

K-12 SCHOOL CONSTRUCTION SOLICITATIONS

The State of Michigan has implemented a new electronic solicitation system, Bid4Michigan. Requests submitted to DTMB Purchasing Operations from local units of government, colleges, universities, and K-12 schools are now forwarded for posting on Bid4Michigan System. To insure the best possible results for our partners in public purchasing, we are using the system's shared resources platform to consolidate opportunity notification for Michigan suppliers and vendors.

By February 1, 2011, the consolidation of these functions will be complete and each participating organization will post notices directly to the Bid4Michigan site.

Establishing your own "room" in the Bid4Michigan system is simple:
