Pepper Hamilton LLP
Attorneys at Law

DEQ

Michigan Land Bank Parcels

- Owner of 5 parcels, each with different environmental issues and restrictions
- Soil Restriction Area – fenced area containing incineration ash from PCB thermal destruction, covered with 5-feet clean cover
- Groundwater Treatment System
- Stockpiles 1 and 2 – contaminated soils from excavations

Pepper Hamilton LLP
Attorneys at Law

DEQ

Michigan Land Bank Parcels

- Easement Holder Issues
- Soil and groundwater contamination within easement (large gas transmission pipeline)
- Allowed to undertake easement activities, required notice, compliance with laws, and required USEPA prior approval of activities (except emergencies)

Private Owner Property

- Land locked parcel owned by private party
- Difficulty locating
- Private Party Negotiations
- Purchase v. Compensation for filing

Pepper Hamilton LLP
Attorneys at Law

DEQ

University Parcel

- Portion of larger parcel is part of the site
- Restrictions to “parcel” v. “site”
- Subject to easement issue
- Subject to Oil and Gas Lease - Retained mineral right, required compliance with laws and no new release or exacerbation
- Subject to Board review and approval

Pepper Hamilton LLP
Attorneys at Law

DEQ

Conclusions

- Multiple parties and parcels required collaboration
- Cooperation and responsiveness key
- MDEQ Model DRC provides a framework, but it is flexible to respond to varying conditions and sometimes competing demands/interests
