

Guide to Spring Wildflower Hikes at Oden State Fish Hatchery

Keep nature WILD for future generations. Please do not pick.

Trout lily

Large, purple-green, spotted leaves, yellow blooms.

Canada anemone

White flower at tip of stem, grows in colonies.

Starflower

White flowers with five to nine petals in a star shape.

Michigan monkey flower

Prefers cold, flowing water. Tube-shaped flower with yellow petals. Endangered, grows only in Michigan.

Fringed polygala

Light to deep purple. Usually two flowers per plant. Pronounced POH-lig-a-lah.

Trillium

Large, white, three-petaled flowers and large leaves.

Columbine

Nodding reddish flowers with yellow centers.

Jack-in-the-pulpit

Flower hidden in a striped green and purple canopy.

Yellow lady slipper

Orchid with a yellow pouch-like flower, likes moist areas. This species occurs in two forms.

Marsh marigold

Found in standing water, the yellow flowers resemble buttercups.
