This bulletin notifies interested parties of resources the Department of Insurance and Financial Services (the Department) has made available as a convenience to assist providers and auto insurers in applying the fee schedule set forth in MCL 500.3157. These resources can be found here: [Auto Insurance Fee Schedule Resources](#).

One of the resources the Department is making available is a bulletin board where non-hospital providers may post their charge description masters and average amounts charged as of January 1, 2019, in order to facilitate payment under MCL 500.3157(7). Providers may submit these documents to [DIFS-PA21-22@michigan.gov](mailto:DIFS-PA21-22@michigan.gov).

Submission of charge description masters and average amounts is entirely voluntary. Documents will not be edited or redacted, and will be posted exactly as they are received from the provider. The Department will not authenticate the charge description masters or average amounts and the submitting party remains solely responsible for any information contained in them. Providers should be aware that any documents submitted may be relied upon by an insurer to process claims, and that knowingly submitting false or misleading documents may constitute a fraudulent insurance act under MCL 500.4503.

The Department will continue to post fee schedule resources as they become available. Providers and insurers are encouraged to check back regularly for updates.
