The purpose of the aforementioned agreement is to reduce damage by cormorants to public resources as allowed by the Public Resources Depredation Order. The agreement includes the following work plan for accomplishing this purpose:

Planned USDA-APHIS Activities

2. Conduct or organize efforts of harassment reinforced with limited lethal shooting during migration and at Michigan DNR fish stocking sites
3. Conduct monitoring and research
4. Conduct outreach and education
5. Coordinate cormorant management activities with the Michigan DNR, U.S. Fish and Wildlife Service, tribes, and other agencies as appropriate

The agreement also includes the following financial plan for the use of General Fund support provided for these efforts:

As noted in the agreement, the distribution of the budget may vary from the financial plan as necessary to accomplish the purpose of the agreement. However, total expenditures may not exceed the budgeted distribution amount of \$150,000.
