

**Regional State Forest Management Plans  
Public Stakeholder Meetings  
May 2013**

The Department of Natural Resources will host public stakeholder meetings to discuss and get important feedback on several aspects of the DNR's draft Regional State Forest Management Plans. Meetings will be held throughout the state on the dates listed below.

Some of the topics the meetings will cover include:

- Strategic direction;
- Aspen and timber management;
- Featured species and wildlife habitat;
- Forest areas tied to fisheries and rivers or other bodies of water; and
- Recreational trails.

**There are two separate meeting times scheduled for each date:**

- From 1-5 p.m., there will be a more formal format with facilitator-led discussions based on the topics most applicable to the area.
- From 6:30-9:30 p.m., guests will have an opportunity for one-on-one discussions with representatives from divisions throughout the DNR.

If you have any questions about which meeting you should attend, please contact Scott Jones, DNR forest management planning specialist, at 517-335-3330 or [jones38@michigan.gov](mailto:jones38@michigan.gov).
