Subject: Gelman - Periodic DEQ Update, Proposed Monitoring Wells

Attached is a figure showing the proposed locations for five monitoring wells (MW) proposed by Pall Life Sciences (PLS) and approved by the DEQ. Drilling will begin on Monday, October 27, in the Maple Village Shopping Center (MVSC). PLS is currently seeking access to the city right-of-way from the City of Ann Arbor for installation of the remaining four wells. Two of these MWs are on Kuehnle (near Sequoia Parkway and at Dexter), one is further west on Dexter east of M-14 and the other is on Nancy Drive, south of Jackson Road. PLS is hoping to secure access to allow drilling to continue after installation of the MW at the MVSC.

The DEQ will provide additional information as data is collected from these MWs.

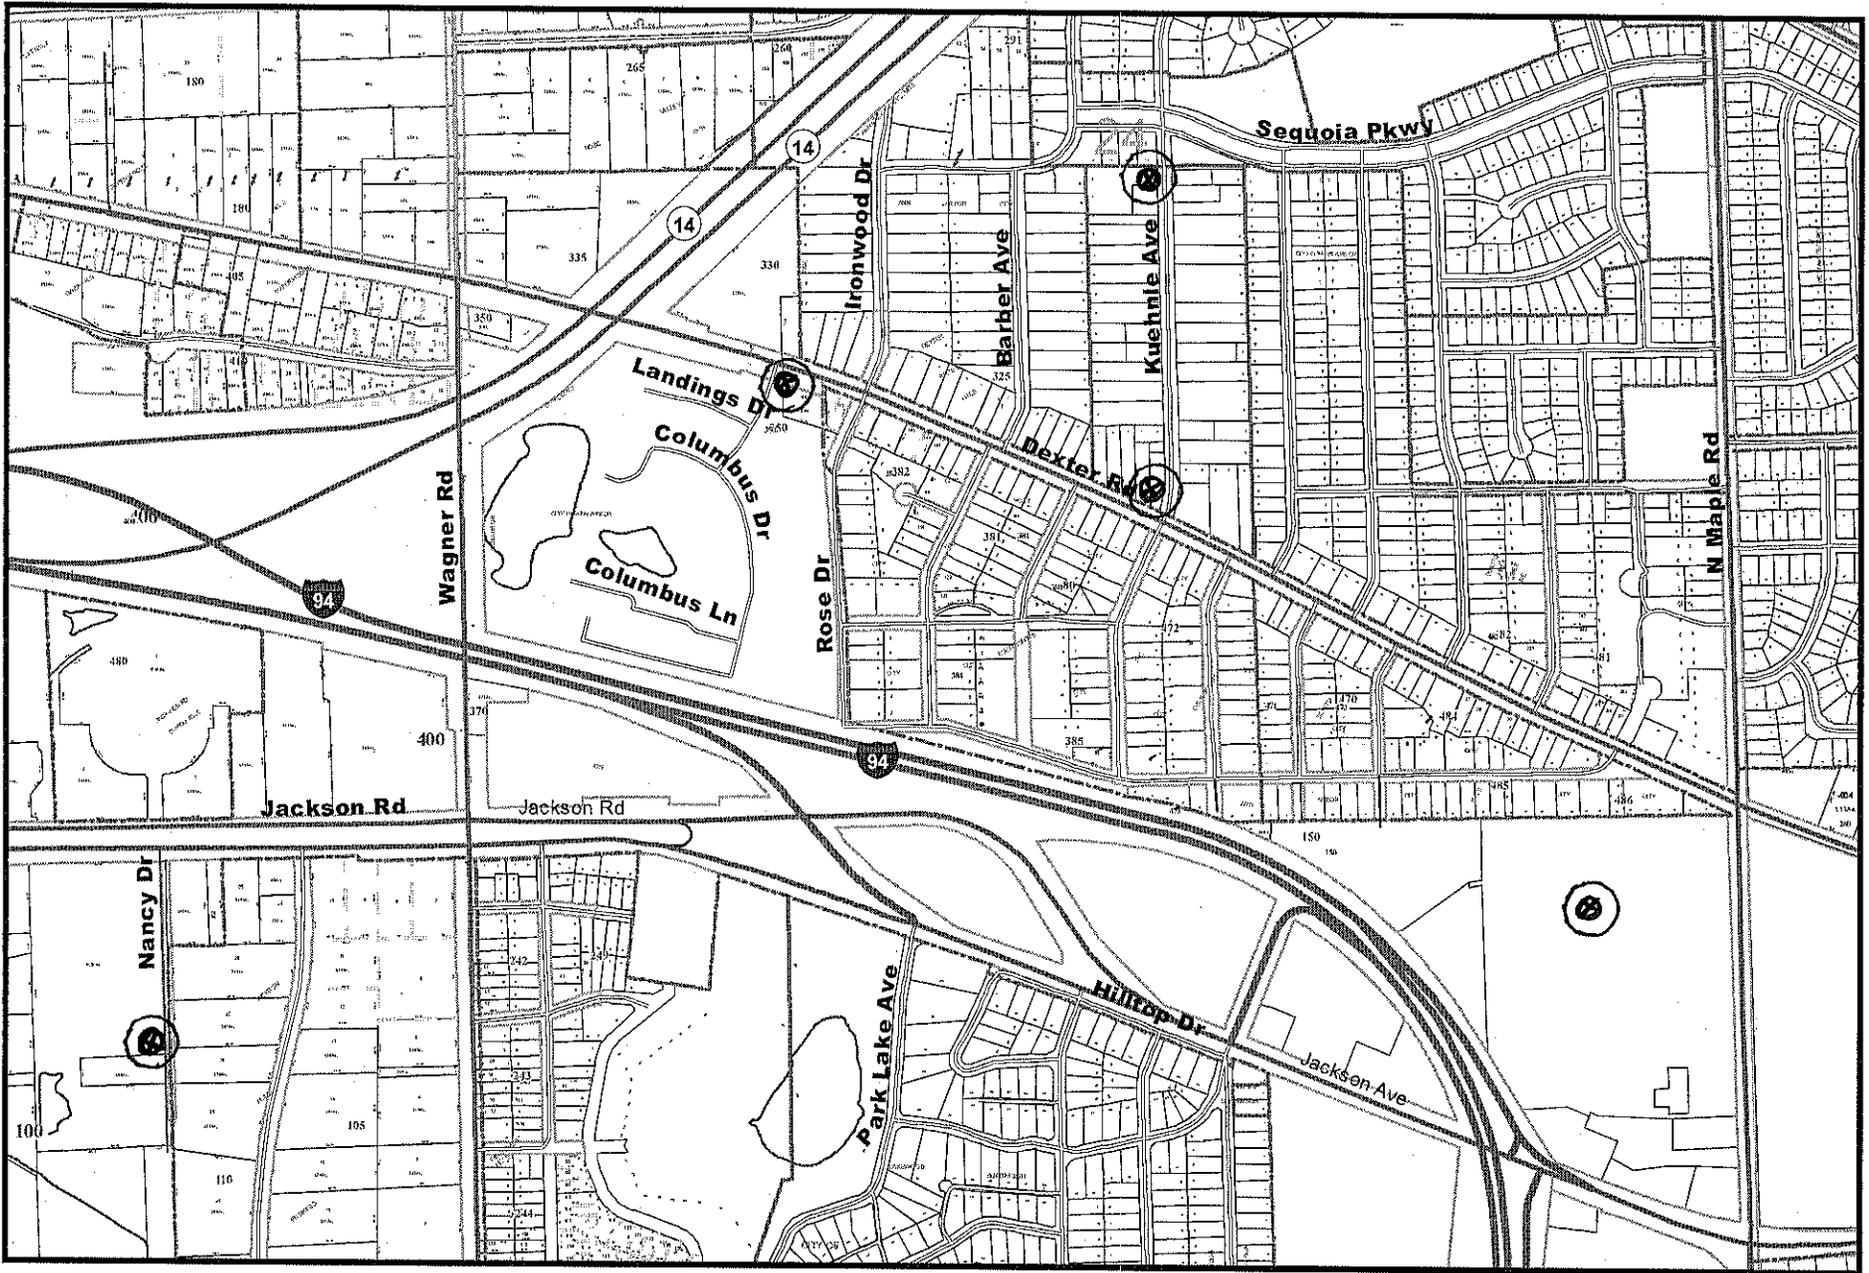

For more information on the Gelman site, click on the following link:
