SUBJECT: Documents concerning Gelman Sciences, Inc. (GSI) Consent Judgment

The enclosed documents are the most recent submittals, responses or other information pertinent to the GSI project. Please add these to your files. These documents are provided by the DEQ to facilitate public review as this project progresses.

The information on each of seven areas related to the remediation is now being maintained separately. Separate files are also being maintained for the quarterly reports, NPDES Permit, Discharge Monitoring Reports, Quarterly Reports and for general correspondence. Please insert these documents, which are labeled and sorted separately, into the appropriate files. Please contact me at 517-780-7937 or by e-mail at [kolons@michigan.gov](mailto:kolons@michigan.gov), if you have any concerns or questions.

The documents listed below include most of the correspondence in our Gelman file since the last mailing. To save space and resources, a few items not relevant to the remedial action, attachments to letters already included in the repositories, or identical letters sent to multiple parties are not included.
