

REPORT TO THE LEGISLATURE
Pursuant to P.A. 118 of 2010
Section 802
Physical and Mental Health Care Report – 4th Quarter

Section 802(a): As a condition of expenditure of the funds appropriated in part 1, the department shall provide the Senate and House of Representatives appropriations subcommittees on corrections, the Senate and House fiscal agencies, and the State Budget Director with all of the following:

(a) Quarterly reports on physical and mental healthcare detailing the average number of days between a prisoner's diagnosis and commencement of treatment for that diagnosis, quarterly and fiscal year-to-date expenditures itemized by vendor, allocations, status of payments from contractors to vendors, and projected year-end expenditures from accounts for prisoner healthcare, mental healthcare, pharmaceutical services, and durable medical equipment.

Physical Healthcare - 217 cases receiving a new diagnosis during the quarter July 2011 through September 2011 were reviewed to determine days from diagnosis to treatment. The 4th quarter average number of days between a prisoner's diagnosis and commencement of treatment for that diagnosis was less than 1 day. Treatment consisted of medication, patient education, referral to a specialist, casting or other procedures, lab tests, X-rays, etc.

Mental Healthcare – Based on information from the Health Management Information System (HMIS) and validated against the newly upgraded Electronic Medical Record (NextGen), the 4th quarter average number of days from diagnosis to mental health treatment was 1 day.

Status of Payment from Contractors to Vendors - The Michigan Department of Corrections (MDOC), Bureau of Fiscal Management, periodically conducts a financial review of PHS payments for timeliness and accuracy of claims payment information. The financial review for payment status of claims for the current contract with Prison Health Services (PHS) showed that 98.93% of all claims were paid within 45 days. Of the 33,930 total claims received for services dates after January 1, 2011 and September 30, 2011, there were 33,568 vendor claims (complete and with authorization codes) paid within 45 days. There were 362 claims (1.07% of the Total claims) were paid after 45 days. Monthly reports are received by the MDOC detailing the status of all claims. There have been no complaints to the MDOC in the past year about any vendors receiving late payments for their services.

Bureau of Health Care Services
Current Expenditures and Projected Expenditures by allocations
(P.A. 188 of 2010)
