Sybil,

Attached is a listing of the extraction wells in the Western Area that we would like to decommission in 2011. This list is being submitted pursuant to Section V.B.2.b. of the Third Amendment to Consent Judgment. Our decommissioning plan for these wells is to disconnect electrical service to the wells so they can no longer be operated.

Please do not hesitate to contact me if you have any questions or comments regarding this list.

Thank you,
