# DIRECTORY OF MINERAL PRODUCERS 1965

MICHIGAN DEPARTMENT OF CONSERVATION Geological Survey

ANNUAL DIRECTORY I

# DIRECTORY OF MINERAL PRODUCERS 1965

COMPILED BY J.R. BYERLAY

LANSING OCTOBER, 1966

### ON THE COVER

Marblehead Lime Co., (Div. General Dynamics Corp.), new River Rouge 1,000 ton per day kiln plant.

Marblehead Lime and Detroit Lime Co. (Subsidiary Ed. C. Levy Co.), two of Michigan's newest mineral industires, help satisfy the demand for lime in Detroit area steel mills and chemical plants.

### PREFACE

This Directory of Mineral Producers is a record of the names, addresses, and plant, pit, mine, quarry, or mill locations of all mineral producers in Michigan during 1965. It is prepared as a supplement to "Mineral Industry of Michigan", published annually as prescribed by the Compiled Laws of Michigan, 1948, s319.202 which requires the State Geological Survey to: "make an annual report to the Governor setting forth in detail the mineral statistics for the year...."

The Directory is intended primarily as a general reference to be used by the mineral industry itself and by students, teachers, state and county offices, and interested persons. The Directory lists producers alphabetically by mineral, with a producer location map at the beginning of each section. Mineral producers are also listed alphabetically by county, including location by section, township and range.

Previous to 1963, this Directory was a part of the Geological Survey's Annual Statistical Summary entitled: Michigan's Mineral Industries. In 1963 the summary was separated into two sections: the Annual Statistical Summary, consisting of a supplemented reprint from the U.S. Bureau of Mines Minerals Yearbook, and the Directory of Michigan Mineral Operators. In its present form, the Directory of Mineral Producers, 1965, (Annual Directory 1) is identical in content to the 1963 and 1964 issues. Only the title and format have been changed.

The compiler is indebted to the Michigan mineral industry for their excellent cooperation in providing additions and corrections to this directory. The U.S. Bureau of Mines has been indispensable in providing up-to-date producer lists based on yearly convasses.

Corrections, additions, or suggestions for improving this directory are welcome, and actively solicited in order to make it as effective in accomplishing its purpose as possible. Correspondence should be addressed to the Mining and Economic Geology Section, Geological Survey Division, Michigan Department of Conservation, Lansing, Michigan 48926

Lansing October, 1966 John R. Byerlay Geologist Mining & Economic Geology

### ACTIVE MINES IN MICHIGAN'S IRON AND COPPER DISTRICTS

### 1966

IRON AND COPPER OUTCROPS MINE LOCATION CITY OR VILLAGE

### 1. GOGEBIC RANGE (Not active)

### 2. MARQUETTE RANGE

- (A) Champion Mine
- (B) Cliffs Shaft Mine
- Empire open pit (beneficiated ore)
- Humboldt open pit (beneficiated ore)
- (E) Mather mine
- Republic open pit (beneficiated ore)
- (G) Tilden open pit (siliceous ore)
- (H) Tracy Mine

### 3. GWINN DISTRICT (Not active)

### 4. AMASA-OVAL DISTRICT (Not active)

### 5. IRON RIVER-CRYSTAL FALLS DISTRICT

- (I) Bristol Mine
- (J) Hiawatha Mine
- (K) Homer Mine
- Sherwood Mine (L)
- Wauseca Mine

### 6. FELCH DISTRICT

(N) Groveland open pit (beneficiated ore)

### 7. IRON MOUNTAIN RANGE (Not active)

### COPPER MINES AND RECLAMATIONS

### 8. NATIVE COPPER ORE

- (0) Allouez No. 3 Mine
- Centennial 2 Mine
- (Q) Centennial 3 & 6 Mine
- (R) Champion Mine
- (S) Kingston Mine
- (T) Osceola 13 Mine

### 9. COPPER SULFIDE ORE

(U) White Pine Mine

### COPPER RECLAMATIONS

- No. 3 & 4 Ahmeek Peninsula-Poor rock dump
- Quincy
- (X) Redridge
- (Y) Tamarack

### METALLIC MINING OPERATIONS

### IRON MINES AND PITS (Active mines in 1965)

TOTAL SAND & GRAVEL PRODUCERS IN MICHIGAN

285

# COUNTY BREAKDOWN OF MINERAL PRODUCERS METALLIC AND NONMETALLIC MINERALS

### 1965

Mineral producers contributing production data for 1965 are listed below by county. Location of the operation, when known, is given by section, township and range, or nearest city to operation.

The sentence below each county name gives: (1) the county standing (rank) in total value of minerals produced by the county in 1965, (2) the total dollar value, and (3) minerals produced in the county in order of value. Values withheld in order to avoid disclosing individual company confidential data are indicated thus: (W). Figures in parentheses following a mineral resource show the rank of the county in production.

A brief narritive report on 1965 mineral production, county by county, is given is Mineral Industry of Michigan, 1965, distributed with this Directory, or available free, on request. Annual publications entitled: "Statistics Covering Costs And Production of Michigan Iron Mines", and "Michigan Oil and Gas Fields" are also available free by writing the Publications Room, Department of Conservation, Lansing, Michigan 48926. (Free materials limited to single copies)
