

Michigan Groundwater Management Tool (MGMT) Resources

Water Well Records

Wellogic <https://secure1.state.mi.us/wellogic/Login.aspx>

Wellogic primarily contains the water well records from the year 2000 and newer. They can be searched using 22 different search fields.

Scanned Well Logs <http://www.deq.state.mi.us/well-logs>

The scanned well logs are a digital photocopy of paper well records submitted by Water Well Drilling and Pump Installation Contractors, from the year 1999 and older. They can only be searched by county, township, town/range, and section.

For additional information and to make changes to well records, please contact Wellogic Help at wellogic@michigan.gov.

Wellhead Protection Program <http://www.michigan.gov/deqwhp>

This program assists local communities that use groundwater for their municipal drinking water supply systems in protecting their water source by identifying and protecting the area that contributes water to municipal water supply wells.

For additional information, contact Wayne Kukuk at kukukw@michigan.gov.

Wellhead Protection Area Maps

Go to <http://www.michigan.gov/deqwhp>, under "Related Links", click on "Wellhead Protection Areas Maps". Follow the instructions to download ArcGIS Explorer and the shapefiles (maps).

Source Water Assessment Program http://www.michigan.gov/deq/0,4561,7-135-3313_3675_3693--_00.html

This program is designed to identify areas that supply public drinking water, assess the susceptibility of those water supplies to contamination, and inform the public of the results.

For additional information, contact Jason Berndt at berndtj1@michigan.gov.

Noncommunity Water Supplies <http://www.michigan.gov/deqnoncommunitywatersupply>

Michigan Water Stewardship Program www.miwaterstewardship.org

A partnership of organizations that provide educational assistance to Michigan's residents to identify and reduce contamination risks to water and other natural resources. Outreach materials for homeowners are available on this site.

For additional information, click on "About MWSP" click on "Contact MWSP."
