequently has good time credits forfeited or not granted on the maximum sentence which will cause the continuance to exceed 24 months in duration. In such cases, the Parole Board shall determine the appropriate action to take and notify the prisoner of that determination as soon as possible.

PROCEDURES

- GG. Wardens shall ensure that operating procedures are developed as necessary to implement requirements set forth in this policy directive within 60 calendar days after the effective date.

AUDIT ELEMENTS

- HH A Primary Audit Elements List has been developed and is available on the Department's Document Access System to assist with self-audit of this policy pursuant to PD 01.05.100 "Self-Audits and Performance Audits."
