

### **Maple River Dam Removal Project (\$125,000)**

*Conservation Resource Alliance, Emmet County*

Funding to remove the Lake Kathleen Dam resulting in the improvement of one of the most severely degraded and fragmented sites in the Maple River Watershed. This project is part of a large-scale effort to completely free span the Maple River with appropriately sized stream crossings.

### **Black Creek Dam Removal Project (\$65,000)**

*Gladwin County Road Commission, Gladwin County*

Funds to remove an earthen dam located under a county road in Gladwin County. The dam was not constructed properly and is failing. Project to include removal of the dam, culvert, and spillway.

### **Shiatown Dam Removal Project (\$108,000)**

*Friends of the Shiawassee River, Shiawassee County*

Funds will be used for the removal of the non-functioning Shiatown Dam on the Shiawassee River. The project also includes restoration of the upstream river channel in the area of the former impoundment.

### **Trowbridge Dam Removal Project (\$52,000)**

*DNR-Wildlife Division, Allegan County*

Funds will be used for the design of a water control structure to replace Trowbridge Dam, which is a deteriorating dam on the Kalamazoo River. This dam is considered a high hazard dam by the Michigan Department of Environmental Quality.
