

# MICHIGAN SARA TITLE III PROGRAM

Michael Young  
DEQ SARA Title III Specialist  
January 2017

# HISTORY OF THE REGULATION

In 1980, Congress enacted the:

Comprehensive Environmental Response,  
Compensation and Liability Act

Purpose:

- Cleanup hazardous waste disposal sites
- Emergency response for *hazardous substances released* into the environment

**CERCLA** = Superfund

# WHY DO WE HAVE SARA TITLE III?

Tragically on December 3, 1984 in Bhopal, India Union Carbide chemical plant released Methyl isocyanate resulting in 4,000 deaths, and 40,000 maimed & seriously injured. Plants were defoliated and livestock killed.

# HISTORY OF THE REGULATION

The Bhopal tragedy sparked an overhaul of U.S. chemical reporting rules and in 1986, congress expanded and reauthorized the Superfund Act.

## Now Called:

Superfund **A**mendments and **R**eauthorization Act of *1986* (**SARA**)

**SARA** Title III = **E**mergency **P**lanning and **C**ommunity **R**ight-to-Know **A**ct (**EPCRA**)

# HISTORY OF THE REGULATION

## CERCLA = Superfund

The Superfund Act was Reauthorized in 1986

## SARA Title III = EPCRA

Regulations implementing SARA Title III are codified in Title 40 of the Code of Federal Regulations (CFR) Parts 350 to 372.

# HISTORY OF THE REGULATION

The objective of the **SARA Title III\EPCRA** is to:

1. Allow state and local planning for chemical emergencies,
2. Provide for notification of emergency releases of chemicals,
3. Address communities' right-to-know about toxic and hazardous chemicals.

# West, Texas – April 17, 2013

# SARA Title III\EPCRA

- SARA Title III Program has a focus is on emergency management.
- SARA Title III is in place for the protection of the community, first responders, facility employees and the environment.
- Folks need to know what hazardous materials are stored in their communities, so first responders can plan and in case of an emergency safely respond.

# SARA TITLE III IN MICHIGAN

- Federal Regulation
- Enforced by EPA
- Implemented under Executive Order from the Governor
- No complimentary State Law
- The State of Michigan provides primarily compliance assistance

# RIGHT-TO-KNOW?

(EMERGENCY PLANNING AND COMMUNITY RIGHT TO KNOW)

## There are 3 Right-to-Knows

§ Employee Right-to-Know

§ Firefighter Right-to-Know

§ Community Right-to-Know

# WHO HAS THE RIGHT TO KNOW?

## Employee Right-to-Know

- § Occupational Safety & Health Administration (OSHA)
- § Hazard Communication Standard (29 CFR 1910.1200)
- § Safety Data Sheet (SDS)
- § [www.osha.gov](http://www.osha.gov)

**PROTECTION OF THE EMPLOYEE**

# WHO HAS THE RIGHT TO KNOW?

## Firefighter Right-to-Know

- Michigan OSHA (MIOSHA)
- Fire Prevention Code (1941 PA 207)
- Fire Dept. Hazardous Material Emergency Planning Responsibilities (Bulletin 9)
- [www.michigan.gov/lara](http://www.michigan.gov/lara)

**PROTECTION OF THE FIREFIGHTER**

# WHO HAS THE RIGHT TO KNOW?

## Community Right-to-Know (The Focus of this Presentation)

### § SARA Title III\NEPCRA

- Local Emergency Planning Committee (LEPC) planning responsibilities
- Facilities provide planning information
- Facilities provide hazardous chemical inventory

### § Tier II Report (aka Tier Two; Tier 2)

### § [www.michigan.gov/sara](http://www.michigan.gov/sara)

**PROTECTION OF THE COMMUNITY**

# SARA TITLE III - COMPONENTS

- **Emergency Planning  
Sections 302 & 303**
- Emergency Release Notification  
Section 304
- Hazardous Chemical Inventory  
Sections 311 & 312
- Toxic Chemical Release Inventory  
Section 313

# EMERGENCY PLANNING SECTION

## 302 & 303

- Established- **State Emergency Response Commission (SERC)**
- Established - **Michigan Citizen-Community Emergency Response Coordinating Council** (Exec. Order 2007-18) "Michigan's SERC"
- Established - **Local Emergency Planning Committees (LEPCs)**
- 87 LEPCs in Michigan including the cities of Detroit, Ann Arbor, Romulus, and Wayne.

# EMERGENCY PLANNING

## SERC INVOLVEMENT AT THE *STATE LEVEL*

### Receive Facility Reports

§ DEQ Michigan SARA Title III Program

### Review LEPC Plans

§ MSP Emergency Management &  
Homeland Security Division (EMHSD)

# EMERGENCY PLANNING

## SECTION 302 *FACILITY* REQUIREMENTS

- Designate a facility emergency (planning) coordinator (included on the Tier II report)
- Provide information requested by the LEPC that it needs to fulfill its planning responsibilities
- Inform the LEPC of any changes relevant to emergency planning

# EMERGENCY PLANNING

## SECTION 302 *FACILITY* REQUIREMENTS

- § A facility is subject to section 302 if it has an Extremely Hazardous Substance (EHS) at or above the Threshold Planning Quantity (TPQ) posted in either the Extremely Hazardous Substance List (Appendix A of your guidebook) or U.S. EPA's List of Lists (Appendix B of your guidebook).
- § A facility is also subject to emergency planning requires under SARA Title III and is require to share their emergency response plan with their local fire department and Local Emergency Planning Committee (LEPC).
- § The Local Emergency Planning Committee (LEPC) is required to develop a community emergency response plan with the 302 facility in mind and send it to the State.

# Example EHS List

## APPENDIX A: SARA Title III Extremely Hazardous Substances

### SARA Title III EXTREMELY HAZARDOUS SUBSTANCES

| CAS      | EHS NAME                     | TPQ*         |
|----------|------------------------------|--------------|
| 108054   | Acetic acid ethenyl ester    | 1,000        |
| 75865    | Acetone cyanohydrin          | 1,000        |
| 1752303  | Acetone thiosemicarbazide    | 1,000/10,000 |
| 107028   | Acrolein                     | 500          |
| 79061    | Acrylamide                   | 1,000/10,000 |
| 107131   | Acrylonitrile                | 10,000       |
| 814686   | Acrylyl chloride             | 100          |
| 111693   | Adiponitrile                 | 1,000        |
| 116063   | Aldicarb                     | 100/10,000   |
| 309002   | Aldrin                       | 500/10,000   |
| 107186   | Allyl alcohol                | 1,000        |
| 107119   | Allylamine                   | 500          |
| 20859738 | Aluminum phosphide           | 500          |
| 2763964  | 5-(Aminomethyl)-3-isoxazolol | 500/10,000   |
| 54626    | Aminopterin                  | 500/10,000   |
| 504245   | 4-Aminopyridine              | 500/10,000   |
| 78535    | Amiton                       | 500          |
| 3734972  | Amiton oxalate               | 100/10,000   |
| 7664417  | Ammonia                      | 500          |
| 300629   | Amphetamine                  | 1,000        |
| 62533    | Aniline                      | 1,000        |

| CAS      | EHS NAME   | TPQ*         |
|----------|--|--------------|
| 534076   | Bis(chloromethyl) ketone                           | 10/10,000    |
| 4044659  | Bitoscanate  | 500/10,000   |
| 10294345 | Borane, trichloro-                                 | 500          |
| 7637072  | Borane, trifluoro-                                 | 500          |
| 10294345 | Boron trichloride                                  | 500          |
| 7637072  | Boron trifluoride                                  | 500          |
| 353424   | Boron trifluoride compound with methyl ether (1:1) | 1,000        |
| 353424   | Boron, trifluoro[oxybis[methane]]-, (T-4)-         | 1,000        |
| 28772567 | Bromadiolone                                       | 100/10,000   |
| 7726956  | Bromine  | 500          |
| 74839    | Bromomethane                                       | 1,000        |
| 4170303  | 2-Butenal  | 1,000        |
| 123739   | 2-Butenal, (e)-                                    | 1,000        |
| 1306190  | Cadmium oxide                                      | 100/10,000   |
| 2223930  | Cadmium stearate                                   | 1,000/10,000 |
| 7778441  | Calcium arsenate                                   | 500/10,000   |
| 8001352  | Campechlor   | 500/10,000   |
| 8001352  | Camphene, octachloro-                              | 500/10,000   |
| 56257    | Cantharidin  | 100/10,000   |
| 51832    | Carbachol chloride                                 | 500/10,000   |

# EMERGENCY PLANNING

## SECTION 302 FACILITY REQUIREMENTS

- § Submit Tier II Report (Update or Annual) within 60 days to
  - Michigan SARA Title III Program (online)
  - LEPC
  
- § The 302 report is now part of the Tier II report

# EMERGENCY PLANNING

## SECTION 303 LEPC REQUIREMENTS

- § LEPC writes **Offsite HazMat Response Plans** with specific information about certain facilities.
- § Give to MSP-EMHSD & Responders

# EMERGENCY PLANNING IN PART 5 RULES FACILITY REQUIREMENTS

- § Provide *notification* to the LEPC that it has completed a **Pollution Incident Prevention Plan** (PIPP) or an **Integrated Contingency Plan** (ICP) containing the PIPP requirements.
- § Provide a *copy* of the PIPP or ICP to the LEPC *upon request*

# EMERGENCY PLANNING IN CLEAN AIR ACT SECT 112(R) FACILITY REQUIREMENTS

§ Subject facility must have a  
**Risk Management Program.**

§ If the facility will respond to the release:

- Coordinate their **Risk Management Plan** with LEPC Plan.
- Provide information to the LEPC upon request for developing and implementing the LEPC Plan.

# EMERGENCY PLANNING IN CLEAN AIR ACT SECT 112(R) FACILITY REQUIREMENTS

If the facility will not respond to the release:

- § Assure that facility with *toxic* chemicals is included in the LEPC Plan.
- § Assure that facility with *flammable* substances has coordinated response actions with the local fire department.

# SARA TITLE III - COMPONENTS

- Emergency Planning Sections 302 & 303
- **Emergency Release Notification Section 304**
- Hazardous Chemical Inventory Sections 311 & 312
- Toxic Chemical Release Inventory Section 313

# EMERGENCY RELEASE NOTIFICATION SECTIONS 304

- § ≈ 770 **Hazardous Substances** (CERCLA - published list)
- § 355 Extremely Hazardous Substances (**EHS**) (SARA Title III- published list)
- § “Reportable Quantity” (**RQ**)
- § **List of Lists** has reportable chemicals and RQs (See Appendix B of your guidebook)

# EXAMPLE LIST OF LISTS

| NAME  | CAS/313<br>Category<br>Codes | Section 302<br>(EHS) TPQ | Section<br>304 EHS<br>RQ | CERCLA<br>RQ | Section<br>313 | RCRA<br>CODE | CAA<br>112(r)<br>TQ |
|---|------------------------------|--------------------------|--------------------------|--------------|----------------|--------------|---------------------|

| Phosphorothioic acid, O,O-diethyl-O-(4-nitrophenyl) ester                   | 56-38-2                      | 100                      | 10                       | 10           | X              | P089         |                     |
| 3-Methylcholanthrene  | 56-49-5                      |                          |                          | 10           | 313+           | U157         |                     |
| Diethylstilbestrol  | 56-53-1                      |                          |                          | 1            |                | U089         |                     |
| Benz[a]anthracene   | 56-55-3                      |                          |                          | 10           | 313+           | U018         |                     |
| Coumaphos   | 56-72-4                      | 100/10,000               | 10                       | 10           |                |              |                     |
| 1,1-Dimethyl hydrazine  | 57-14-7                      | 1,000                    | 10                       | 10           | 313            | U098         | 15,000              |
| Dimethylhydrazine   | 57-14-7                      | 1,000                    | 10                       | 10           | X              | U098         | 15,000              |
| Hydrazine, 1,1-dimethyl-  | 57-14-7                      | 1,000                    | 10                       | 10           | X              | U098         | 15,000              |

# LIST OF LISTS

- Ø CAS = Chemical Abstracts Service number
- Ø EHS = Extremely Hazardous Substance
- Ø TPQ = Threshold Planning Quantity
- Ø *RQ = Reportable Quantity*
- Ø CAA = Clean Air Act
- Ø TQ = Threshold Quantity
- Ø *Amounts in POUNDS*

# EMERGENCY RELEASE NOTIFICATION FACILITY REQUIREMENTS

- There are 27 state and federal regulations with release reporting requirements that apply in Michigan.
- Permits, licenses, local ordinances, contingency and pollution prevention plans might have additional release reporting requirements.

# EMERGENCY RELEASE NOTIFICATION

## SECTION 304

Immediately (within 15 mins) notify:

- § LEPC (Contact your county LEPC)
- § SERC - DEQ Pollution Emergency Alerting System (PEAS) 1-800-292-4706 or MDARD (Agriculture) Hotline 1-800-405-0101
- § U.S. Coast Guard National Response Center (NRC) Follow-up report to SERC & LEPC 1-800-424-8802

Then assess the situation and make additional notifications as required. See chapter 6 for details.

# SARA TITLE III - COMPONENTS

§ Emergency Planning  
Sections 302 & 303

§ Emergency Release  
Notification  
Section 304

§ **Hazardous Chemical Inventory**  
**Sections 311 & 312**

§ Toxic Chemical Release Inventory  
Section 313

# HAZARDOUS CHEMICAL INVENTORY SECTIONS 311 & 312

- § Hazardous Chemicals = all substances for which the **OSHA Hazard Communication Standard** requires the facility to maintain **SDSs** (Employee Right-to-Know).
- § There is ***NO LIST*** of OSHA Hazardous Chemicals!

# HAZARDOUS CHEMICAL INVENTORY SECTIONS 311 & 312

Thresholds for reporting

§ **OSHA hazardous substances:**

10,000 pounds

§ **EHS:**

500 pounds or TPQ (whichever is lower)

§ ***Requests by LEPC/Fire Dept:***

zero pounds

# HAZARDOUS CHEMICAL INVENTORY SECTION 311

- § ***INITIAL REPORT*** due within **3 months** after threshold reached
- § Submit current year Tier II Report Update with the new chemicals to:
  1. **Michigan SARA Title III Program (online)**
  2. **LEPC**
  3. **Fire Department**

# HAZARDOUS CHEMICAL INVENTORY SECTION 312

- § [ANNUAL REPORT](#) due by **March 1<sup>st</sup>**
- § Submit current year Tier II Report Annual (Emergency & Hazardous Chemical Inventory) with previous year inventory to:
  1. **Michigan SARA Title III Program (online)**
  2. **LEPC**
  3. **Fire Department**

# EXEMPTIONS

- Any food, food additive, color additive, drug, or cosmetic regulated by the Food and Drug Administration.
- Any substance present as a solid in any manufactured item to the extent exposure to the substance does not occur under normal conditions of use.

# EXEMPTIONS

- Any substance to the extent it is used for personal, family, or household purposes, or is present in the same form and concentration as a product packaged for distribution and use by the general public.
- Any substance to the extent it is used in a research laboratory or hospital or other medical facility under the direct supervision of a technically qualified individual.

# EXEMPTIONS

- Any substance to the extent it is used in routine agricultural operations or is a fertilizer held for sale by a retailer to the ultimate customer.

\*Note these exemptions do not apply when storing Extremely Hazardous Substances over Threshold Planning Quantities (SARA Title III 302 sites)

# HAZARDOUS SUBSTANCES COVERED BY SARA TITLE III

**OSHA:** Tier II

**EHS:** Emergency Plan & Release Report

**CERCLA:** Release Report

RCRA hazardous waste

# SARA TITLE III - COMPONENTS

- § Emergency Planning  
Sections 302 & 303
- § Emergency Release  
Notification  
Section 304
- § Hazardous Chemical Inventory  
Sections 311 & 312
- § **Toxic Chemical Release Inventory**  
**Section 313**

# TOXIC CHEMICAL RELEASE INVENTORY (TRI) - SECTION 313

- § **Annual TRI Report due by July 1<sup>st</sup>**
- § Submit Form R to via TRI-MEweb:
  - Michigan SARA Title III Program
  - EPA
- § Toxic = ~ 650 listed chemicals & chemical compounds
- § Cumulative releases & waste transfers
- § Release = allowed and accidental
- § Subject facilities

# TOXIC CHEMICAL RELEASE INVENTORY (TRI) - SECTION 313

## Subject Facilities:

- § At least **10 full time employees**
- § Subject **North American Industrial Classification System (NAICS)** codes
- § Amount manufactured\*, processed, or otherwise used **exceeds a toxic chemical activity threshold**

\*Manufacture includes chemicals created as an impurity or byproduct

# HAZARDOUS SUBSTANCES COVERED BY SARA TITLE III

**OSHA:** Tier II

**EHS:** Emergency Plan & Release Report

**CERCLA:** Release Report

RCRA hazardous waste

# ALL SUBSTANCES COVERED BY SARA TITLE III

**OSHA:** Tier II

**EHS:** Emergency Plan & Release Report

**CERCLA:** Release Report

**TOXIC:** TRI

RCRA hazardous waste

DEQ / COMMUNITY RIGHT TO KNOW

## Emergency Planning and Community Right-to-Know - SARA Title III

- SARA Title III / Community Right-to-Know

Title III of the Superfund Amendments and Reauthorization Act ("SARA Title III") is also known as the Emergency Planning and Community Right-to-Know Act (EPCRA). This act has four main components:

- Emergency Planning & Notification (sections 302 & 303)
- Emergency Release Notification (section 304)
- Hazardous Chemical Inventory (sections 311 & 312)
- Toxic Chemical Release Inventory (section 313)

For other facility Emergency Planning requirements, go to [www.michigan.gov/deqemergencyplan](http://www.michigan.gov/deqemergencyplan).

For Employee Right-to-Know requirements, go to [www.osha.gov](http://www.osha.gov) or view the [Hazard Communication Standard fact sheet](#).

For Firefighter Right-to-Know requirements, see [Fire Marshal Bulletin 9](#).

**Tier II Manager Program is ready to accept Tier II reports.**

## SARA Title III - Hazardous Chemical Inventory (Tier II Reporting)

### Tier II Reporting

Sections 311 and 312 of SARA Title III address emergency and hazardous chemical inventory reporting. The implementing regulations are codified in 40 CFR Part 370. The regulations are intended to provide the public, local governments, fire departments and other emergency officials with information concerning the potential chemical risks in their communities. Over 6,000 facilities in Michigan submit hazardous chemical inventories to the Michigan SARA Title III Program, Local Emergency Planning Committees (LEPCs), and local fire departments.

**IMPORTANT NOTICE:** Tier II Manager Program is ready to accept Tier II reports.

Fire Departments and LEPCs in the following counties can receive your Tier Two report online: Bay, Calhoun, Genesee, Grand Traverse, Ingham, Kent, Montcalm, Monroe, Oakland, Otsego, Ottawa, Saginaw, Washtenaw, and Wayne.

## SARA Title III Spill-Release Reporting

Chemical releases in Michigan are potentially reportable under one or more of twenty-six different state and federal regulations. Determining which regulations apply to a specific release can be an overwhelming task. The "Release Notification Requirements in Michigan" table was compiled by the Michigan Department of Environmental Quality (MDEQ) Office of Environmental Assistance to help owners and operators of facilities in Michigan, including vehicles and farms, determine their potential notification and reporting requirements in the event of a chemical release. Check your permits, licenses, registrations, pollution prevention plans, and local ordinances for additional release reporting requirements.

### Report Environmental Emergencies:

Environmental Emergency - 24 hour [Pollution Emergency Alert System \(PEAS\)](#)  
800-292-4706

During daytime hours, you may also contact the appropriate [district office](#) directly.

## SARA Title III Emergency Planning & Notification

### Are you prepared for an emergency?

Every facility should have an emergency response plan in place to address hazards in the workplace. Emergency planning is important to address the protection of employees, the facility, the community, and first responders. Your facility may be subject to specific planning requirements under federal and/or state regulations. Facilities are often subject to multiple emergency planning requires and choose to combine their emergency plans.

### Report Environmental Emergencies:

## Hazardous Materials

The Michigan State Police, Emergency Management and Homeland Security Division (MSP/EMHSD) provides hazardous materials (Hazmat) [training](#) and [planning assistance to local communities](#) throughout the state of Michigan.

## Training

The Emergency Management and Homeland Security Training Center (EMHSTC) has partnered with several organizations in Michigan to develop a professional recognition program for hazardous materials and technical rescue planners, responders, professionals and instructors in Michigan.

The MSP/EMHSD, through its EMHSTC, firmly believes that our primary mission is to raise the professional standing of the field of hazardous materials planning, mitigation, and response by providing leadership and coordination through instructional programs and other skill enhancement opportunities.
