Introduction

The Michigan Department of Natural Resources (MDNR) maintains a directory of forest products industry companies as a resource for the public, the industry, and government agencies, called the Michigan Forest Industry Directory or MFID. The directory is available on the internet at www.michigan.gov/wood and periodically the Department updates the directory via surveys. The purpose of the directory is to provide information on the composition, status, and distribution of forest products industry companies, assist the public and the industry in contacting providers of goods and services related to the forest products industry, and to aide in promoting markets for forest products.

As the Directory is dynamic and constantly being updated, this report provides a record of the listings of forest products industry secondary manufacturers for posterity, based on the results of the 2015 Secondary Manufacturers Survey, which was completed in September 2021. As part of the survey, MDNR staff compiled a list of over 2,100 companies in 2016 that appeared to be engaged in manufacturing of wood or paper products during the 2015 calendar year. This initial survey population was canvassed by MDNR staff and contractors to identify active forest products manufacturers. Survey respondents were asked to provide business information for their manufacturing facilities, including contact information, facility location, markets served, number of employees in 2015, average annual sales, products produced, services provided, materials used, wood species used, and type of equipment. The resulting data was used to update records for each company in the MFID. Companies were also given the option to opt out of public listing in the directory.

The report that follows summarizes information for the active forest products secondary manufacturers that were identified in the 2015 survey, that were willing to be publicly listed in the MFID. This information is summarized in four sections:

- an alphabetical listing of companies and their contact information,
- a listing of companies by county with primary product,
- a listing of companies by products produced, and
- a listing of companies by services provided.

Companies that wish to be included in the Michigan Forest Industry Directory can create and submit their own listing record using the 'Add/Update Company' link on the home page of the directory, or you may contact the MDNR Forest Resources Division's Markets & Utilization staff specialists – David Neumann at neumannnd@michigan.gov, and Brenda Haskill at haskillb@michigan.gov for assistance.

The 2015 Secondary Manufacturer Survey and this production of this publication were supported in part by a 2016 Wood Innovations Grant from the U.S. Department of Agriculture, Forest Service. The authors also wish to acknowledge the invaluable assistance of David Barkley in development of the database, collection of data, data entry and analysis.

U.S. Forest Service Nondiscrimination Statement

In accordance with federal law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, this institution is prohibited from discriminating on the basis of race, color, national origin, sex, age, disability, and reprisal or retaliation for prior civil rights activity. (Not all prohibited bases apply to all programs.)

Persons with disabilities who require alternative means of communication for program information (e.g., Braille, large print, audiotape, American Sign Language, etc.) should contact the responsible state or local agency that administers the program or USDA's TARGET Center at (202) 720-2600 (voice and TTY) or contact USDA through the Federal Relay Service at (800) 877-8339. Additionally, program information is also available in languages other than English.

To file a complaint alleging discrimination, complete the USDA Program Discrimination Complaint Form, AD-3027, found online and at any USDA office, or write a letter addressed to the USDA and provide in the letter all of the information requested in the form. To request a copy of the complaint form, call 866-632-9992. Submit your completed form or letter to USDA by: (1) mail: U.S. Department of Agriculture, Office of the Assistant Secretary for Civil Rights, 1400 Independence Avenue, S, Washington, D.C. 20250-9410; (2) fax: 202-690-7442; or (3) email: program.intake@usda.gov.

This institution is an equal opportunity provider.
