

Request for Proposal (RFP)
Michigan Department of Technology, Management and Budget (DTMB)
for
SECRETARY OF STATE (SOS) – Ypsilanti, MI
SR #2012-0203

Questions & Answers
April 16, 2012

Q. One question I have regarding the initial proposal is one section on the “Gross Space Available Proposal” sheet where it asks for “Total Development or Remodeling Cost” - - Since we will be providing a turn-key space and completing the full build out for SOS is this asking just for informative purposes what our costs will be or is this asking for what we are going to offer the SOS beyond the delivery condition?

A. This is for informational purposes to ensure that improvement costs are in-line with the market.

Q. Is the Secretary of State opening a new office in the area or what exactly is the planned use for the building?

A. The Secretary of State is looking to re-locate from their current location into a more efficient space.
