ENVIRONMENTAL CALENDAR

April 3, 2017

TOPIC	DESCRIPTION
ENVIRONMENTAL ASSISTANCE CENTER 800-662-9278 E-mail: deq-assist@michigan.gov	The DEQ Environmental Assistance Center (EAC) is available to provide direct access to environmental programs, answers to environmental questions, referrals to technical staff, and quick response. Questions on any items listed in the calendar can be referred to the EAC.
PUBLICATION SCHEDULE	The calendar is published every two weeks on alternate Mondays, by the Michigan Department of Environmental Quality. We welcome your comments.
CALENDAR LISTSERV	Stay on top of the latest news from the DEQ. Visit us at DEQ's Web site (www.michigan.gov/deq) and click on the red envelope to sign up for e-mail updates. Follow us on Twitter (www.twitter.com/michiganDEQ).
INTERNET ACCESS	Access the calendar on the DEQ Web site (www.michigan.gov/envcalendar) in pdf format.
TIMETABLE FOR DECISIONS	No decision listed in the DEQ calendar will be made prior to seven days after the initial Calendar publication date.
CALENDAR EDITOR	Darlene Harris, 800-662-9278

Announcements

DIVISION	ANNOUNCEMENTS
WATER RESOURCES DIVISION	<p>REQUEST FOR AMBIENT WATER QUALITY DATA FOR MICHIGAN SURFACE WATERS. The Water Resources Division (WRD) is requesting ambient water quality data (chemical, biological, or physical) that has been obtained by other governmental agencies, nongovernmental organizations, or the public for Michigan surface waters from January 1, 2015, through December 31, 2016. All water quality data submitted to the WRD by April 21, 2017, will be evaluated and potentially used to help prepare Michigan’s 2018 Integrated Report. The WRD prepares and submits a biennial report to the United States Environmental Protection Agency to satisfy the listing requirements of Section 303(d) and the reporting requirements of Sections 305(b) and 314 of the Clean Water Act. The Integrated Report describes the status of water quality in Michigan and includes a list of water bodies that are not attaining Michigan Water Quality Standards. Additional guidance on preferred data sets may be found by going to the Integrated Report Web site (www.michigan.gov/deq/0,4561,7-135-3313_3681_3686_3728-12711--,00.html). All ambient water quality data (including associated quality assurance/quality control information) for Michigan surface waters may be sent to Kelly Turek, Michigan Department of Environmental Quality, WRD, P.O. Box 30458, Lansing, Michigan 48909-7958; or if the ambient water quality data is in electronic form please email to turrekk@michigan.gov. If submitting electronic data, please let Ms. Turek know if the data can be downloaded from a secondary location (e.g., WQX) or if the data will come directly from the submitter. Contact: Kelly Turek, WRD, at 517-284-5485.</p>

Public Hearings and Meetings

DATE	PUBLIC HEARINGS AND MEETINGS
WATER RESOURCES DIVISION	<p>Active Public Notices and Hearings regarding Wetlands, Inland Lakes and Streams, Great Lakes Submerged Lands, Dam Safety, Shorelands Protection and Management, and Sand Dunes are available for public view through the MiWaters Web site (https://miwaters.deq.state.mi.us).</p>
APRIL 11, 2017	<p>PUBLIC HEARING ON PERMIT APPLICATION SUBMITTED BY CONSUMERS ENERGY, 1945 WEST PARNALL ROAD, JACKSON, MICHIGAN 49201-8643, DEQ FILE NUMBER 2NA-E774-M6W7. The Michigan Department of Environmental Quality’s (MDEQ) Water Resources Division (WRD) will hold a public hearing at the Flint Farmers Market, 300 East First Street, Flint, Michigan 48502, on Tuesday, April 11, 2017, at 7:00 p.m. Consumers Energy will hold a public informational meeting preceding the public hearing, starting at 5:30 p.m. The purpose of this hearing is to secure the views of interested persons concerning the following application for permit: Application for permit 2NA-E774-M6W7 under Part 31, Water Resources Protection; Part 301, Inland Lakes and Streams; and Part 303, Wetlands Protection, of the Natural Resources and Environmental</p>

PUBLIC HEARINGS AND MEETINGS

Protection Act, 1994 PA 451, as amended (NREPA), by Consumers Energy, c/o Mr. Andrew Santini, 1945 West Parnall Road, Jackson, MI 49201-8643. The applicant proposes to dredge and install an impervious cap through a 1,700-foot reach of the Flint River, located within the Hamilton Dam impoundment in the City of Flint, Michigan. The proposed project would address impacts from a historical manufactured gas plant which was located adjacent to the Flint River in this area and also create a river channel and floodplain corridor through the Hamilton Dam impoundment in preparation for the future modifications to the dam. The project would include hydraulic dredging of approximately 82,000 cubic yards of contaminated sediment, including 72,000 from below the Ordinary High Water Mark (OHWM) and 75,000 cubic yards within the 100-year floodplain of the Flint River and placement of approximately 74,000 cubic yards of fill material, including 67,000 cubic yards below the OHWM and 70,000 cubic yards within the 100-year floodplain of the Flint River. The project would also include dredging of approximately 8,300 cubic yards of material from, and placement of approximately 6,700 cubic yards of fill in wetland areas, impacting approximately 0.82 acres of wetlands. Wetland mitigation through the purchase of MDEQ wetland bank credits is proposed. Also proposed are the installation of a temporary dock within the Hamilton Dam impoundment to provide access for dredging activities and replacement of the existing pedestrian bridge located immediately upstream of Hamilton Dam with a new single span pedestrian bridge. Please visit <https://miwaters.deq.state.mi.us/miwaters/#/external/home> and search for the public notice if you would like to view the project plans. Information Contact: **Lucas A. Trumble, P.E.**, Water Resources Division, 517-420-8923; or trumblel@michigan.gov.

APRIL 12, 2017
4:00-6:00 P.M. and
7:00 P.M.

PUBLIC HEARING ON PERMIT APPLICATION SUBMITTED BY NESTLE WATERS NORTH AMERICA, INC., 19275 8-MILE ROAD, STANWOOD, MICHIGAN 49346, FOR PERMIT UNDER SECTION 17 OF THE MICHIGAN SAFE DRINKING WATER ACT, 1976 PA 399, AS AMENDED. The Michigan Environmental Quality’s (MDEQ) Drinking Water and Municipal Assistance Division (DWMAD) will hold a public hearing on Wednesday, April 12, 2017, beginning with an informational session from 4:00-6:00 p.m. and a public hearing starting at 7:00 p.m. at Ferris State University’s University Center, 805 Campus Drive, Big Rapids, Michigan 49307. The applicant proposes to increase water withdrawal from 150 gallons per minute to 400 gallons per minute from groundwater at the White Pine Springs well site (PW-101) in Ewart, Osceola County, Michigan. The purpose of the public hearing is to secure the views of interested persons concerning the application for permit. Please visit www.michigan.gov/deq/0,4561,7-135-3313-399187--,00.html to view informational documents concerning the permit application. **Information Contact: James (Matt) Gamble, Source Water Unit, Drinking Water and Municipal Assistance Division; 517-897-1508; gamblej1@michigan.gov.**

APRIL 13, 2017
7:00 p.m. –
PUBLIC HEARING

PUBLIC HEARING REGARDING WHITE PINE COPPER REFINERY, INC., WHITE PINE, ONTONAGON COUNTY (SRN: N7396), for the draft renewal of a Renewable Operating Permit (ROP) for the operation of a copper refining process. The draft permit is intended to simplify and clarify the facility’s applicable requirements and will not result in any air emission changes at the stationary source. The ROP public notice documents can be viewed www.michigan.gov/deqair. Choose the “Permits” Tab, then “ROP Public Notice Documents.” The responsible official of the stationary source is Zachary J. Halkola, Chief Operating Officer, PO Box 695, White Pine, Michigan 49971. Written comments on the draft ROP are to be submitted to Ed Lancaster, Michigan Department of Environmental Quality, Air Quality Division, Upper Peninsula District Office, 1504 West Washington Street, Marquette, Michigan 49855, or via email to lancastere1@michigan.gov by April 13, 2017. Written comments may also be submitted at the public hearing. A public hearing will be held at Ontonagon Area School Cafeteria, 701 Park Avenue, Ontonagon, Michigan on April 13, 2017, at 7:00 p.m. Information Contact: **Ed Lancaster**, Air Quality Division, lancastere1@michigan.gov or 906-250-5124.

DATE

PUBLIC HEARINGS AND MEETINGS

RESOURCES AND ENVIRONMENTAL PROTECTION ACT, 1994 PA 451, AS AMENDED (ACT 451). The Michigan Department of Environmental Quality, Water Resources Division, will conduct a public hearing to accept suggested modifications to the Part 4 and Part 8 Rules as part of the 2015-2017 triennial review of water quality standards as required by Title 40 of the Code of Federal Regulations, Section 131.20, State Review and Revision of Water Quality Standards. The public hearing will be held on May 17, 2017, from 1:00 to 3:00 p.m. at the Michigan Library and Historical Center (Forum Auditorium), 702 West Kalamazoo Street, Lansing, Michigan. Oral and written comments will be taken at the public hearing. Written comments may also be submitted from April 3, 2017, through 5:00 p.m. on May 19, 2017, to Kevin Goodwin, Michigan Department of Environmental Quality, Water Resources Division, P.O. Box 30458, Lansing, Michigan, 48909-7958 or to goodwink@michigan.gov. Copies of the current rules may be obtained at http://www.michigan.gov/deq/0,4561,7-135-3313_3681_3686_3728--,00.html at the bottom of the page under Laws, Rules, & Standards or by contacting Kevin Goodwin at 517-284-5552 or goodwink@michigan.gov.

Public Comment Deadlines

DATE

PUBLIC COMMENT DEADLINE

MARCH 20, 2017

DEADLINE FOR PUBLIC COMMENT ON A MIXING ZONE DETERMINATION CONDUCTED FOR THE WESCO #17 GAS STATION IN NEW ERA, OCEANA COUNTY. Written comments are being accepted on an approved Mixing Zone Determination conducted for the WESCO #17 Gas Station, in New Era, a site of environmental contamination with groundwater concentrations exceeding Groundwater Surface Water Interface Criteria (GSI). A request for a mixing zone determination was received by the Department of Environmental Quality (DEQ) and the determination was conducted for two compounds of concern. Groundwater concentrations emanating from the site do not exceed the developed criteria and therefore, a request for authorization to use the criteria was received in the Closure Report. The Mixing Zone Determination and the Request for Authorization is available for viewing during normal business hours at the Michigan Department of Environmental Quality, Grand Rapids District Office, 350 Ottawa NW, Grand Rapids, MI 49503. Written comments should be mailed prior to April 20, 2017 to Brenda Mecher, DEQ, Remediation and Redevelopment Division, 350 Ottawa Avenue, NW, Unit 10, Grand Rapids, MI 49503-2341. Contact: Brenda Mecher, Remediation and Redevelopment Division, 616-356-0222 or email at mecherb@michigan.gov.

APRIL 5, 2017

DEADLINE FOR PUBLIC COMMENTS REGARDING CARMEUSE LIME, INC., RIVER ROUGE, WAYNE COUNTY (SRN: B2169). Written comments are being accepted on a proposed Consent Order to administratively resolve alleged air pollution violations that occurred in Wayne County. Information is available by going to www.michigan.gov/air, click the "Enforcement Program" link in the shaded box near the top right and click "Proposed Consent Order Public Notice Documents." Submit written comments to Jason Wolf, Michigan Department of Environmental Quality, Air Quality Division, P.O. Box 30260, Lansing, Michigan 48909. Written comments will be accepted by email and all statements must be received by April 5, 2017, to be considered by the decision-maker prior to final action. If a request is received in writing by April 5, 2017, a public hearing may be scheduled. Information Contact: **Jason Wolf**, Air Quality Division, wolfj2@michigan.gov or 517-284-6772.

APRIL 5, 2017

DEADLINE FOR PUBLIC COMMENTS REGARDING MEAD JOHNSON AND COMPANY, LLC, ZEELAND, OTTAWA COUNTY (SRN: A5858), for the draft renewal of a Renewable Operating Permit (ROP) for the operation of manufacturing of powdered milk products for infants and seniors including products for people with special nutritional or medical needs. The permit is intended to simplify and clarify the facility's applicable requirements and will not result in any air emission changes at the stationary source. The

Douglas, Kalamazoo District Supervisor. If requested in writing by April 5, 2017, a public hearing may be scheduled. Information Contact: **Rex Lane**, Air Quality Division, laner@michigan.gov or 269-567-3547.

APRIL 5, 2017

DEADLINE FOR PUBLIC COMMENTS REGARDING ADVANCED FIBERMOLDING INC, LEROY, OSCEOLA COUNTY, (SRN: N6515), for the draft renewal of a Renewable Operating Permit (ROP) for the operation of a fiberglass product manufacturing facility. The permit is intended to simplify and clarify the facility’s applicable requirements and will not result in any air emission changes at the stationary source. The ROP public notice documents can be viewed at www.michigan.gov/deqair. Choose the “Permits” Tab, then “ROP Public Notice Documents.” The responsible official of the stationary source is Dennis Webster, President, 23773 14 Mile Road, Leroy, Michigan 49665. Written comments on the draft ROP, or a request to hold a public hearing, are to be submitted to Kurt Childs, Michigan Department of Environmental Quality, Air Quality Division, Cadillac District Office, 120 West Chapin Street, Cadillac, Michigan 49601, or via email to childsk@michigan.gov by April 5, 2017. The decision-maker for the permit is Janis Ransom, Cadillac District Supervisor. If requested in writing by April 5, 2017, a public hearing may be scheduled. Information Contact: **Kurt Childs**, Air Quality Division, childsk@michigan.gov or 231-876-4411.

APRIL 5, 2017

DEADLINE FOR PUBLIC COMMENTS REGARDING PLASAN CARBON COMPOSITES (PCC) AND PLASAN NORTH AMERICA (PNA), WALKER, KENT COUNTY, (SRN: P0374), for the draft initial Renewable Operating Permit (ROP) for the operation of manufacturing of high-end carbon composite automotive parts, primarily hoods and roofs (PCC) and designing and manufacturing a broad range of composite products for military and industrial applications (PNA). The permit is intended to simplify and clarify the facility’s applicable requirements and will not result in any air emission changes at the stationary source. The ROP public notice documents can be viewed at www.michigan.gov/deqair. Choose the “Permits” Tab, then “ROP Public Notice Documents.” The responsible officials of the stationary source are Daniel Hartzler, Vice President of Engineering (PCC), 3195 Wilson Drive NW, Walker, Michigan 49534 and Dalton Blackwell, Vice President, (PNA), 3236 Wilson Drive NW, Suite B, Walker, Michigan 49534. Written comments on the draft ROP, or a request to hold a public hearing, are to be submitted to Kaitlyn DeVries, Michigan Department of Environmental Quality, Air Quality Division, Grand Rapids District Office, 350 Ottawa Avenue NW, Unit 10, Grand Rapids, Michigan 49503, or via email to devriesk1@michigan.gov by April 5, 2017. The decision-maker for the permit is Heidi Hollenbach, Grand Rapids District Supervisor. If requested in writing by April 5, 2017, a public hearing may be scheduled. Information Contact: **Kaitlyn DeVries**, Air Quality Division, devriesk1@michigan.gov or 616-356-0003.

APRIL 14, 2017

DEADLINE FOR PUBLIC COMMENTS REGARDING HEALTH-BASED SCREENING LEVELS. The Air Quality Division is announcing a 60-day public comment period from February 14, 2017, through April 14, 2017, for over 1200 health-based screening levels that are utilized in the Permit to Install air permitting program. Rule revisions that went into effect on December 20, 2016, require this opportunity so the public and regulated community can review and comment on how the health-based screening levels were derived. During the comment period, the public can view the information on the screening levels and submit comments at www.michigan.gov/deq/0,4561,7-135-3310-402729--00.html. Information Contact: **Doreen Lehner**, Air Quality Division, lehnerd@michigan.gov or 517-284-6753.

APRIL 19, 2017

DEADLINE FOR PUBLIC COMMENTS REGARDING WEXFORD COUNTY LANDFILL, MANTON, WEXFORD COUNTY (SRN: N3862), for the draft renewal of a Renewable Operating Permit (ROP) for the operation of a municipal solid waste landfill. The permit is intended to simplify and clarify the facility’s applicable requirements and will not result in any air emission changes at the stationary source. The ROP public notice documents can be viewed on the AQD Web page at: www.michigan.gov/deqair. Choose the “Permits” Tab, then “ROP Public Notice Documents.” The responsible official of the stationary source is Edward Ascione, President, P.O. Box 1030, Kalkaska, Michigan 49646. DEADLINE FOR PUBLIC COMMENT REGARDING THE APPLICATION BY NESTLÉ WATERS NORTH AMERICA, INC., FOR A PERMIT UNDER SECTION 17 OF THE MICHIGAN SAFE DRINKING WATER ACT, 1976 PA 399, AS AMENDED. Nestlé Waters North America Inc., (Nestlé) Application Information Package can be viewed at www.michigan.gov/deq/0,4561,7-135-3313-399187--,00.html. You may also obtain a copy of Nestlé's Application Information Package by calling 517-284-5413. Submit written comments to DEQ-EH@michigan.gov, or by mail to: Michigan Department of Environmental Quality, Drinking Water and Municipal Assistance Division, Environmental Health Section, P.O. Box 30241, Lansing, Michigan 48909-7741. Deadline for comments to be received is 5:00 p.m. on April 21, 2017. The MDEQ reviews all comments; however, the number of comments received is not one of the factors considered in permit decisions. For this permit application process, comments providing a legal or scientific justification for denying, altering or approving the permit will be considered based on the regulatory decision framework outlined in Section 17 of the Michigan Safe Drinking Water Act, 1976 PA 399, as amended. Information Contact: James (Matt) Gamble, Drinking Water and Municipal Assistance Division, gambelj1@michigan.gov or 517-897-1508.

DEADLINE FOR PUBLIC COMMENTS REGARDING TILDEN MINING COMPANY L.C., ISHPEMING, MARQUETTE COUNTY (SRN: B4885), for the draft renewal of a Renewable Operating Permit (ROP) for the operation of an open pit iron ore mine and various material handling, crushing, milling, concentrating, ore drying, pellet manufacturing, cooling and handling equipment controlled by wet scrubbers and baghouse dust collectors. The facility processes both hematite and magnetite ores, using two grate kiln indurating furnaces controlled by electrostatic precipitators, three natural gas/fuel oil fired boilers and a natural gas/propane fired boiler all controlled by low-NOx burners. The permit is intended to

DATE	PUBLIC COMMENT DEADLINE
MAY 4, 2017	<p>simplify and clarify the facility’s applicable requirements and will not result in any air emission changes at the stationary source. The ROP public notice documents can be viewed on the AQD Web page at: www.michigan.gov/deqair. Choose the “Permits” Tab, then “ROP Public Notice Documents”. The responsible official of the stationary source is James M. Kochevar, Vice President and General Manager, P.O. Box 2000, Ishpeming, Michigan 49849. Written comments on the draft ROP, or a request to hold a public hearing, are to be submitted to Ed Lancaster, Michigan Department of Environmental Quality, Air Quality Division, Upper Peninsula District Office, 1504 West Washington Street, Marquette, Michigan 49855, or via email to lancastere1@michigan.gov by May 3, 2017. The decision-maker for the permit is Chris Ethridge, Field Operations Manager. If requested in writing by May 3, 2017, a public hearing may be scheduled. Information Contact: Ed Lancaster, Air Quality Division, lancastere1@michigan.gov or 906-250-5124.</p> <p>DEADLINE FOR PUBLIC COMMENT REGARDING MACOMB COUNTY OFFICE OF PUBLIC WORKS, MACOMB COUNTY INTERCEPTOR SEWER COLLAPSE, FRASER, MACOMB COUNTY, for the draft permit for a new large quantity water withdrawal. The proposed withdrawal is for up to 7.2 million gallons per day from groundwater for construction dewatering during repairs to a collapsed sewer interceptor line. The dewatering wells are currently operating as part of the response actions pursuant to Governor Snyder’s January 6, 2017, emergency declaration. The permit application and draft permit can be viewed at www.michigan.gov/documents/deq/deq-wrd-swawateruse-Macomb_Co_sewer_repair_ww_permitapp_551511_7.pdf. Submit written comments to Andrew LeBaron by email at lebarona@michigan.gov, or by mail to Michigan Department of Environmental Quality, Water Resources Division, P.O. Box 30458, Lansing, Michigan 48909-7958. Comments received by May 4, 2017, will be considered in the permit decision prior to final action. Information Contact: Andrew LeBaron, Water Resources Division, by email or 517-284-5563.</p>

PART II: CONFERENCES, WORKSHOPS AND TRAINING PROGRAMS

Conferences, Workshops, and Training

DATE

CONFERENCES, WORKSHOPS, AND TRAINING

2017 MONTHLY

DEQ CONSTRUCTION STORM WATER OPERATOR/SOIL EROSION INSPECTOR TRAINING, VARIOUS LOCATIONS, MICHIGAN. These half day sessions will include a training video outlining inspector/certified operator requirements, best practices for soil erosion and sedimentation control, and common compliance problems found on construction sites. Not all information on the test is included in the training, so participants are expected to have read and understand the information presented in the "[Certified Storm Water Operator and Soil Erosion and Sedimentation Control Plan Review and Design \(Comprehensive\) Manual](#)" chapters 1-5. The training will be followed by a fifty question, multiple choice exam. A score of 70percent is required to pass and become certified. Training and Exam schedules can be found on the [DEQ's soil erosion Web site](#) (www.michigan.gov/soilerosion) and by clicking on the first bulleted link under the training section. **Cost: \$95.** Registration Information: to register, determine the training date and location you would like to attend and contact the [district staff person](#) for that location.

WEBINAR MINI-SERIES

MDEQ AIR QUALITY DIVISION'S AIR PERMIT EXEMPTION RULES CHANGES – A WEBINAR MINI-SERIES. The Michigan Air Pollution Control Rules require that a permit be obtained prior to installing any source of air emissions, unless the activity or equipment is specifically exempted. The Air Quality Division's (AQD) air permit exemptions are some of the most used and most asked about rules that the Division has on the books. In December 2016, many of the permit exemptions were updated and several new rules were added. This mini-series will provide attendees with important information on these permit exemption changes and how they may be useful for new or existing equipment.

APRIL 2017

April 10, 2017
10:00 – 11:00 AM EDT
Air Permit Exemptions - Rule 290 and Rule 291
 This Webinar will focus on the Rule 290 changes as well as an explanation of Rule 291, which is a new exemption. Tools have been developed to aid in the evaluation of these permit exemptions. The Webinar will be valuable to anyone currently using or considering using Rule 290 and Rule 291 to potentially exempt equipment from the permitting process.

April 24, 2017
10:00 – 11:00 AM EDT
Air Permit Exemption –Rule 285 and Meaningful Change
 This Webinar will cover what to do when the process or equipment undergoes a minor materials change. Information and tools will be provided to assist in completing a meaningful change determination and what the update to Rule 285 entails.

More information is available at [MDEQ's Events Web Page](#) (www.michigan.gov/deqevents). For questions about the Webinar content and/or recommendations for additional air Webinar topics, please contact **Jenifer Dixon**, Training and Outreach Air Specialist, at 517-284-6892 or dixonj2@michigan.gov.

APRIL 11-12, 2017

MICHIGAN SAFETY CONFERENCE, SUBURBAN COLLECTION SHOWPLACE, NOVI, MICHIGAN. The Michigan Safety Conference is a two-day world class health and safety training event, held every Spring. Training is targeted at workplace health and safety issues. All businesses in Michigan are encouraged to send their employees responsible for health, safety and risk management operations. The MDEQ will have speakers and an

exhibitor table at this event. For more information, go to <http://www.michsafetyconference.org/>.

APRIL & AUGUST 2017

DEQ SOIL EROSION AND SEDIMENTATION CONTROL PLAN REVIEW & DESIGN (COMPREHENSIVE) TRAINING AND EXAM, LANSING, MICHIGAN. This training and exam is for individuals who have valid Construction Storm Water Operator Certificates and work for Part 91 Agencies where the individual may have soil erosion and sedimentation control plan review and design responsibilities. The training will cover the required components of a soil erosion and sedimentation control plan, the soil erosion and sedimentation control law, an overview of common best management practices for soil erosion and sedimentation control, and an exercise in plan review in design. Not all information in the exam is covered in the training, so participants are expected to have read and understand the information presented in the [“Certified Storm Water Operator and Soil Erosion and Sedimentation Control Plan Review & Design \(Comprehensive\) Manual.”](#) The exam is forty question and multiple choice. A score of 70percent is required to pass and receive a certificate of training. You may be allowed to take the Construction Storm Water Operator exam on the same date as the Soil Erosion Plan Review and Design Exam. Schedules can be found on the Web at www.michigan.gov/soilerosion and by clicking on the second bulleted link under the training header. **Cost: \$225. Registration Information:** to register, determine the training date and location you would like to attend and contact the [district staff person](#) for that location. Be prepared to provide your Construction Storm Water Operator certification number.

8:30 AM - 1:30 PM**

CLEARING THE AIR IN 2017: AN OVERVIEW OF FEDERAL, REGIONAL, AND STATE AIR QUALITY ISSUES, MMA HEADQUARTERS, LANSING, MICHIGAN. The 8th Annual Conference, co-sponsored by the Michigan Manufacturers Association and the Air Committee of the Environmental Law Section of the State Bar of Michigan, features updates on the most urgent environmental regulatory issues facing Michigan companies. Experts from government, industry, advocacy groups and the legal profession will address the latest developments and what to expect. Environmental professionals, attorneys, managers with environmental compliance responsibilities, and individuals charged with strategic planning should attend this event. The MDEQ will have an exhibit table at this event. For more information, go to <http://mimfg.org/SeminarsEvents/ClearingtheAir.aspx> or contact MMA's **Sarah Martin** at 517-487-8521 or martin@mimfg.org.

**APRIL 14, 2017
1:00 – 2:30 PM**

THE GREAT LAKES COASTAL WETLAND MONITORING PROJECT WEBINAR: OVERVIEW, PRELIMINARY RESULTS, AND ONLINE WEB ACCESS. Through funding provided by the U.S. Environmental Protection Agency, as part of the Great Lakes Restoration Initiative, the Great Lakes Coastal Wetland Monitoring Project has been implementing a standardized basin-wide coastal wetland monitoring program since 2010 that will be a powerful tool to inform decision-makers on coastal wetland conservation and restoration priorities throughout the Great Lakes basin. This informational Webinar is intended to provide coastal land resource managers, state and federal agencies, tribal governments, watershed groups, conservation organizations, Cooperative Invasive Species Management Areas, researchers, and other wetland professionals an opportunity to learn more about the Great Lakes Coastal Wetland Monitoring Project. A new Website which provides an interactive GIS mapping tool, information on when and where sites have been sampled, and preliminary condition rankings will also be introduced. More information is available at [MDEQ's Events Web Page](#) (www.michigan.gov/deqevents.)

WEBINAR SERIES

WASTE MANAGEMENT & REGULATIONS WEBINAR SERIES. The MDEQ proudly presents the Waste Regulations Webinar Series that highlights specific topics associated

DATE

CONFERENCES, WORKSHOPS, AND TRAINING

APRIL – MAY 2017

with waste regulations and how to comply with them. The goal of the Webinar series is to help businesses better understand how to properly manage their waste in accordance with applicable state and federal regulations. The Webinars will be introductory in nature and will feature firsthand experience from a variety of staff from the DEQ’s Waste Management and Radiological Protection Division. More information is available at [MDEQ’s Events Web Page](#) (www.michigan.gov/deqevents).

April 18, 2017

10:00 – 11:00 AM EDT

Hazardous Waste and Liquid Industrial By-Product Inspections and Recordkeeping

In this Webinar, attendees will learn about what to expect for an inspection and the specific records an inspector will want to see. It will cover records that need to be maintained (e.g. waste characterizations, monthly waste inventory, uniform manifests, land disposal restriction notifications, etc.) and provide an overview of what happens when an inspector comes to your facility.

May 18, 2017 - Conditionally Exempt Small Quantity Generator and Liquid Industrial By-product Generator Requirements

2017 WEBINAR SERIES

DEQ SUSTAINABILITY WEBINAR SERIES. The MDEQ Pollution Prevention and Stewardship Program proudly presents this series of Webinars produced in partnership with our voluntary partners to promote meaningful engagement with our current and future customers around the topic of business sustainability. April 20, 2017, 1:00 PM

The Business Rationale of the Circular Economy

A circular economy is one that is restorative and regenerative by design and aims to keep products, components, and materials at their highest utility and value at all times. This new economic model seeks to ultimately decouple global economic development from finite resource consumption. The circular economy could create tremendous opportunities for industrial renewal, regeneration, and innovation. In this session we’ll deep dive on the business rationale of the circular economy; what are the drivers for change, concrete business opportunities and what does circular economy look like when applied in the real world. The format will be interactive with room for exercises, questions and discussions.

May 25 - *The Ins and Outs of B Corps*

June 22 - *Life Cycle Assessments*

APRIL 25-26, 2017

UPPER PENINSULA SOLID WASTE FORUM, RAMADA INN, MARQUETTE, MICHIGAN. The MDEQ is hosting its fourth Upper Peninsula Solid Waste Forum (Forum) in Marquette, Michigan. The purpose of the Forum is to share information about the latest issues involving solid waste management and recycling, specifically targeting issues of interest in the Upper Peninsula. Presentation topics include waste regulations 101, e-waste, landfill groundwater data interpretation, beneficial use, household hazardous waste, recycling, landfill construction gas air permitting, and more. The MDEQ is interested in attracting a wide spectrum of stakeholders; including both commercial and industrial landfill operators, composters, recyclers, and end users of waste byproducts. More information is available at [MDEQ’s Events Web Page](#) (www.michigan.gov/deqevents.)

APRIL 27, 2017

U.P. ENVIRONMENTAL RISK MANAGEMENT STRATEGIES CONFERENCE, RAMADA INN, MARQUETTE, MICHIGAN. The MDEQ Remediation and Redevelopment Division’s Upper Peninsula District is pleased to announce the upcoming **Environmental Risk Management Strategies Conference**. This one day conference will focus on state programs that address environmental cleanups, including recent and pending statutory amendments, strategies for management of different types of contaminants, and contaminated property redevelopment. Presentations include informational sessions regarding new land and resource use restriction options for site closure, new strategies for addressing contaminant vapors, and requirements for managing non-aqueous phase

DATE

CONFERENCES, WORKSHOPS, AND TRAINING

liquids. Emergency management strategies and brownfield redevelopment tools will also be featured in a project scenario format. This conference is intended for owners and operators of contaminated properties, environmental consultants, state and local units of government, attorneys, practitioners, federal and tribal agencies, realtors, developers, and environmental organizations. Not to be missed, this conference provides examples of real strategies for solving complicated problems associated with managing risks and addressing releases of hazardous substances using new amendments to Michigan's environmental laws. More information is available at [MDEQ's Events Web Page](http://www.michigan.gov/deqevents) (www.michigan.gov/deqevents.)

MAY 2, 2017

AIR PERMIT TO INSTALL AND POTENTIAL TO EMIT WORKSHOPS, WASHTENAW COMMUNITY COLLEGE, ANN ARBOR, MICHIGAN. The MDEQ's Air Quality Division is offering two back-to-back workshops, *Air Permit to Install (PTI)* and *Potential to Emit (PTE)*. The morning *PTI Workshop* is for anyone required to obtain an air permit or who is interested in learning more about the air permit process. This workshop will address what constitutes an administratively complete application, explain what must be included in a complete application, and include a question-and-answer session. A limited number of One-on-One sessions with a permit engineer will be available for attendees with questions regarding an actual, on-going project. Attendees will receive the *Air Permit to Install Workbook*. The afternoon *PTE Workshop* is ideal for those who want to understand why determining PTE is important. PTE can be a confusing topic for all sectors of industry. We will take you step by step through calculating your facility's PTE. The workshop will also help you evaluate your PTE to determine if you are a major or minor source of air pollution and which options will best lead you to compliance with the regulations. **COST: \$50** for each workshop, or **\$85** (\$15 savings) to attend both. More information is available at [MDEQ's Events Web Page](http://www.michigan.gov/deqevents) (www.michigan.gov/deqevents).

MAY 17 – 19, 2017

MICHIGAN RECYCLING COALITION ANNUAL CONFERENCE & GOVERNOR'S RECYCLING SUMMIT, KELLOGG CENTER, EAST LANSING, MICHIGAN. East Lansing will host the Michigan Recycling Coalition's 35th Annual Conference & Governor's Recycling Summit, Michigan's largest conference and exhibition about recycling and organics management. For 35 years, the MRC has been helping businesses, nonprofits, and municipalities explore the future of recycling and organics management. Network with industry experts, learn from thoughtful presentations, and take part in informative training sessions, tours, and a robust exhibition hall. In partnership with the MDEQ, the Summit will make the case for recycling, providing high-level information about the value of recycling to Michigan communities and businesses. Whether you are new to recycling, new to the MRC conference, or you've been attending for years, we aim to provide bountiful opportunities to learn and grow your knowledge of recycling in Michigan. More information is available online at www.michiganrecycles.org.

MAY 31 – JUNE 2, 2017

GREAT LAKES AND ST. LAWRENCE GREEN INFRASTRUCTURE CONFERENCE, COBO CENTER, DETROIT, MICHIGAN. The first ever Great Lakes and St. Lawrence Green Infrastructure Conference will draw up to 1,000 engineers, landscape architects, water quality professionals, government officials (local, state, provincial, and federal), developers, planners, academia, drain and road agencies, conservation and non-profit organizations, and interest groups from around the Great Lakes basin in Canada and the U.S. This is the first conference to focus on using green infrastructure across the landscape with a primary goal to protect the surface waters in the Great Lakes region. The conference location is in the middle of the Great Lakes chain, and at the forefront of many innovative green infrastructure projects. Much of Detroit is being recreated from the ground up. They are finding ways to reduce the burden on combined sewers for less than the cost of storing and treating combined effluent. They are making neighborhoods feel safer and more inviting and increasing green acreage over the top of thriving industry. These efforts are clearly linked to the Great Lakes, by reducing nutrient inputs to Lake Erie, and all Great Lakes' and St Lawrence waters downstream. This conference will include over 80 speakers to address topics such as green infrastructure technology, economics, local government/public works, and multi-jurisdictional/regional scale issues. The third day of this conference will offer four concurrent bus tours of local points of interest highlighting

DATE

CONFERENCES, WORKSHOPS, AND TRAINING

what Detroit is doing in terms of Green Infrastructure, Stormwater Management, and CSO Control. The Conference will feature valuable networking opportunities and an exhibitor area as well. Information Contact: **Dave Drullinger**, Office of Public Affairs and Outreach, 517-284-6855 or email at drullingerd@michigan.gov. More information is available at [MDEQ's Events Web Page](http://www.michigan.gov/deqevents) (www.michigan.gov/deqevents).
