MICHIGAN LIQUOR CONTROL COMMISSION

COMMISSION ORGANIZATION

The Michigan Liquor Control Commissioners are appointed by the Governor, with the advice and consent of the Michigan Senate. Of the five members, no more than three can be of the same political party. The Commissioners' terms of office are for four years with rotating expiration dates. In accordance with Executive Order 1997-13, the Governor appoints a chairperson. The Commission members have separate responsibilities according to the Liquor Control Code:

Hearing Commissioners:

Two of the Commissioners (one Democrat and one Republican) serve as Hearing Commissioners and conduct hearings on violations of the Liquor Control Code and Administrative Rules of the Commission.

Administrative Commissioners:

The remaining three Commissioners are designated as the Administrative Commissioners and are responsible for decisions and interpretation of the Liquor Control Code and Administrative Rules in the areas of licensing, enforcement, purchasing, merchandising, and distribution. They also serve as an appeal board for decisions of the hearing commissioners and hear licensing appeals.

The five-member Commission has additional responsibilities not specifically designated to the Hearings or Administrative Commissioners.

COMMISSION STAFF

The Commission staff is organized functionally into six areas:

Assistant Attorneys General:

The Attorney General assigns Assistant Attorneys General to the Alcohol and Gambling Enforcement Division legal staff. These Assistant Attorneys General review all violations for issuance of complaints, present all hearing cases to the Commission, and serve as the Commission's legal counsel.

Executive Services Division:

The Executive Services Division staff provides administrative support to the Commissioners in the areas of hearings, appeals, policy research and public affairs.

COMMISSION STAFF <i>(Continued)</i>
--

Administrative Services Division:

The Administrative Services Division provides administrative support to the Commission in the areas of internal education and training. The division also provides oversight for server training programs, online spirit ordering, Authorized Distribution Agents and Michigan Business One Stop.

Financial Management Division:

The Financial Management Division provides management support to the Commission in the areas of financial analysis; accounting; budgeting; tax collections for beer, wine, and spirits; forms; and telecommunications. The division also uses daily order quantities to purchase liquor for sale to licensees. Quotations for all liquor codes are processed, accepted or denied, and priced in this division.

Licensing Division:

The Licensing Division is responsible for processing retail, wholesaler and manufacturer license applications, as well as issuing approved licenses and handling the subsequent renewals. The division approves labeling and advertising by manufacturers and wholesalers.

Enforcement Division:

The Enforcement Division is responsible for the investigation of license applicants. The Enforcement staff also investigates complaints against current licensees and periodically inspects licensed locations for violations of the Liquor Control Code.

SOURCES AND DISTRIBUTION OF REVENUE

The Michigan Liquor Control Commission (MLCC) is authorized by the Liquor Control Code (Act 58 of 1998) to collect the following revenues:

- Net markup and specific tax revenue based on sales of distilled spirits by the Commission to retail licensees
- Beer, wine and mixed spirit drink taxes based on volume sales to Michigan wholesalers by suppliers
- Sales and use taxes under certain conditions
- Licensing fees
- Licensing inspection fees
- Fines and penalties assessed by the Commission against licensees for violations of the Liquor Control Code

NET MARKUP

The Liquor Control Commission marks up the delivered case cost of distilled spirits by 65% for all products. This markup is in the nature of a merchandising profit, similar to what a wholesaler derives when buying from the supplier and selling to the retailer. In a wholesale business, this type of markup is used to recover operating expenses, reinvest in the business, and produce a profit. The Liquor Control Commission uses the revenue generated from the markup in much the same way with the exception of an allowance of a 17% discount to retail liquor licensees (24% to military and hospital licensees) at the time of their purchase from the State (MCL 436.1233).

In the pricing example shown on page 3, the cost of the distilled spirits after the markup is referred to as the base price and is the basis for the calculation of the licensee's discount and specific taxes.

The net markup (the residual of the markup after the licensee's discount has been taken out) is credited to the Liquor Purchase Revolving Fund.

SPECIFIC TAXES

The Commission also collects specific taxes on distilled spirits at the time of sale to the retail liquor licensee. The retailer subsequently recovers the taxes when the product is sold to the consumer. These specific taxes, the distribution of the tax, and the Michigan Compiled Law (MCL) citation for each are:

- **4% of the base price** - credited to the School Aid Fund (MCL 436.2203)
- **4% of the base price** - credited to the General Fund (MCL 436.2201)
- **4% of the base price** - credited to the General Fund to a restricted account for the Convention Facilities Fund (MCL 436.2207)
- **1.85% of the base price** – credited to the Liquor Purchase Revolving Fund and transferred to the General Fund (MCL 436.2205). The tax is imposed only on sales to off-premises licensees.

BEER, WINE, AND MIXED SPIRIT DRINK TAXES

The Commission collects taxes on the volume of other alcoholic beverages which are sold by suppliers to Michigan wholesalers. The amount of the taxes and the distribution are as follows:

- **Beer Tax** - \$6.30 per barrel, prorated for smaller quantities. The tax is credited to the General Fund. (*MCL 436.1409*)
- **Wine Tax** - \$.135 per liter for wines which are 16% alcohol or less by volume, \$.20 per liter for wines which are over 16% alcohol by volume. The tax is credited to the General Fund. (*MCL 436.1301*)
- **Mixed Spirit Drink Tax** - \$.48 per liter, credited to the General Fund (*MCL 436.1301*)

SALES & USE TAXES

The Michigan Liquor Control Commission collects sales and use taxes under the following conditions:

- **6% sales tax** - imposed on distilled spirits sold to airlines. The sales tax is added to the price after the specific taxes are applied.
- **6% use tax** - is imposed on approved consumer imports for personal consumption in lieu of the sales tax. The use tax is added to the price after the specific taxes are applied.

The sales and use taxes collected by the Commission are credited to the General Fund.

Note: Retail liquor licensees collect the 6% sales tax based on their retail sales and pay this amount directly to the Michigan Treasury Department.

LICENSING FEES

The Commission collects license fees according to the schedule shown on pages 25-25.1. The license fees are distributed according to Sec. 436.1543 of the Michigan Compiled Laws as follows:

- **41.5% of the retail license fees** - deposited to a special fund for licensing and enforcement activities of the Commission
- **3.5% of the retail license fees** - deposited to a special fund in the State Treasury for promoting and sustaining prevention programs as well as for the rehabilitation and care of alcoholics
- **55% of the retail license fees** - paid to counties, cities, townships, and villages for the enforcement of state liquor laws
- **100% of the non-retail license fees** (such as those from manufacturers and wholesalers) - credited to the General Fund for appropriation to the Grape and Wine Industry Council in the Michigan Department of Agriculture

LICENSING INSPECTION FEES

The Michigan Liquor Control Commission collects inspection fees for new licenses, transfers of existing licenses, and certain other changes to the retail liquor license, including some stock ownership transactions (*MCL 436.1529*). The inspection fees are credited to the General Fund for appropriation to the Commission for licensing and enforcement activities.

FINES AND PENALTIES

The Commission assesses fines and penalties to liquor licensees for violations of the Liquor Control Code (*MCL 436.1903*). The revenue is credited to the General Fund.

Please Note: Effective April 14, 1998, the Liquor Control Act was recodified by the Legislature and shall now be known as the Michigan Liquor Control Code of 1998-Act No. 58, Public Acts of 1998.

*The BASE PRICE is used for calculating the Specific Taxes (shown in Step 6) and the Licensee discount (shown in Step 5). The MLCC gross profit through its merchandising operations is the difference between the Quoted Case Cost (shown in Step 1) and the Base Price (shown in Step 4) for 12 bottles less the amount of the Licensee Discount (Step 5) for 12 bottles.

**The 1.85% Specific Tax is credited to the Liquor Purchase Revolving Fund, transferred to the General Fund, and appropriated by the Legislature. It applies only to Off-Premise sales. Therefore, it is reflected in the Consumer Price as well as the Off-Premise Licensee Price.

FISCAL YEAR

COMPARATIVE SALES BY AUTHORIZED DISTRIBUTION AGENT (ADA) Fiscal Years Ended September 30

Authorized Distribution Agents (ADAs) deliver liquor weekly to the Commission licensees on behalf of the Commission. There are currently three (3) ADAs: General Wine & Liquor (GWL), National Wine and Spirits, (NWS), and Chinese Import and Export. The ADAs take orders from licensees and then deliver those products directly to licensees on behalf of the State.

LICENSING YEAR

RETURNABLE LICENSE FEES*

Based on the number of licenses issued, payments are made to local governmental jurisdictions for the express purpose of enforcing the Liquor Control Code and the Rules and Regulations of this Commission in accordance with Section 543 of the Liquor Control Code. The applicable portion of the Code reads as follows:

“Quarterly, upon recommendation of the commission, the state shall pay in the manner prescribed by law to the city, village or township in which a full time police department or full time ordinance enforcement department is maintained, or if a police department or full time ordinance enforcement department is not maintained, then to the counties, to be credited to the sheriff’s department of the county in which the licensed premises are located, 55% of the amount of the proceeds of the retailers licenses and license renewal fees collected therein, for the specific purpose of enforcing this code and the rules and regulations of the commission.”

Each license year, running from May 1 to April 30, four distributions of the 55% returnable portion of retail license fees are made, as follows:

<u>Month Distributed</u>	<u>Period of Collection by MLCC</u>
August	April 1 to June 30
October	July 1 to September 30
January	October 1 to December 31
April	January 1 to March 31

The August distribution covers the bulk of the annual license renewal, which takes place on or before April 30, while the other three distributions cover mostly new and renewal licenses issued during the rest of the year. Many jurisdictions have such a limited turnover of licenses that they may not receive anything other than one payment in August of each year.

Of the license fees collected, 41.5% of the proceeds are deposited in a special fund (Liquor License Fees) to be annually appropriated to the Commission for carrying out the licensing and enforcement provisions of the Code.

Also, 3.5% of the proceeds are credited to a special fund in the State Treasury for the purpose of promoting and sustaining programs for the prevention, rehabilitation, care and treatment of alcoholics.

*Distribution of the retailers’ returnable license fees collected is as detailed in P.A.417 of 1976 effective January 9, 1977.

RETURNABLE LICENSE FEES* (Continued)

All license fees which are not subject to be returned to a city, village, township or county for the specific purpose of enforcing the Code and the Rules of the Commission are deposited in the Special Fund. Any unencumbered or uncommitted monies in the special fund revert to the General Fund of the State twelve months after the end of each fiscal year in which the funds were collected. This section does not include retail license fees collected for railroad or pullman cars, for watercraft, aircraft or the transfer fees provided in Section 525.

In addition, any licensee who is eligible and elects to sell spirits on Sunday pays an additional 15% of the fee charged for the issuance of his license and the revenue obtained is used by the Department of Community Health in programs for the treatment of alcoholics.
