APPLICATION AND PERMIT TO REMOVE MUTE SWANS, CONTINUED

REQUIREMENTS

- Applicant is responsible to notify all lake front landowners or sites with multiple property owners of mute swan removal activities.
- Permits shall be valid for five years or until the management needs identified are no longer applicable. Permits may be revoked prior to expiration date if the guidelines in the Michigan DNR Mute Swan Management and Control Program Policy and Procedures are not followed or if management activities result in a threat to public health or safety.
- Applicant/Permit Holder must provide all manpower to remove mute swans, under procedures prescribed by the Michigan DNR, or the Applicant/Permit Holder may contract the services of a permitted nuisance animal control firm or agency. The Applicant/Permit Holder must bear all costs of the mute swan removal operations.
- Permit Holder must carry a legible copy of this permit and display it upon request whenever you are exercising its authority.
- Prior to undertaking mute swan removal, the Permit Holder must call 1 800-292-7800 and render any information requested by the Report All Poaching (RAP) office of the DNR, including but not limited to: location of control activity, date and approximate time of control activity, description and count of individuals involved in the control activity, and description of the equipment (boats, etc.) used in the control activity.
- Captured mute swans shall not be released back into the wild in Michigan.
- Swans must be euthanized by one of the following methods approved by the American Veterinary Medical Association: live capture and euthanized by a veterinarian at the WLD Wildlife Disease Lab, live capture and inhalation of carbon dioxide, live capture and injection of approved euthanasia drugs, live capture and cervical dislocation, capture with Alpha Chloralose, or single shot to the head with approved firearm as indicated in this permit.
- Mute swans euthanized or removed by approved methods must be incinerated, buried, or placed in a landfill according to federal, state, and local regulations.
- If lethal shooting of free swimming mute swans is allowed, the Permit Holder must follow all safety protocols. Firearms are restricted to those lawfully allowed during the regular waterfowl season. Shot is restricted to nontoxic varieties.
- A completion report must be submitted to the issuing DNR Wildlife Biologist for your site within 15 days of mute swan removal activity.

I have read, understand, and will comply with the terms and conditions of the permit. I assure the Michigan DNR that all lakefront landowners have been notified of the mute swan program and understand that mute swans removed from this site will be killed. If applicable, I have provided a copy of the petition/government resolution to the Michigan DNR, and at least seventy percent of the lakefront owners have signed the petition authorizing mute swan removal. I understand this permit does not authorize trespass.
