Digital EGLE/USACE Joint Permit Application (JPA) for Inland Lakes and Streams, Great Lakes	, Wetlands, Floodplains, Dams, Environmental Areas, H
INSTRUCTIONS	FREQUENTLY ASKED QUESTIONS
This form is the Joint Permit Application developed to facilitate the state and federal permit application review process administered by the Department for activities at the land and water interface. This application prevents dunlication of state and federal applications for	What is the purpose of the Joint Permit Application?
these activities and provides concurrent review under all pertinent state and federal laws. A permit issued through this application	How do I complete the Joint Permit Application?
process typically carries with it the following authorizations under one fee: Michigan Natural Resources and Environmental Protection Act 451 (NREPA) Parts 31, 301, 303, 315, 323, 325, and 353; Section 404 of the Clean Water Act; Water Quality Certification under Section 401 of the Clean Water Act; and Coastal Zone Certification. Screening and coordination with state and federal endangered species programs	How do I contact the U.S. Army Corps of Engineers?
and the federal historic preservation program is also conducted by the Department as part of this permit application review.	CONTACT INFORMATION
In some cases, a federal permit from the U.S. Army Corps of Engineers (USACE) will also be required; this happens when the project involves Section 10 waters and certain wetlands associated with those waters (click here for more information). If a USACE permit is	Main Address
required, the Department will send a copy of this Joint Permit Application to the Detroit District Office, USACE, for simultaneous	EGLE-WRD
processing. No additional application is required. If you have any questions about the permitting process you can contact the Water Resources Division or USACE at the addresses found at the right side of this screen under Contact Information.	425 Ottawa Street
The form you are about to work through asks questions and includes sections based on your project specifics. As you fill out the form, the project details you identify will dictate which questions get asked. New sections and questions will appear based on your previous answers. Therefore, before you start this form it is important to know all the resources proposed for impact and the specific activities proposed for your project in each resource, including types, locations, and dimensions/areas. Read all instructions carefully and use the help tips and links provided before answering questions. Help tips can be located by hovering over the top right corner of many questions. Help tips will often include links to other resources that will help answer the question accurately. Thorough instructions on the seture of the form at the help time of the form list is recommended to prive the the instructions for reference while filling out the form	Billing Address EGLE-Cashiers Office P.O.
