**DEADLINE FOR PUBLIC COMMENT REGARDING DTE GAS COMPANY - MILFORD COMPRESSOR STATION, MILFORD, MICHIGAN,**

for the proposed draft permit for the proposed installation and operation of five new combustion turbines, one new emergency generator, and two new boilers. The facility is located at 3515 Childs Lake Road, Milford, Michigan. The public comment period and hearing, if requested, are to allow all interested parties the opportunity to comment on the proposed Permit to Install (PTI) and the MDEQ's proposed conditional approval. It has been preliminarily determined that the proposed installation of the five new combustion turbines, one new emergency generator, and two new boilers will not violate any of the DEQ's rules nor the National Ambient Air Quality Standards and the Prevention of Significant Deterioration (PSD) air quality increments. Additionally, the five new combustion turbines, one new emergency generator, and two new boilers will require revisions to Renewable Operating Permit (ROP) No. MI-ROP-B7221-2015a (SRN B7221). This public comment period meets the public participation requirements for a future administrative amendment to the ROP. The New Source Review and ROP public notice documents can be viewed at [www.deq.state.mi.us/aps](http://www.deq.state.mi.us/aps). If a public hearing is requested in writing by May 23, 2016, a public hearing will be held May 25, 2016. **PROTECTING YOUR SHORELINE: A WORKSHOP FOR INLAND LAKEFRONT PROPERTY OWNERS, VARIOUS LOCATIONS, MICHIGAN.** Natural shorelines provide multiple benefits to our inland lakes. Natural shoreline landscaping and bioengineered erosion control techniques can restore those benefits by reducing runoff, deterring geese, stabilizing soils and improving fish and wildlife habitat while maintaining aesthetically pleasing access to your lake. Already have rock or sea wall? Learn how to enhance those structures for the benefit of your lake. Workshop topics include: healthy lake ecosystems, designing natural landscapes on lake shorelines, problems with high impact landscape methods, use of native plants in shoreline landscapes, common inland lake Invasive species, and state of Michigan rules and regulations. Workshop hosted by Michigan State University Extension, in cooperation with the Michigan Natural Shoreline Partnership, including the DEQ. Pre-registration is required at: <http://events.anr.msu.edu/inlandlakepo16/>. Call 989-539-7805 if you are unable to register online.

**WEBINAR: SUBMITTING WETLANDS, LAKES AND STREAMS APPLICATIONS IN MIWATERS.** This Webinar will demonstrate how to locate and submit a variety of forms related to wetlands, lakes, and streams permits and programs. In particular, it will show how to: create an account; find a form such as the Joint Permit Application, WIP request, etc.; submit an application or request; include required and optional attachments; pay the applicable fee; check the status of your application after it has been submitted; edit the GIS site details of your site; and other relevant functions in MiWaters. This Webinar will be of interest to individuals that will need to apply for a permit related to activities covered under the MDEQ/USACE "Joint Permit Application" (JPA). The JPA package covers permit requirements pursuant to state and federal rules and regulations for construction activities where the land meets the water including wetlands, often referred to as the land/water interface. The application covers activities on or for: Wetlands, Floodplains, Marinas, Dams, Inland Lakes and Streams, Great Lakes Bottom Lands, Critical Dunes, and High Risk Erosion Areas. **GOVERNOR’S RECYCLING SUMMIT & MICHIGAN RECYCLING COALITION ANNUAL CONFERENCE, ST. JOHN’S INN, PLYMOUTH, MICHIGAN.** The DEQ and Michigan Recycling Coalition (MRC) are collaborating on the 2016 Governor’s Recycling Summit & Michigan Recycling Coalition Conference - the largest gathering about recycling in Michigan. As the state leads Michigan to increase its recycling rate, governments, businesses, and recycling service providers are actively seeking information about best management practices. Highlights will include: Keynote addresses by Nina Goodrich, Director of the Sustainable Packaging Coalition & Executive Director of GreenBlue, and Dylan de Thomas, editorial director at Resource Recycling, Inc.; speakers discussing the current state of recycling and waste management in Michigan, as well as commodity and scrap market developments; training sessions covering a variety of topics, including food waste pilots, zero waste innovations, municipal waste characterization, material recovery facilities (MRFs), safety hazards, digital communication strategies, and curbside recycling carts; and, other offerings will include tours of a local MRF, the Detroit Zoo, and MGM Grand Casino, awards ceremonies, evening receptions, and the popular MRC Grub Crawl through downtown Plymouth. Join colleagues at this event to build your knowledge and learn fresh approaches to your recycling challenges. Network with community leaders, recycling professionals, and service providers and be a part of identifying solutions to grow recycling in your community. **MICHIGAN INFRASTRUCTURE CONFERENCE, COBO HALL, DETROIT, MICHIGAN.** Three Michigan organizations, the American Council of Engineering Companies (ACEC), the American Society of Civil Engineers (ASCE), and the Urban Land Institute (ULI) have partnered to create a conference focusing on how infrastructure can drive economic development through emerging or expanding markets, creative leadership, new technologies and unique solutions developed by practitioners, facility/infrastructure developers, and owners. These groups represent Michigan engineers, developers and other professionals who have a focus and passion to create thriving Michigan communities. This event offers attendees ample opportunity to obtain continuing education credits while gaining knowledge and networking with peers. It will also offer exposure to new products and services from various exhibitors. Anyone in government, business, industry, or education with duties related to economic development and infrastructure planning, design and construction is encouraged to attend. The Conference will consist of concurrent breakout sessions, relevant general sessions and vendor interaction. The DEQ will have an exhibit booth at this event. WEBINAR SERIES

MAY – JULY, 2016

**MICHIGAN DEQ CELEBRATES YEAR OF CLEAN AIR WITH AIR QUALITY DIVISION'S 101 WEBINAR SERIES.** The Year of Clean Air – AQD 101 Webinar Series is a monthly Webinar that will focus on specific topics associated with the Michigan Department of Environmental Quality Air Quality Division (AQD) and its associated programs. AQD staff handles a variety of very specialized parts of keeping Michigan's air clean and safe for our state's residents. Air quality has improved dramatically in the state since we began to manage and regulate what is allowed to enter our air 50 years ago. The Webinars will feature firsthand experience from a variety of AQD staff members from Lansing and the field, representing the multiple facets of AQDs various programs. More information is available at [www.michigan.gov/deqevents](http://www.michigan.gov/deqevents). Information Contact: **Jenifer Dixon**, Office of Environmental Assistance, 517-284-6892, or email at [dixonj2@michigan.gov](mailto:dixonj2@michigan.gov).

**Enforcement: I received a Violation Notice. Now what?**

Getting a Violation Notice and thinking about potential enforcement action can be one of the most worrisome things a facility may have to work through with AQD staff. The purpose of this Webinar is to remove some of the unknowns from the enforcement process. AQD enforcement staff will discuss why a facility may get a Violation Notice and how best to work with AQD to resolve the violations. No one wants to get a Violations Notice, but this Webinar will prepare you to move forward with confidence.
