

New draft includes:

- ❑ Written comments
- ❑ Comments from Roundtable 05.22.08

Major Changes

- ❑ Formatting – information directed to:
 - ❑ summary
 - ❑ appendix
 - ❑ workgroup charges with specific details

Action Plan Development Phases

- ❑ Phase One (1-6 months)
Building Awareness
- ❑ Phase Two (6-36 months)
Building the Program
- ❑ Phase Three (3-5 years)
Building the Future

Phase One (1-6 months) *Building Awareness*

- ❑ Define the scope of the Green Chemistry Support Program
- ❑ Build a resource clearinghouse for Green Chemistry activities in the state
- ❑ Build support and commitments from key stakeholders to advance Green Chemistry in Michigan
- ❑ Build financial resources for long-term success

Phase Two (6-36 months) *Building the Program*

- ❑ Convene a Green Chemistry Research and Education Conference
- ❑ Develop an Annual Green Chemistry Awards Program
- ❑ Establish a Green Chemistry Education network and opportunities
- ❑ Build on Michigan's existing capacity to advance long-term Green Chemistry directions

Phase Three (3-5 years) ***Building the Future***

- Facilitate research and commercialization of new innovative technology
- Establish Michigan's Green Chemistry Support Program as a model for Green Chemistry innovation
