

## **Exhibit B: Residual Oil Work Plan - Contents**

### 1.0 INTRODUCTION

- 1.1 Background
- 1.2 Objective and Purpose
- 1.3 Health and Safety Requirements

### 2.0 OBSERVATION METHODS

- 2.1 Sheen Monitoring Methods
- 2.2 Annual Poling Survey
- 2.3 Sediment Trap Monitoring and Evaluation

### 3.0 MAINTENANCE AND REMOVAL OF SEDIMENT

### 4.0 MONITORING FREQUENCY AND REPORTING

- 4.1 Sheen Monitoring
- 4.2 Annual Poling
- 4.3 Sediment Trap Bathymetry
- 4.4 Year End Data Evaluation

### 5.0 SCHEDULE

### 6.0 REFERENCES

### FIGURES

- Figure 1 Sheen Monitoring Areas
- Figure 2 Poling Focus Locations
- Figure 3 2014 Poling Focus Areas
- Figure 4 Sediment Trap Details Plan and Section – Typical
- Figure 5 Sediment Trap Locations MP 10.40 N

### TABLE

- Table 1 2013 Master Sheen Tracking Table

### ATTACHMENTS

- Attachment A Sheen Differentiation Methods – SOP
- Attachment B Sheen Monitoring and Response Inspection Form
- Attachment C Sheen Monitoring Process Flow Chart
- Attachment D Sediment Poling Standard Operating Procedure
- Attachment E Sediment Trap Capacity Evaluation Flow Chart
