

GRETCHEN WHITMER
GOVERNOR

STATE OF MICHIGAN
DEPARTMENT OF ENVIRONMENTAL QUALITY
SOUTHEAST MICHIGAN DISTRICT OFFICE

LIESL EICHLER CLARK
DIRECTOR

March 26, 2019

Mr. Todd M. Walton
Ford Motor Company
Fairlane Plaza North, 8F
290 Town Center Drive
Dearborn, Michigan 48126

Dear Mr. Walton:

SUBJECT: Ford Livonia Transmission Plant 36200 Plymouth Road, Livonia,
Wayne County, Michigan; DEQ Site ID No.: 82002970

The Department of Environmental Quality (DEQ), Remediation and Redevelopment Division (RRD) received a memorandum entitled "Memo Regarding Recent Off-site Shallow Groundwater Sampling and Pre-Emptive Mitigation" (Memo) on March 12, 2019, from Ford Motor Company (Ford). This Memo proposes to use data from newly installed shallow monitor wells to change the area of the groundwater plume and 100-foot offset line as drawn in the map Ford submitted on February 8, 2019.

The DEQ has reviewed this Memo and does not agree with method used to draw the plume delineation line and 100-foot offset line in all areas. In particular, the plume line from well MW-92S should be extended to well MW-106S and then to well MW-150S and the 100-foot offset line extended from there. This would bring properties at 12001 Stark and 11965 Stark into the area requiring mitigation.

The plume delineation line and 100-foot offset line should be re-drawn as indicated and re-submitted to the DEQ for review by Friday, March 29, 2019.

If you should have further questions or concerns, please contact Ms. Beth Vens, Assistant District Supervisor, at 586-753-3825, or vensb@michigan.gov; or Mr. Brandon Alger, Project Manager, Southeast Michigan District Office, DEQ, RRD, 27700 Donald Court, 586-623-2839, algerb@michigan.gov; or you may contact me.

Sincerely,

Paul Owens, District Supervisor
