

REPORT TO THE LEGISLATURE

Pursuant to P.A. 63 of 2011

Section 802

Physical and Mental Health Care Report – 4th Quarter

Section 802(a): As a condition of expenditure of the funds appropriated in part 1, the department shall provide the Senate and House of Representatives appropriations subcommittees on corrections, the Senate and House fiscal agencies, and the State Budget Director with all of the following:

(a) Quarterly reports on physical and mental health care detailing the average number of days between a prisoner's diagnosis and commencement of treatment for that diagnosis, quarterly and fiscal year-to-date expenditures itemized by vendor, allocations, status of payments from contractors to vendors, and projected year-end expenditures from accounts for prisoner health care, mental health care, pharmaceutical services, and durable medical equipment.

Physical Care - 127 cases receiving a new diagnosis during the quarter July 2012 through September 2012 were reviewed to determine days from diagnosis to treatment. The 4th quarter average number of days between a prisoner's diagnosis and commencement of treatment for that diagnosis was less than 1 day. Treatment consisted of medication, patient education, referral to a specialist, casting or other procedures, lab tests, X-rays, etc.

Mental Health Care – Based on information from the Health Management Information System (HMIS) and validated against the Electronic Medical Record (NextGen), the 4th quarter average number of days from diagnosis to mental health treatment was 1 day.

Status of Payment from Contractors to Vendors - The Michigan Department of Corrections (MDOC), Bureau of Fiscal Management, periodically conducts a financial review of Corizon payments for timeliness and accuracy of claims payment information. The financial review for payment status of claims for Fiscal Year 2012 for contract with Corizon showed that 99.69% of received claims were paid within 45 days. Of the 238,268 claim detail lines received and processed from 10/1/2011 to 09/30/2012, there were 235,158 vendor claim detail lines (complete and with authorization codes) paid within 45 days. There were 3110 claim detail lines (1.31% of the total claim detail lines) were paid after 45 days. Monthly reports are received by the MDOC detailing the status of all claims. There have been no complaints to the MDOC in the past year about any vendors receiving late payments for their services.

Bureau of Health Care Services
Current Expenditures and Projected Expenditures by allocations
(P.A. 63 of 2011)

Type of Service	Appropriation Description	Expenditure- FY12 (Estimated as of 11/14/12)
