	SUBJECT DISCIPLINARY TIME	
SUPERSEDES 03.01.105 (06/01/2008)		AUTHORITY MCL 791.203, MCL 800.34, Administrative Rule 791.5515
PAGE 1 OF 3		

POLICY STATEMENT:

Prisoners serving sentences which are subject to disciplinary time shall not earn any sentence reduction credits on those sentences. However, they shall accumulate disciplinary time for a Class I misconduct as set forth in this policy.

RELATED POLICIES:

- 03.01.100 Good Time Credits
- 03.01.101 Disciplinary Credits

DEFINITIONS:

- A. Parole Board Jurisdiction Date (PBJ) - The earliest date an offender is eligible for release.

POLICY:

GENERAL INFORMATION

- B. For purposes of this policy, "Warden" includes the Deputy Director of Correctional Facilities Administration (CFA) for prisoners serving a Michigan sentence in another jurisdiction.
- C. For purposes of this policy, Class I misconduct includes a major misconduct received prior to November 1, 2010.
- D. Prisoners sentenced for offenses identified on Attachment A which were committed on or after December 15, 1998 are subject to disciplinary time for that offense. Prisoners sentenced for any offense committed on or after December 15, 2000 are subject to disciplinary time for that offense. Prisoners serving sentences subject to disciplinary time are not eligible to receive good time, disciplinary credits or drug law credits on either the minimum or maximum sentence for that offense. Instead, such prisoners shall accumulate disciplinary time at the rate set forth in Administrative Rule 791.5515 for each finding of guilt on a Class I misconduct. The amount of accumulated disciplinary time is not added to the minimum sentence imposed by the court, but must be considered by the Parole Board at the time of the parole review or interview.

TIME CALCULATION

- E. When a prisoner serving a sentence subject to disciplinary time is received by the Department, the prisoner's PBJ, minimum and maximum dates shall be calculated by appropriate staff as identified by the Time Computation Unit (TCU) Manager, Operations Division, Correctional Facilities Administration (CFA). These dates shall be calculated to include only days for which jail credit was granted. No other credits shall apply. The dates shall be identified on the prisoner's Basic Information Sheet (CSX-117) and entered on the Department's computerized database.
- F. At least annually, each prisoner serving a sentence subject to disciplinary time shall be issued a Time Review & Disposition form (CSX-482) reflecting the prisoner's PBJ, minimum and maximum dates and the total amount of disciplinary time accumulated. A revised Time Review & Disposition form (CSX-482) shall be issued to a prisoner, and the computerized database updated, whenever the prisoner's accumulated disciplinary time is reduced or reapplied.
- G. A computerized time computation program shall be maintained to record the amount of disciplinary time

-----------------------------------	------------------------------	---------------------	-------------

accumulated, reduced, or reapplied on each sentence subject to disciplinary time.

- H. The TCU Manager shall maintain a Time Computation Manual providing specific instruction to staff on calculating sentences of prisoners serving sentences subject to disciplinary time.

ACCUMULATION OF DISCIPLINARY TIME

- I. A prisoner who is serving a sentence subject to disciplinary time who is found guilty of a Class I misconduct shall automatically accumulate disciplinary time as set forth in Administrative Rule 791.5515 on all sentences s/he is serving which are subject to disciplinary time. If a prisoner serving a sentence subject to disciplinary time also is serving a sentence subject to good time credits, disciplinary credits or drug law credits, credits on that sentence may be forfeited for the misconduct as set forth in PD 03.01.100 "Good Time Credits" and PD 03.01.101 "Disciplinary Credits."
- J. A prisoner's minimum sentence plus accumulated disciplinary time shall not exceed his/her maximum sentence. Thus, when a prisoner has accumulated disciplinary time equal to the difference between his/her minimum and maximum sentence, disciplinary time shall no longer accumulate on that sentence.

REDUCTION OF ACCUMULATED DISCIPLINARY TIME

- K. Accumulated disciplinary time may be reduced only for one of the following reasons:
1. The prisoner has engaged in a specific meritorious or exemplary act (e.g., coming to the aid of staff, preventing an escape).
 2. The prisoner has demonstrated behavior that exceeds routine compliance with facility rules. This includes not having been found guilty of a Class I misconduct for at least the preceding year. It also includes having received good to excellent reports from the prisoner's housing unit and for all assignments for at least the preceding year.
- L. Accumulated disciplinary time shall not be reduced if the time was added due to any of the following Class I misconducts:
1. Escape, if the escape was from a secure facility.
 2. Homicide.
 3. Assault resulting in serious physical injury.
 4. Possession of a weapon.
 5. Sexual assault.
 6. Incite to riot or strike; rioting or striking.
 7. Attempt, accomplice, or conspiracy to commit any of the above.
- M. If an eligible prisoner wants to be considered for a reduction in accumulated disciplinary time, s/he must submit a written request to the Warden or designee. A request may only be submitted when the prisoner is within nine months of his/her PBJ for parole, or within nine months of parole consideration on a Parole Board continuance. Requests shall not be considered at any other time.
- N. If the Warden supports a reduction in the prisoner's accumulated disciplinary time, s/he shall forward the recommendation, including the amount of time to be reduced and the basis for the recommendation, through the chain of command to the CFA Deputy Director for review. If the Deputy Director concurs with the recommendation, it shall be referred to the Director for a final decision. The Deputy Director shall be advised of the final decision and ensure that the Warden also is advised. If a reduction is approved by the Director, a revised Time Review & Disposition form (CSX-482) shall be issued to the prisoner indicating the amount of disciplinary time reduced. This information also shall be entered on

the Department's computerized database.

REAPPLICATION OF DEDUCTED DISCIPLINARY TIME

- O. If a prisoner who has had accumulated disciplinary time reduced is subsequently found guilty of any Class I misconduct, the Warden shall immediately forward the case through the chain of command to the Director. The Director shall determine the amount, if any, of previously reduced disciplinary time that will be reapplied. The Warden shall be notified of this determination. If disciplinary time is reapplied, a revised Time Review & Disposition form (CSX-482) shall be issued to the prisoner indicating the amount of disciplinary time reapplied. This information also shall be entered on the Department's computerized database.

PROCEDURES

- P. Wardens shall ensure that operating procedures are developed as necessary to implement requirements set forth in this policy directive within 60 calendar days after the effective date.

AUDIT ELEMENTS

- Q. A Primary Audit Elements list has been developed and is available on the Department's Document Access System to assist Wardens and FOA Regional Administrators with self-audit of this policy pursuant to PD 01.05.100 "Self-Audits and Performance Audits."
