

### MiWaters Certifier Agreement

This Agreement will allow you to electronically submit forms and reports using the Michigan Department of Environmental Quality's MiWaters system when those forms and reports require a signature, using the account identified by your e-mail address. To receive the necessary authorization, a request to be a certifier must be made by the account administrator for you in MiWaters (under the authorized users), and you must fill out this form completely, sign it, have the verification signed by a MiWaters Site Administrator (see below) and send the original to:

Certifier Agreement Administrator  
Michigan Department of Environmental Quality  
P.O. Box 30458  
Lansing, MI 48909-7958

**Faxes, photocopies, and other facsimiles will not suffice.**

If you are a certifier for multiple facilities, a separate MiWaters Certifier Agreement is required for each site.
